America in Prophecy John Quiles,2019-01-30 Is our Lord s return imminent Many Christians believe it is emphasizing that He has promised to return and that as His disciples we must be ready Yet in spite of their assurance surprisingly few of God s people may actually be prepared for His appearing Of the many signs suggesting that our Lord s return is near two in particular are of great interest the rise of Babylon and the restoration of Israel These two major end time events as foretold in Scripture have great implications for us as Americans and more specifically as Christians America in Prophecy A Nation at a Crossroads examines these two major prophetic indicators and not only reveals their importance in determining how close to our Lord s return we actually are but also their connection to what it truly means to be a disciple of Jesus Christ It unveils the big picture regarding end time Bible prophecy as it relates to America and shows how we are indeed standing at a crossroads not only as a nation but as God s corporate body the Church and as its individual members in particular America in Prophecy seeks to answer the question of where and how we as Christians living in the United States of America at this particular juncture in history fit into God s end time scenario Most importantly it explains what we must do to ensure that we are ready for our Lord s return Of all the books currently on the market one may be hard pressed to find a more pertinent timely and compelling message for today s Christian Outside of the Bible this is quite possibly one of the most exciting books you will ever read on the subject of end time Bible prophecy and the necessity for believer s everywhere to make certain they are ready for our Lord s return World Empire and the Return of Jesus Christ , *Roman Rule* Melvin Pugh,2011-10

Factor James C. Lewis,2020-08-10 *World Beyond Reason The Orwellian Factor* By James C Lewis *World Beyond Reason The Orwellian Factor* is the product of several years of focused research and investigation prompted by national and world occurrences There is a movement in this country to change the United States from a merit based market economy typically referred to as capitalism to a Marxist nation by a group called Progressives These Progressives claim they believe collectivist thought under a Democratic Socialism ideology would best serve the nation and world James C Lewis s research has revealed that these Marxists fail to grasp they are being manipulated by a force whose ultimate goal is not socialism at all but a totalitarian ideology under the misleading title of New World Order But this goal is not merely for the United States but will

cover the entire world Lewis s research reveals that many events that are occurring today such as the COVID 19 virus the coming activation of the 5G network Islamic terrorism the Deep State or shadow government failing countries millions of displaced refugees even the Progressive movement are all calculated to destabilize the Western world enough that the remedial outcome will allow those NWO forces to take over and usher in a one government world My goal is to expose all of this so the American people get a full understanding that this is all very serious and dangerous to our very existence as a country and as a free people Lewis as a retired paralegal spent his career in a field requiring careful legal and factual research an understanding about human nature criminal and constitutional law He brings those skills to the research of this book
