From Beyond:

From Beyond H.P. Lovecraft, 2025-02-07 A scientist named Crawford Tillinghast invents a machine that stimulates unknown senses in humans allowing people to perceive hidden dimensions and monstrous entities that coexist with our reality However these creatures are terrifying and deadly The narrator a former friend of Tillinghast witnesses the horrifying consequences of the experiment leading to a nightmarish confrontation with the unknown *From Beyond* Felipe Corvo, 2021-12-07 Are you familiar with the feeling of when we are very stressed and out of the blue life comes and gifts us with something good Well living this good experience is a great relief isn't it Well Except for Mr Igor whom after so much rush to resolve the issue of his great grandmother's land ends up meeting a very nice old couple but in the end they leave the lawyer smelling a rat **It Came from Beyond Zen!** Brad Warner, 2017-09-01 Vol 2 of Brad Warner's Radical but Reverent Paraphrasing of Dogen's Treasury of the True Dharma Eye In Japan in 1253 one of the great thinkers of his time died and the world barely noticed That man was the Zen monk Eihei Dogen For centuries his main work Shobogenzo languished in obscurity locked away in remote monasteries until scholars rediscovered it in the twentieth century What took so long In Brad Warner's view Dogen was too ahead of his time to find an appreciative audience To bring Dogen's work to a bigger readership Warner began paraphrasing Shobogenzo recasting it in simple everyday language The first part of this project resulted in Don't Be a Jerk and now Warner presents this second volume It Came from Beyond Zen Once again Warner uses wry humor and incisive commentary to bridge the gap between past and present making Dogen's words clearer and more relevant than ever before **A Belief System from Beyond the Box** Edgar K. Dejean, 2009-04 As I go back to the first blog that I released into cyberspace I discover that the date was May 27 2005 and the title was It's Beyond Me As I scan forward through all the postings I find that two major themes have developed synergistically 1 That segment of the formal religious establishment described loosely by the term church is under stress The extreme nature of this stress is demonstrated by the current often quoted fearsome phrase The Church must change or it will die 2 The most frequently offered response to this dilemma is the admonition We must think beyond the box Pragmatism indicates that The Church must change or it will die phrase is hopelessly destructive Might this prediction be more approachable if rephrased as The Church must morph then survive Survival indicates that it is essential that we determine what it is in the box that we must think beyond What should be changed so that our belief systems can morph thus equipping the church to morph to survival It is my conclusion that my past conceptualizations of God my core beliefs have been formed by inhibiting Climates of Cultures deposited in the box over the ages in an attempt to make God comprehensible It is my emerging discovery that when we think beyond the box we recognize the Atmosphere of Possibilities the Incomprehensible God of the Universe Though our core beliefs may differ we all should be encouraged to hold beliefs that give us the joy of being response able to Incomprehensible God the Atmosphere of Possibilities and responsible to with comprehensible humanity including ourselves Whispers From Beyond: Unveiling the
