En La Ocho Y La Doce:

En la Ocho Y la Doce Roberto G. Fernández, 2001 An excellent addition to intermediate or advanced level Spanish language or literature courses En la Ocho y la Doce is a collection of microfictions and longer stories that present diverse perspectives on the experience of Cuban emigration to the United States Unlike many intermediate level readers which anthologize standard works this volume presents outstanding authentic literature and themes that are highly relevant to heritage speakers in this country Cuentos hispanos de los Estados Unidos Julián Olivares, 1998-01-01 The first comprehensive collection of short stories written in Spanish by Hispanic authors of the U S including the full range of cultural expressions from Cuban American Mexican American Puerto Rican and other Hispanic authors

Cuban-American Literature and Art Isabel Alvarez Borland, Lynette M. F. Bosch, 2009-01-26 This groundbreaking collection offers an understanding of why Cuban American literature and visual art have emerged in the United States and how they are so essentially linked to both Cuban and American cultures The contributors explore crucial issues pertinent not only to Cuban American cultural production but also to other immigrant groups hybrid identities biculturation bilingualism immigration adaptation and exile The complex ways in which Cuban Americans have been able to keep a living memory of Cuba while developing and thriving in America are both intriguing and instructive These essays written from a variety of perspectives range from useful overviews of fictional and visual works of art to close readings of individual texts One Island, Many Voices Eduardo R. del Rio, 2022-04-12 Cuban American writers have been studied primarily within the context of Latino literature as a whole Seeing a need to distinguish and define this unique literary perspective Eduardo del Rio selected twelve important well known authors and conducted interviews He chose writers who were born in Cuba but have lived in the United States for a significant amount of time and whose works include themes he considers elemental to Cuban American literature identity duality memory and exile But rather than a cohesive homogeneous group these conversations unveiled a kaleidoscope of individuality style and motive The authors bonds to Cuba inform their creative work in vastly different ways and attempts to categorize their similarities only highlight the range of character and experience within this assemblage of talented writers From playwright Dolores Prida to author and literary critic Gustavo P rez Firmat these voices run the gamut of both genre and personality In addition to the essential facts of literary accomplishment the interviews include a wealth of insight into each writer s history motivations concerns and relationship to language These personal details serve to humanize and illuminate the unique circumstances and realities that have shaped both the authors and their work What del Rio has ultimately brought together is a series of intimate sketches that will not only serve as an important reference for any discussion of the literature but will also help readers to develop for themselves a sense of what Cuban American writing is and what it is not CONTENTS Preface Acknowledgments Introduction Nilo Cruz Roberto Fern ndez Cristina Garc a Carolina Hospital Eduardo Machado Dionisio Mart nez Pablo Medina Achy Obejas Ricardo Pau Llosa Gustavo

P rez Firmat Dolores Prida Virgil Su rez Epilogue Notes Bibliography Index The Latinx Urban Condition Crescencio Lopez-Gonzalez, 2020-01-17 The Latinx Urban Condition brings together interdisciplinary cultural theory and U S Latinx urban literature into conversation focusing on the realities and urban experiences of Latinx living in major cities in the United States from the 1960s to the present The manuscript focuses on analyzing the works of Latinx authors who write about the city in which they were raised and how growing up in these environments shaped their lives their communities and their future Their fictional work helps us understand how the human and cultural tapestry of the Latinx community is inextricably connected to the spatial transformations taking place in many cities across the country most notably within the cities the authors write about in their narratives This is particularly true when the city is represented through a fictional narrative which is full of detailed information about the realities of structural inequality in education residential segregation urban cultural identity discrimination experiences of exile oppression urban desires integration and disillusionment The main purpose is to analyze the symbolic realities lived by the characters in order to understand how Latino families and communities are experiencing displacement under instituted neoliberal policies a process known as development and progress or gentrification Identity, Memory, and Diaspora Jorge J. E. Gracia, Lynette M. F. Bosch, Isabel Alvarez Borland, 2009-01-08 This fascinating volume contains interviews with nineteen prominent Cuban American artists writers and philosophers who tell their stories and share what they consider important for understanding their work Struggling with issues of Cuban American identity in particular and social identity in general they explore such questions as how they see themselves how they have dealt with the diaspora and their memories what they have done to find a proper place in their adopted country and how their work has been influenced by the experience Their answers reveal different perspectives on art literature and philosophy and the different challenges encountered personally and professionally The interviews are gathered into three groups nine artists six writers and four philosophers An introductory essay for each group is included and the interviews are accompanied by brief biographical notes along with samples of the work of those interviewed Latino and Latina Writers Alan West, 2004 This title in the Scribner Writers Series provides in depth biographical and critical essays on more than 50 Latino Latina writers Seven thematic essays consider each writer s works in relation to music language feminism and other key topics Covering well known writers such as Sandra Cisneros and Luis J Rodriguez as well as lesser known but still significant authors such as Tino Villanueva and Achy Obegas this set gives researchers detailed coverage of the vibrant works of literature written by Cuban Dominican Chicano and Puerto Rican authors *A Companion to US Latino Literatures* Carlota Caulfield, Darién J. En la segunda parte, PRESEEA Guadalajara, hacemos referencia a algunas particularidades de la metodología PRESEEA con que se realizó el presente trabajo. Le siguen datos demográficos que ya habíamos presentado en Viven para contarla el habla de Guadalajara 2018 aunque actualizados con el censo realizado en el año 2020 por el Instituto Nacional de Estadística y Geografía. En la tercera, cuarta y quinta parte se desglosan los tres grupos de hablantes.
