

Dissent Among the Puritans

“A City Upon A Hill”

- Success at Plymouth encouraged thousands of Puritans to move to **New England**
- After getting funding from the Massachusetts Bay Company, they chose **John Winthrop** as their leader
- They hoped to create a haven and example of Puritan living, what they called “**a city upon a hill**”
- 11 ships and 700 people arrived in America in 1630 and grew quickly, establishing towns in Boston, Salem, and Concord
- The Company created the Massachusetts General Court which had the ability to elect officers and make laws
- Each town elected members to the court, which elected a council headed by Winthrop
- Success led to the **Great Migration**: 20,000 English settlers arrive in New England between 1620 and 1643

From Concord To Dissent:

Harmony and Dissent R. Bruce Elder, 2010-04-22 R Bruce Elder argues that the authors of many of the manifestoes that announced in such lively ways the appearance of yet another artistic movement shared a common aspiration they proposed to reformulate the visual literary and performing arts so that they might take on attributes of the cinema The cinema Elder argues became in the early decades of the twentieth century a pivotal artistic force around which a remarkable variety and number of aesthetic forms took shape To demonstrate this Elder begins with a wide ranging discussion that opens up some broad topics concerning modernity's cognitive and perceptual regime with a view to establishing that a crisis within that regime engendered some peculiar and highly questionable epistemological beliefs and enthusiasms Through this discussion Elder advances the startling claim that a crisis of cognition precipitated by modernity engendered by way of response a peculiar sort of pneumatic spiritual epistemology Elder then shows that early ideas of the cinema were strongly influenced by this pneumatic epistemology and uses this conception of the cinema to explain its pivotal role in shaping two key moments in early twentieth century art the quest to bring forth a pure objectless non representational art and Russian Suprematism Constructivism and Productivism

Soliciting Interpretation Elizabeth D. Harvey, Katharine Eisaman Maus, 1990-08-08 This collection gathers new essays by critics and scholars who are currently reshaping our sense of the function and nature of seventeenth century poetry Contributors return to the New Critical canon of Renaissance poetry with fresh perspectives that emphasize considerations of gender ideology power and language In the first group of essays David Norbrook Annabel Patterson John Guillory Rosemary Kegl and Stephen Orgel explore the various ways in which a text can be political Next Arthur Marotti Jane Tylus and Jonathan Goldberg consider the circumstances of textual production and reception in the seventeenth century Finally Stanley Fish Gordon Braden Michael C Schoenfeldt and Maureen Quilligan discuss the particular forms of anxiety that result when seventeenth century poets modify the traditional rhetoric of sexual desire to serve what seem to be erotic or religious purposes These essays accompanied by an extensive editors introduction intersect less in their shared enthusiasm for particular authors or interpretative methods than in a common interest in particular critical issues They present the most exciting work by critics redefining Renaissance studies

The Virtues of Exit Jennet Kirkpatrick, 2017-10-03 Successful democracies rely on an active citizenry They require citizens to participate by voting serving on juries and running for office But what happens

when those citizens purposefully opt out of politics Exit the act of leaving is often thought of as purely instinctual a part of the human fight or flight response or alternatively motivated by an antiparticipatory self centered impulse However in this eye opening book Jennet Kirkpatrick argues that the concept of exit deserves closer scrutiny She names and examines several examples of political withdrawal from Thoreau decamping to Walden to slaves fleeing to the North before the Civil War In doing so Kirkpatrick not only explores what happens when people make the decision to remove themselves but also expands our understanding of exit as a political act illustrating how political systems change in the aftermath of actual or threatened departure Moreover she reframes the decision to refuse to play along whether as a fugitive slave a dissident who is exiled but whose influence remains or a government in exile as one that shapes political discourse historically and today
