Using Poetry Across the Curriculum Barbara Chatton,2010-01-13 This comprehensive listing and discussion of poetic works supports the standards of all areas of the curriculum helping librarians and teachers working with kindergarten through middle school students This second edition of Using Poetry Across the Curriculum Learning to Love Language offers a comprehensive list of poetry anthologies poetic picture books and poetic prose works in a wide variety of subject areas

While it maintains the original edition's focus on ideas and resource lists for integration of poetry into all areas of the curriculum it is thoroughly revised to cover current issues in education and the wealth of new poetry books available. The book is organized by subject areas commonly taught in elementary and middle schools and within these by the national standards in each area. Numerous examples of poetry and poetic prose that can be used to help students understand and appreciate aspects of the standard are listed. A sampling of units that arise from groups of works writing and performance ideas and links across the curriculum is also included. While many teaching ideas and topics provide references to the standards they meet, this title is unique in starting with those standards and making links across them.

Grogg Is a Frog Without Polliwogs Brian McNaught Dave Woodford, 2018-05-06 This delightfully illustrated children's book tells the story of Grogg who lives in the Land of Logs but is bullied because he doesn't want to make a polliwog. The other frogs insist that all true frogs make polliwogs. Forced to jog alone on a log one day Grogg comes face to face with the feared dog Yuppy the Puppy who teaches him that having offspring has nothing to do with him being a frog. A person's true worth is found deep within. Now smile friend frog and pick up that chin. Grogg becomes a hero in the city of frogs and Yuppy who has no puppies of his own becomes his best friend.

Hop Into Action David Alexander, 2010 The standards-based lessons in this slim volume serve as an introduction to environmental science for young learners. Hop Into Action helps teach children about the joy of amphibians through investigations that involve scientific inquiry and knowledge building. Twenty hands-on learning lessons can be used individually or as a yearlong curriculum. Each lesson is accompanied by detailed objectives, materials lists, background information, step-by-step procedures, evaluation questions, assessment methods, and additional web resources. The activities can be integrated into other disciplines such as language arts, physical education, art, and math and are adaptable to informal learning environments.

Five Fingers Māra Zālīte, 2020-05-01 Five-year-old Laura was born in one of Joseph Stalin's prison camps in Siberia. When the book opens, she and her parents are on their long journey back to Latvia, a country Laura knows only from the exuberant descriptions that whirled about the Gulag. Upon her arrival, however, she must come to terms with the conflicting images of the life she sees around her and the fairytale Latvia she grew up hearing about and imagining. Based on the author's life and written in lush language that defies the narrative's many hardships, *Five Fingers* tells the story of a girl who moves between worlds in the hopes of finding a Latvia that she can call home.
