Japanese Foreign Intelligence and Grand Strategy Brad Williams, 2021-03-01 Japanese Foreign Intelligence and Grand Strategy probes the unique makeup of Japanese foreign intelligence institutions practices and capabilities across the economic political and military domains Williams shows how Japanese intelligence has changed over time from the Cold War to the reassessment of national security strategy in the Abe Era

Ultimate Spy H Keith Melton, 2009-09-21 Ultimate Spy Enhanced provides a unique opportunity to enter the secret world of espionage revealing the stories of famous spies recounting tales of famous spy operations and showing an amazing range of spy paraphernalia Throughout history espionage has been used as a means of trying to gain advantage over the enemy Ultimate Spy Enhanced outlines the early history of espionage It then goes to examine key spying operations during the American Civil War through both World Wars and the Cold War up to the present day This expanded edition includes a new section that looks in detail at post Cold War spying activities bringing the reader up to date with the rapidly evolving high technology world of spying Over the years the author of Ultimate Spy Enhanced has amassed an incredible collection of spy devices including concealed cameras lock picks suitcase radio and assassination devices many hundreds of which were shown for the first time in the original edition For this new edition a large number of new items are included many never seen by the public before They include laser listening devices miniature satellite transmitters new microdot cameras and various spy cameras hidden in everyday objects such as pens and key chains Ultimate Spy Enhanced also includes information on how spies are chosen and recruited the training they receive and the tricks of the trade A glossary explains abbreviations of important intelligence and security organizations and defines many common terms used in espionage

Surveillance or Security? Susan

Landau, 2011-01-28 How in the name of greater security our current electronic surveillance policies are creating major security risks Digital communications are the lifeblood of modern society We meet up online tweet our reactions millions of times a day connect through social networking rather than in person Large portions of business and commerce have moved to the Web and much of our critical infrastructure including the electric power grid is controlled online This reliance on

information systems leaves us highly exposed and vulnerable to cyberattack Despite this U S law enforcement and national security policy remain firmly focused on wiretapping and surveillance But as cybersecurity expert Susan Landau argues in Surveillance or Security the old surveillance paradigms do not easily fit the new technologies By embedding eavesdropping mechanisms into communication technology itself we are building tools that could be turned against us and opting for short term security and creating dangerous long term risks How can we get communications security right Landau offers a set of principles to govern wiretapping policy that will allow us to protect our national security as well as our freedom

Knowing Your Friends Martin S. Alexander, 2013-01-11 Little attention has been paid to the murky ultra business of gathering intelligence among and forming estimates about friendly powers and friendly or allied military forces How rarely have scholars troubled to discover when states entered into coalitions or alliances mainly and explicitly because their intelligence evaluation of the potential partner concluded that making the alliance was from the originator's national security interest the best game in town The twentieth century has been chosen to enhance the coherence of and connections between the subject matter of this under explored part of intelligence studies

Fighting for the King and the Gods Charlie Trimm, 2017-10-30 The most up to date sourcebook on warfare in the ancient Near East Fighting for the King and the Gods provides an introduction to the topic of war and the variety of texts concerning many aspects of warfare in the ancient Near East These texts illustrate various viewpoints of war and show how warfare was an integral part of life Trimm examines not only the victors and the famous battles but also the hardship that war brought to many While several of these texts treated here are well known i e Ramses II's battle against the Hittites at Qadesh others are known only to specialists This work will allow a broader audience to access and appreciate these important texts as they relate to the history and ideology of warfare Features References to recent secondary literature for further study Early Greek and Chinese illustrative texts for comparisons with other cultures Indices to help guide the reader

A Paradise of Sparrows Louisa Chan, 2024-08-20 What an ingenious integration of poetry and paintings Louisa has provided a unique reader experience of poems packed with strong emotions and paintings that act like camera lenses capturing what usually eludes our attention Her poems provoke deep thoughts and feelings about the extremities in human nature compassion for oneself and others appreciation of time and nature and understanding of life and death issues Here in her own words are her intentions for this publication To me poems are paintings put into words My poems are laden with imageries and metaphors for the original and creative imaginations of my readers My paintings portray some of the many possible imageries that my poems might engender but as the audience my readers are welcome to interpret my poems in their own unique ways and generate their own mental paintings creatively Each reader has a right to their own deconstruction of each of my poems because each person has a different background and set of values Instead of dictating a fixed scheme of meanings I am very happy to see that each reader takes something different from my poems in a self healing and gratifying way

The Talon...The Adventure

Begins Michelle Levigne,2024-10-13 It s a time of turmoil in the Central Allied Worlds when the governor of Rensler his wife and eldest son are forced to attend a conference of colonial governors They leave the youngest son Edrian and the colony in the care of his grandfather the former governor The two begin a secret project by befriending the sentient nocturnal Nightskimmers As Edrian grows up and unrest intensifies he learns real heroes sometimes operate in secret His position as youngest brother of the next governor requires him to present a false face to the world against the day when he must strike out on behalf of the colonists if they re to keep their freedom When the expected revolution does erupt Edrian s father and grandfather are taken away accused of treachery His older brother flees to the wilderness to lead the rebels and Edrian and his mother become hostages Edrian hides behind his false reputation of being sickly and studious allowing him to move freely at night freeing prisoners and striking in defense of the colony Only a boy on the verge of manhood yet the Talon s reputation has already taken root

