Far Too Noisy My Dear Mozart:

Far Too Noisy, My Dear Mozart Jennifer Higgie, 1997 *Stupid, Ugly, Unlucky and RICH* Richard St John, 2005 Have you ever wondered what leads to success Do you just need to be smart great looking or lucky Richard St John says those things don't lead to success And he should know He spent 10 years interviewing over 500 successful people from Martha Stewart to actor Russell Crowe to DNA discoverer James Watson to the top people in many fields After analyzing and sorting all the information Richard discovered the top 8 factors that are the foundation for success in any field He also discovered that many successful people aren't especially smart good looking or lucky They're ordinary people without special gifts who achieve success by following the 8 factors Richard himself is a good example He says I could never figure out how an ordinary guy like me succeeded in business won top awards and became a millionaire So I started a project to ask other people what led to their success and it grew into a 10 year journey of discovery The story is in Richards new book *Stupid Ugly Unlucky and RICH Spikes Guide to Success* an easy to read analysis that gets beyond the clichés to distill what the world's most successful people really do have in common *Encouragement for Life* Charles R.
