Fantasy And Mysticism In The Scriptures:

Fantasy and Mysticism in the Scriptures Claude Duval McBride,1978-01-01 *Special Revelation and Scripture* David S. Dockery,Malcolm B. Yarnell,2024-05-01 In their book *Special Revelation and Scripture* David Dockery and Malcolm Yarnell explore the fundamental elements of divine revelation such as inspiration reliability and authority and how these elements influence and shape the Christian s understanding of theological doctrines ethical teachings and matters concerning worldview

God, Revelation and Authority: God Who Speaks and Shows (Vol. 2) Carl F. H. Henry,1999-01-25 Part 2 in a monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done

101 Most Puzzling Bible Verses Timothy J. Demy,Gary P. Stewart,2006 Clarifies the cultural historical and doctrinal issues surrounding the Bible s words addressing questions that come up repeatedly and can confuse people about Christianity or frustrate them in their spiritual growth

Original Power, Gender and Christian Mysticism Grace Jantzen,1995-11-16 In the western Christian tradition the mystic was seen as having direct access to God and therefore great authority In this study Dr Jantzen discusses how men of power defined and controlled who should count as a mystic and thus who would have power women were pointedly excluded This makes her book of special interest to those in gender studies and medieval history Its main argument however is philosophical Because the mystical has gone through many social constructions the modern philosophical assumption that mysticism is essentially about intense subjective experiences is misguided This view is historically inaccurate and perpetuates the same gendered struggle for authority which characterises the history of western christendom This book is the first on the subject to take issues of gender seriously and to use these as a point of entry for a deconstructive approach to Christian mysticism

Imagination and Fantasy in the Middle Ages and Early Modern Time Albrecht Classen,2020-08-24 The notions of other peoples cultures and natural conditions have always been determined by the epistemology of imagination and fantasy providing much freedom and creativity and yet have also created much fear anxiety and horror In this regard the pre modern world demonstrates striking parallels with our own insofar as the projections of alterity might be different by degrees but they are fundamentally the same by content Dreams illusions projections concepts hopes utopias dystopias desires and emotional attachments are as specific and impactful as the physical environment This volume thus sheds important light on the various lenses used by people in the Middle Ages and the early modern age as to how they came to terms with their perceptions images and notions Previous scholarship focused heavily on the history of mentality and history of emotions whereas here the history of pre modern imagination and fantasy assumes center position Imaginary things are taken seriously because medieval and early modern writers and artists clearly reveal their great significance in their works and their daily lives This approach facilitates a new deep structure analysis of pre modern culture

Christian Mysticism Harvey D. Egan,1998-09-16 Christian mysticism is unique in its view of Jesus death and resurrection as the very cause and exemplar of the mystical life in all its purity Jesus

saving death on the cross exemplifies the mystical letting go of everything consoling tangible and finite in order to surrender totally to the mystery of the Father's unconditional love In this introduction to Christian mysticism Reverend Harvey Egan S J presents four Christian mystics as paradigms of the classical tradition St Ignatius of Loyola St Teresa of Avila St John of the Cross and the unknown author of the Cloud of Unknowing From this foundation he moves to two contemporary figures Thomas Merton and Pierre Teilhard de Chardin each of whom reflects a contemporary transposition of the two mystical traditions the apophatic which emphasizes the radical difference between God and creatures and the kataphatic which emphasizes the similarity between God and creatures

Has God Said? John Douglas Morrison, 2006-03-01 Has God said Has God actually spoken declared himself and his purposes to us Historically the Christian faith has affirmed God's redemptive revelatory speaking as historical contentful redemptive centrally in Jesus Christ and under Christ and by the Spirit in the text of Holy Scripture But in the past three centuries developments in Western culture have created a crisis in relation to historical divine authority The modern reintroduction of destructive dualisms cosmological and epistemological via Descartes Newton Spinoza and Kant have injured not only the physical sciences e g positivism but Christian theology as well The resulting eclipse of God has permeated Western culture In terms of the Christian understanding of revelation it has meant the separation of God from historical action the rejection of God's actual self declaration and especially in textual form Holy Scripture After critical analysis of these dualistic developments this book presents the problematic effects in both Protestant Schleiermacher Bultmann Tillich and Roman Catholic Rahner Dulles theology The thought and influence of Karl Barth on the nature of Scripture is examined and distinguished from most Barthian approaches The effects of dualistic Barthian thought on contemporary evangelical views of Scripture Pinnock Fackre Bloesch are also critically analyzed and responses made Helm Wolterstorff Packer The final chapter is a christocentric multileveled reformulation of the classical Scripture Principle via Einstein Torrance and Calvin that reaffirms the church's historical identity thesis that Holy Scripture is the written Word of God a crucial aspect of God's larger redemptive revelatory purpose in Christ