Crockett Buddy Levy,2025-03-11 A great myth busting story written in a taut narrative style that is guaranteed to keep the reader up all hours turning the pages Martin Dugard coauthor of the 1 New York Times bestseller *Killing Lincoln* with Bill O Reilly Crack open the most in depth exciting portrait of Davy Crockett ever written from acclaimed bestselling adventure history author Buddy Levy Inside is more than just the tale of the coonskin cap wearing frontiersman who heroically sacrificed himself at the Battle of the Alamo but of the real man behind the King of the Wild Frontier myth From a humble childhood and meager education the legendary adventurer David Crockett led a distinguished life winning three elections as a congressman and earning a presidential nomination Buddy Levy reveals the fascinating truth of Crockett beyond the newspaper spins and folkloric celebrity status as a figure that both embraced and clashed with the identity of the American Old West He was charismatic down to earth pioneering independent to a fault and his adventures have been warped beyond recognition by Hollywood hype But in this beautifully written narrative Davy Crockett emerges as never before a rugged individual a true American original and an enduring symbol of the Western frontier

Arcanilius Antonia Rapheal,2017-10-30 Congressional Record United States. Congress,1996 **Enemies** Bill

Gertz,2006-09-19 It s the great untold story of the war on terror Taking advantage of gaping holes in America s defenses terrorist organizations and enemy nations like Communist China North Korea Russia and Cuba not to mention some so called friends are infiltrating the U S government to steal our most vital secrets and use them against us And most astonishing of all our leaders are letting it happen In the explosive new book *Enemies* acclaimed investigative reporter Bill Gertz uncovers the

truth about this grave threat to our national security and America's harrowing failures to address the danger Gertz's unrivaled access to the U.S. intelligence and defense communities allows him to tell the whole shocking story based on previously unpublished classified documents and dozens of exclusive interviews with senior government and intelligence officials. He takes us deep inside the dark world of intelligence and counterintelligence, a world filled with lies and betrayal, spies sleeping with enemy spies and moles burrowing within the FBI, the CIA, the Pentagon, and even the White House. *Enemies* stunningly reveals the untold story of one of the most damaging enemy spy penetrations in U.S. history and how the FBI bungled the investigation. How Communist China's intelligence and influence operations may have reached the highest levels of the U.S. government. Why Russia has as many spies in America today as it did at the height of the Cold War. How al Qaeda and other terrorist groups use official identification uniforms and vehicles to infiltrate secure areas and carry out attacks. How some thirty-five terrorist groups are targeting the United States through espionage. A startling account of the many enemy spies the U.S. has let get away. How a Cuban mole operated high up in the Pentagon for sixteen years. The gross ineptness that led U.S. officials to hound an innocent man while the real mole operated right under their noses. Why aggressive counterintelligence represents the only real defense against terrorists and enemy spies and why the U.S. intelligence bureaucracy resists it. Delivering the kind of shocking new information that led *Washington Monthly* magazine to declare him legendary among national security reporters, Bill Gertz opens our eyes as never before to deadly threats and counterintelligence failures that place every American at risk. America's enemies, including terrorist organizations, are stealing our most vital secrets to use against us, and the U.S. government makes it shockingly easy for them to do so. Filled with headline-making revelations from acclaimed reporter Bill Gertz, *Enemies* reveals the frightening untold story of the War on Terror. Also available as an eBook.

Wedge Mark Riebling, 2010-06-15 Prophetic when first published and even more relevant now, *Wedge* is the classic definitive story of the secret war America has waged against itself. Based on scores of interviews with former spies and thousands of declassified documents, *Wedge* reveals and recreates battle by battle, bungle by bungle, the epic clash that has made America uniquely vulnerable to its enemies. For more than six decades, the opposed and overlapping missions of the FBI and CIA and the rival personalities of cops and spies have caused fistfights and turf tangles, breakdowns and cover-ups, public scandals and tragic deaths. A grand panorama of dramatic episodes peopled by picaresque secret agents from Ian Fleming to Oliver North, *Wedge* is both a journey and a warning. From Pearl Harbor, McCarthyism, and the plots to kill Castro through the JFK assassination, Watergate, and Iran Contra down to the Aldrich Ames affair, Robert Hanssen's treachery, and the hunt for Al Qaeda, *Wedge* shows the price America has paid for its failure to resolve the conflict between law enforcement and intelligence. Gripping and authoritative and updated with an important new epilogue carrying the action through to September 11, 2001, *Wedge* is the only book about the schism that has informed nearly every major blunder in American espionage.

Spying Through a Glass Darkly Cécile Fabre, 2022 Cécile Fabre draws back the curtain on the ethics of espionage and counterintelligence Espionage and counterintelligence activities both real and imagined weave a complex and alluring story Yet there is hardly any serious philosophical work on the subject Cécile Fabre presents a systematic account of the ethics of espionage and counterintelligence She argues that such operations in the context of war and foreign policy are morally justified as a means but only as a means to protect oneself and third parties from ongoing violations of fundamental rights In doing so she addresses a range of ethical questions are intelligence officers morally permitted to bribe deceive blackmail and manipulate as a way to uncover state secrets Is cyberespionage morally permissible Are governments morally permitted to resort to the mass surveillance of their and foreign populations as a means to unearth possible threats against national security Can treason ever be morally permissible Can it ever be legitimate to resort to economic espionage in the name of national security The book offers answers to those questions through a blend of philosophical arguments and historical examples
