Carmen Martín Gaité Ester Bautista Botello, 2019-01-09 This book reconstructs the poetics of Carmen Martín Gaité by viewing the concept of journey as a fundamental principle upon which she bases and elaborates her narrative writing of the 1990s Five novels published in this period receive critical attention all of which coincide with the last trips taken by the writer to New York Caperucita en Manhattan 1990 Nubosidad variable 1992 La reina de las nieves 1994 Lo raro es vivir 1996 and Irse de casa 1998 To the extent that the journey is the essence of the narrative under consideration the concept is analysed as an aesthetic practice and an attempt to identify a series of actions which allow us to link the writer's novels with two areas that have previously received only scant critical scrutiny geography and the visual dimension This book presents a comparative and interdisciplinary analysis of space in Martín Gaité's narrative as well as in her collages drawings and paintings

Colonial Legacies and Contemporary Identities in Chile Céire

Broderick, 2021-05-15 This book explores traditional and contemporary concerns surrounding gender and ethnicity in Chile through a textual analysis of historical novels depicting seventeenth century figure Catalina de los Ros y Lisperguer Drawing on theories from the Global North and South it incorporates postcolonial perspectives and decolonial feminist methodologies to expose patriarchal Eurocentric hierarchies constructed during the colonial era which remain in Chilean society today Through close readings the book demonstrates that it is in the inconsistent and fluid depictions of characters that identities are deconstructed and reconstructed in ways that defy and transform social norms This is the first extended English language study of this infamous historical figure who is more widely known as la Quintrala It is also the first to compare the literary portrayals by Mercedes Valdivieso and Gustavo Frías Looking beyond the infamy which usually shapes interpretations of la Quintrala the author presents these novels as an embodiment of the anxieties surrounding hybridity in

Chile where European heritage has traditionally overshadowed indigenous concerns and patriarchal norms dominate the construction of gender. Written during a period of social and political upheaval in Chile, it makes a timely contribution to existing works in social and political science, popular culture, and the ongoing discussions of this iconic figure. [The Devil Takes You Home](#) Gabino Iglesias, 2022-08-02. This genre-defying Shirley Jackson and Bram Stoker Award-winning thriller follows a father desperate to salvage what's left of his family, even if it means a descent into violence. Buried in debt due to his young daughter's illness, his marriage at the brink, Mario reluctantly takes a job as a hitman, surprising himself with his proclivity for violence. After tragedy destroys the life he knew, Mario agrees to one final job: hijack a cartel's cash shipment before it reaches Mexico. Along with an old friend and a cartel insider named Juanca, Mario sets off on the near-suicidal mission which will leave him with either a cool 200,000 or a bullet in the skull. But the path to reward or ruin is never as straight as it seems. As the three complicated men travel through the endless landscape of Texas, across the border and back, their hidden motivations are laid bare alongside nightmarish encounters that defy explanation. One thing is certain: even if Mario makes it out alive, he won't return the same. *The Devil Takes You Home* is a panoramic odyssey for fans of S.A. Cosby's southern noir *Blacktop Wasteland*, by way of the boundary-defying storytelling of Stephen Graham Jones and Silvia Moreno Garcia. **NAMED A BEST BOOK OF THE YEAR BY NPR, Harper's Bazaar, Chicago Tribune, Vulture, Oprah Daily, CrimeReads, The Millions, and many more. Trauma, Memory and Identity in Five Jewish Novels from the Southern Cone Debora Cordeiro Rosa, 2012-04-19. The Jewish presence in Latin America is a recent chapter in Jewish history that has produced a remarkable body of literature that gives voice to the fascinating experience of Jews in Latin American lands. This book explores the complexity of Jewish identity in Latin America through the fictional Jewish characters of five novels written by Jewish authors from the Southern Cone: Argentina, Brazil, Chile, Paraguay, and Uruguay. It examines how trauma and memory have profound effects on shaping the identity of these Jewish characters who have to forge a new identity as they begin to interact with the Latin American societies of their newly adopted homes. The first three novels present stories narrated by the first generation of immigrants who arrived in Latin American lands, escaping pogroms in Russia and the increasing persecution and anti-Semitism in Europe in the decades prior to World War II. The fourth novel analyses the identity conflicts experienced by a second-generation Latin American-born Jew who questions his Jewish questions of assimilation and integration in his society. The last novel closes this study with the existential crisis experienced by a perfectly assimilated, non-religious Jew who enquires about his Jewishness and compares himself to other Jews around him.

Vision, Technology, and Subjectivity in Mexican Cyberpunk Literature Stephen C. Tobin,2023-07-06 Vision Technology and Subjectivity in Mexican Cyberpunk Literature interrogates an array of cyberpunk and post cyberpunk science fiction novels and short stories from Mexico whose themes engage directly with visual technologies and the subjectivities they help produce all published during and influenced by the country s neoliberal era This book argues that television computers and smartphones and the literary narratives that treat them all correspond to separate yet overlapping scopic regimes within the country today Amidst the shifts occurring in the country s field of vision during this period the authors of these cyberpunk and post cyberpunk narratives imagine how these devices contribute to producing specular subjects or subjects who are constituted in large measure by their use and interaction with visual technologies In doing so they repeatedly recur to the posthuman figure of the cyborg in order to articulate these changes Stephen C Tobin therefore contends that the literary cyborg becomes a discursive site for working through the problematics of sight in Mexico during the globalized era In all these specular fictions represent an exceptional tendency within literary expression especially within the cyberpunk genre that grapples with themes and issues regarding the nature of vision being increasingly mediated by technology
