**From Clergy to Convert**, 1983      *Conversion in the Age of Pluralism* Giuseppe Giordan, 2009 The theme of conversion constitutes a privileged point to study the framework linking an individual to the sociocultural contexts in which he or she is included Changes in personal biographies and sociocultural change are interwoven when we speak of conversion values speech norms behaviors beliefs lifestyles interests everything is open to potential debate when an individual converts Conversion is especially developed here through a connection with the dynamics of pluralism which appears to be the most peculiar cultural characteristic of our era what does it mean to speak of conversion in a time in which it seems that the presumption of only one true truth no longer exists while instead many different truths live together each with its own judgment criteria      Collection of Pamphlets by Clergy of the Church of England about the Roman Catholic Church, 1812

**The Edinburgh Converted Priest and the Rev. J.H. Wilson of Barclay Church** John Lucas Miller, 1875      **German Pietism and the Problem of Conversion** Jonathan Strom, 2017-12-15 August Hermann Francke described his conversion to Pietism in gripping terms that included intense spiritual struggle weeping falling to his knees and a decisive moment in which his doubt suddenly disappeared and he was overwhelmed as with a stream of joy His account came to exemplify Pietist conversion in the historical imagination around Pietism and religious awakening Jonathan Strom's new interpretation challenges the paradigmatic nature of Francke's narrative and seeks to uncover the more varied complex and problematic character that conversion experiences posed for Pietists in the seventeenth and eighteenth centuries Grounded in archival research *German Pietism and the Problem of Conversion* traces the way that accounts of conversion developed and were disseminated among Pietists Strom examines members relationship to the pious stories of the last hours the growth of conversion narratives in popular Pietist periodicals controversies over the Busskampf model of conversion the Dargun revival movement and the popular if gruesome genre of execution conversion narratives Interrogating a wide variety of sources and examining nuance in the language used to define conversion throughout history Strom explains how these experiences were received and why many Pietists had an uneasy relationship to conversions and the practice of narrating them A learned insightful work by one of the world's leading scholars of Pietism this volume sheds new light on Pietist conversion and the development of piety and modern evangelical narratives of religious experience      **Keeping the Vow** Donald Paul Sullins, 2016 Based on one hundred fifteen interviews augmented by biographical survey and historical research *Keeping the Vow* tells the story of married priests and their wives their unusual and difficult journey from Anglicanism and their life in the Catholic Church The book combines personal narratives and sociological analysis to provide a clear view of the priesthood's collective features and discusses the implications of the married priesthood for the future of the Church      Crimes of State Past and Present David Crowe, 2013-09-13 War Crimes and acts of genocide are as old as history itself but particularly during the 20th century Yet what are war crimes and acts of genocide And why did it take the world so long to define these crimes

and develop legal institutions to bring to justice individuals and nations responsible such crimes Part of the answer lies in the nature of the major wars fought in the 20th century and in the changing nature of warfare itself This study looks at war crimes committed during the Second World War in the USSR Yugoslavia Germany and efforts to bring the perpetrators to justice This led to successful postwar efforts to define and outlaw such crimes and more recently the creation of two international courts to bring war criminals to justice This did not prevent the commitment of war crimes and acts of genocide throughout the world particularly in Asia and Africa And while efforts to bring war criminals to justice has been enhanced by the work of these courts the problems associated with civil wars command responsibility and other issues have created new challenges for the international legal community in terms of the successful adjudication of such crimes This book was based on a special issue of Nationalities Papers      **Irish Priests in the Penal Times (1660-1760)** William P.