Jewish Allegory in Eighteenth-Century Christian Imagination Rebecca K. Esterson, 2023-10-08 Rebecca K Esterson explores how Christian methods of biblical interpretation shifted during the eighteenth century producing a rhetorical rejection of allegory while embracing literalism Under the influence of Enlightenment concepts of human reason and advances in the experimental sciences Christian interpreters began casting Jewish biblical interpretation as allegorical while presenting Christian interpretation as literal This shift in self understanding allowed Christians to portray their own interpretations as scientifically philosophically and historically superior resulting in a new way of othering the Jewish people This study of biblical exegesis theology philosophy and the arts in English Swedish and German contexts is an essential resource for scholars interested in biblical reception history and the history of Jewish Christian relations

The Mysticism of Ordinary and Extraordinary Experience Harry L. Serio, 2021-04-12 We are so much more than we appear to be The why of our existence is far more complex than the how of our being Mysticism probes the hidden nature of who we are why

Mysticism and the Early South German - Austrian Anabaptist Movement 1525 - 1531 Werner O. Packull, 2008-12-30 Werner Packull delineates more clearly than any previous scholar the theological and spiritual differences between South German and Swiss Anabaptists He examines thoroughly the dominant medieval mystical influence in the thought of Denck and Hut and the latter's immediate South German Anabaptist followers Indeed Packull decides that South German Anabaptism derives more from medieval mysticism than from the Reformation Packull is convincing in his demonstration of this thesis because of his meticulous care in reading the primary sources and because he examines and refutes the arguments of those who would place the Protestant influence as the primary one He carefully isolates and explains particular ideas of the medieval mystics and demonstrates their influence on Denck and Hut Packull expands and elaborates the earlier suggestions of Kiwiet and Williams both of whom postulated a discrete Anabaptism in South Germany as against that of Switzerland He draws on the more recent and still unpublished work of Gottfried Seebass especially on Seebass selection of writings which he ascribes to Hut Packull's second major thesis is that the earliest form of South German Anabaptism was transitional both sociologically and theologically He demonstrates that there were indeed strains of Anabaptism which were not as clearly biblicist in emphasis as the one in Zurich Packull's work makes the phenomenon of early Anabaptism more complex less uniform but historically more accurate more in line with the realities of the religious ferment of the 1520s among German speaking people

Puritan Devotion Gordon S. Wakefield, 2015-03-09 The remarkable debt of all Christian people to the Puritan movement is one that it would be difficult to overestimate For many the word Puritan is the symbol of narrowness and ultra godliness however less prejudiced research makes it evident that England and the world owes much to the integrity devotion and spiritual power of men and women who stood for the things of God in a political atmosphere perhaps even more confused and difficult than our own The similarity of outlook that exists between John Wesley and the Quakers is something that has often been remarked and there will be great interest both for the historian religious and political and for the ordinary reader in following the guidance of Gordon S Wakefield one of Methodism's younger scholars as he adduces the evidence which he brings together from many different fields

The Force of Fantasy Ernest G. Bormann, 2001 In this book first published in 1985 Ernest G Bormann explores mass persuasion in America from 1620 to 1860 examining closely four rhetorical communities the revivals of 1739 1740 the hot gospel of the postrevolutionary period the evangelical revival and reform of the 1830s and the Free Soil and Republican parties Each community varies greatly but Bormann asserts that each succeeding community shares a rhetorical vision of restoring the American Dream that is essentially a modification of the previous visions Thus they form a family of rhetorical visions that constitutes a rhetorical tradition of importance in nineteenth century American popular culture
