From Martyrdom To Power:

From Martyrdom to Power Yemile Mizrahi, 2003 A comprehensive examination of the origins development and rising electoral prominence of Mexico's Partido Accion Nacional PAN The authors discussion of how and why political parties adjust to changes in the political landscape is particularly relevant to scholars of Latin America *Constructing Religious Martyrdom* John Soboslai, 2024-06-27 This study offers a new understanding of martyrdom across four religious traditions analyzed through the lens of political theology *From Martyr to Mystic* Ra'anan S. Boustan, 2005 This study provides a critical analysis of Nurcholish Madjid's attempt to interpret Islam within the framework of modern Indonesia Special attention is paid to his ideas and activities during the years leading to the 1998 downfall of President Soeharto and the development towards democracy that followed Although many of these ideas have been embraced by significant sectors of official Indonesia they have also received harsh criticism from the representatives of more conservative interpretations of Islam and more recently from secular Muslims as well **BOOK JACKET** **Violence, Scripture, and Textual Practices in Early Judaism and Christianity** Raanan Shaul Boustan, Alex P. Janssen, Calvin J. Roetzel, 2010 This volume analyzes the emergence of Jewish and Christian discourses of religious violence within their Roman imperial context with an emphasis on the shared textual practices through which authoritative scriptural traditions were redeployed to represent legitimate and indeed sacralize violence *The Marvel of Martyrdom* Sophia Moskalenko, Clark McCauley, 2018-12-24 The Marvel of Martyrdom is about how self sacrifice can change lives and how martyrs can change the world The book starts large with famous and influential martyrs such as Jesus and Gandhi and ends small with ordinary people whose own experiences of self sacrifice give martyrdom its political power Seeking the developmental origins of self sacrifice the book explores children's folklore and the success of mega hits such as The Matrix and Harry Potter Seeking the everyday rewards of self sacrifice the book shows the potential for finding meaning and happiness in helping others The Marvel of Martyrdom takes a broad perspective on self sacrifice and martyrdom bringing together religion popular culture history psychology and mythology Stories of individuals both famous Gandhi and obscure Rodrigo Rosenberg intertwine with research on altruism happiness and radicalization to terrorism The changing landscape of the book's setting from The Roman Empire to 19th century Russia to Nazi Germany to post War II India to present day Ukraine makes the power of self sacrifice and martyrdom come alive and shows their potential to change people and cultures **Discourses of Martyrdom in English Literature, 1563-1694** John R. Knott, 1993-08-26 Representations of persecution and martyrdom in sixteenth and seventeenth century England helped shape a lasting ideal of Protestant heroism by recreating a drama of suffering learned from the Bible This book examines the subversive potential of John Foxe's Acts and Monuments the Book of Martyrs alongside the work of Milton Bunyan George Fox and others The Spirituality of Martyrdom Servais Pinckaers, 2016-05-06 Since the publication in English of his masterwork The Sources of Christian Ethics Servais Pinckaers has become the preferred guide for English

speaking students of Catholic moral theology This late Belgian Dominican has made themes such as Beatitude happiness virtue and freedom for excellence standard features of classroom instruction in ethics moral theology and catechesis Father Pinckaers's new directions in moral theology came none too soon to Anglo American moral thought which otherwise would have become submerged completely under the waves of one kind of relativism or another Instead of enabling cheap escapes from moral truth Father Pinckaers directs his students to the Sermon on the Mount There they discover that those who suffer persecution for justice's sake are called blessed or happy This suffering may even lead to death The present volume completes Sources It gives us a theological account of Christian martyrdom Authentic martyrs testify to the highest meaning that God inscribes into the moral life In a word nothing should deter the Christian from choosing God No one completes a Christian life without becoming at least a martyr for charity from back cover *Martyrdom and Identity* Michael P. Jensen, 2010-05-13 This book addresses the need for an account of Christian discipleship which addresses matters of selfhood and identity in the contemporary context It will help its readers perform Christian scripture more ably in the light of the witness of Christian martyrs **The Martyrdom of the Franciscans** Christopher MacEvitt, 2020-03-06 A study of three hundred years of medieval Franciscan history that focuses on martyrdom While hagiographies tell of Christian martyrs who have died in an astonishing number of ways and places slain by members of many different groups martyrdom in a Franciscan context generally meant death at Muslim hands indeed in Franciscan discourse death by Saracen came to rival or even surpass other definitions of what made a martyr The centrality of Islam to Franciscan conceptions of martyrdom becomes even more apparent and problematic when we realize that many of the martyr narratives were largely invented Franciscan authors were free to choose the antagonist they wanted Christopher MacEvitt observes and they almost always chose Muslims However martyrdom in Franciscan accounts rarely leads to conversion of the infidel nor is it accompanied as is so often the case in earlier hagiographical accounts by any miraculous manifestation If the importance of preaching to infidels was written into the official Franciscan Rule of Order the Order did not demonstrate much interest in conversion and the primary efforts of friars in Muslim lands were devoted to preaching not to the native populations but to the Latin Christians mercenaries merchants and captives living there Franciscan attitudes toward conversion and martyrdom changed dramatically in the beginning of the fourteenth century however when accounts of the martyrdom of four Franciscans said to have died while preaching in India were written The speed with which the accounts of their martyrdom spread had less to do with the world beyond Christendom than with ecclesiastical affairs within MacEvitt contends The Martyrdom of the Franciscans shows how for Franciscans martyrdom accounts could at once offer veiled critique of papal policies toward the Order a substitute for the rigorous pursuit of poverty and a symbolic way to overcome Islam by denying Muslims the solace of conversion **Martyrdom and Literature in Early Modern England** Susannah Brietz Monta, 2005-03-10 A comprehensive comparison of the representations of early modern Protestant and Catholic martyrs *The Allegory of*

