Anime Jonathan Clements, 2023-08-24 Japanese animation is at the nexus of an international multimedia industry worth over 23.6 billion a year, linked to everything from manga to computer games, Pokémon, and plushies. In this comprehensive guide, Jonathan Clements chronicles the production and reception history of the entire medium from a handful of hobbyists in the 1910s to the Oscar-winning *Spirited Away* and beyond. Exploring the cultural and technological developments of the past century, Clements addresses how anime's history has been written by Japanese scholars and covers previously neglected topics such as wartime instructional animation and work for hire for American clients. Founded on the testimonies of industry professionals and drawing on a myriad of Japanese language documents, memoirs, and books, *Anime: A History* illuminates the anime business from the inside, investigating its innovators, its unsung heroes, and its controversies. This new edition has been updated and revised throughout with full-colour illustrations and three new chapters on anime's fortunes among Chinese audiences and subcontractors, 21st-century trends in otaku economics, and the huge transformations brought about by the rise of global streaming technology.

Beautiful Andrew L. Erdman, 2024 *Beautiful* is a biography of Julian Eltinge, a female impersonator and major cultural figure who has been appropriated as variously a gay icon, a highly closeted turncoat, and an emblem of an era when many of our contemporary ideas about sex and gender were just beginning to take shape.

Westlessness Samir Puri, 2024-07-25 What if the sun truly is setting on the Western world's outsized influence over the rest of the planet? In *Westlessness*, former UK diplomat Dr. Samir Puri vividly demonstrates how, in demographic, economic, military, and cultural terms, we are hurtling into a far more diverse global future. Many of our certainties about the present, built on centuries of massive Western global impact, are increasingly

fragile Untold wealth is moving from the West to the East as nations like India and Indonesia are set to reach new heights of growth and confidence And China continues its ascent to the peak of the economic mountain but are cracks appearing And will the Western world under the aegis of US global military economic technological and cultural power give up its privileged position willingly Nothing is linear and nothing is predictable Are we prepared personally and professionally for a far more diverse global future Prepared or unprepared Westlessness is essential reading for us all