Female Authority Maureen Quilligan, 2018-08-06 The first professional female writer Christine de Pizan 1363 1431 was widowed at age twenty five and supported herself and her family by enlisting powerful patrons for her poetry Her *Livre de la Cit des Dames* 1405 is the earliest European work on women s history by a woman An allegorical poem that revises masculine traditions it asserts and defends the authority of women in general and of its author in particular In this generously illustrated book Maureen Quilligan provides a persuasive and penetrating interpretation of the Cit *The Ultimate Sacrifice* Clayton Fordahl, 2020-03-05 This book presents an interpretive macro historical and sociological account of martyrdom Moving away from the notion of martyrdom as an object of individual behavior and seeing it instead as a significant cultural work performed by communities in the wake of a violent death it provides a novel interpretation of Western political and religious history In addition to thus redressing the disproportionate attention given to the concept s relationship to Islam the author offers a new perspective on two defining historical processes secularization and the rise of modern sovereignty in the form of the nation state An innovative analysis of the role of sacrifice in contemporary culture which constitutes a timely critique of long dominant theories of disenchantment and the privatization of religion *The Ultimate Sacrifice* will appeal to sociologists and social theorists with interests in religion politics and the connection between the two

Living Martyrs in Late Antiquity and Beyond Diane Fruchtmann, 2023-02-01 This book demonstrates that living martyrdom was an important spiritual aspiration in the late antique Latin west and argues that consequently attempts to define study or locate martyrdom must move away from conceptualizations that require or center on death After an introduction that traces the persistence of living martyrs as real objects of spiritual devotion and emulation across the span of Christian history and discusses why such martyrs have been overlooked the book focuses on three significant authors from the late ancient Latin west for whom martyrdom did not require death the Spanish poet Prudentius c 348 413 the senator turned ascetic Paulinus of Nola 353 431 and the influential North African bishop Augustine of Hippo 354 430 Through historically and literarily contextualized close readings of their work this book shows that each of these three authors attempted to create a new paradigm of martyrdom focused on living rather than dying for God By focusing on these living martyrs we are able to see more clearly the aspirations and agendas of those who promoted them as martyrs and how their martyrological discourse illuminates the variety of ways that martyrdom is and can be mobilized in any era to construct new community creating worldviews *Living Martyrs in Late Antiquity and Beyond* is an important resource for historians of Christianity scholars of religious studies and anyone interested in exploring or understanding martyrological discourse The Introduction of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

his life Michel Foucault turned his attention to the early church Fathers He did so not for anything like a return to God but rather because he found in those sources alternatives for re imaging the self And though Foucault never seriously entertained Christianity beyond theorizing its aesthetic style one might argue that Christian practices like confession or Eucharist share family resemblances to Foucaultian sensibilities This book will explain how to do theology in light of Foucault or more precisely to read Foucault as if God mattered Therefore it will seek to articulate practices like confession prayer and so on as techniques for the self situate the church as politics within present constellations of power disclose theological knowledges as modes of critical intervention or what Foucault called archaeology and conceptualize Christian existence in time through mnemonic practices of genealogy *Poetry and the Cult of the Martyrs* Michael Roberts,1993 A beautifully detailed literary study of Prudentius s eulogies of the Christian martyrs **Whose Acts of Peter?** Matthew C. theology economics sociology politics ecology and church history Nurturing the Prophetic Imagination also discusses the extent to which the Christian prophetic tradition continues to speak meaningfully within the contemporary world and thereby seeks to be a source for inspiring future generations of Christian prophets to do likewise **Perfect Martyr** Shelly Matthews, 2010-10-04 This book analyzes the story of Stephen the first Christian martyr both in terms of rhetorical fittingness and Christian tradition concerning the significance of his dying forgiveness prayer It questions the historicity of the account of his death underscores Acts rhetorical violence and reads Acts against narratives of the martyrdom of James as a means to a richer history of early Jewish Christian relations
