Farm Memories April Halberstadt, 1996      **Illustrated History of Lowell and Vicinity**, 1897      Food and Everyday Life on Kentucky Family Farms, 1920-1950 John van Willigen, Anne van Willigen, 2021-12-14 The foods Kentuckians love to eat today biscuits and gravy country ham and eggs soup beans and cornbread fried chicken and shucky beans and fried apple pie and boiled custard all were staples on the Kentucky family farms in the early twentieth century Each of these dishes has evolved as part of the farming lifestyle of a particular time and place utilizing available ingredients and complementing busy daily schedules Though the way of life associated with these farms in the first half of the twentieth century has mostly disappeared the foodways have become a key part of Kentucky's cultural identity In Food and Everyday Life on Kentucky Family Farms 1920 1950 John van Willigen and Anne van Willigen examine the foodways the practices knowledge and traditions found in a community regarding the planting preparation consumption and preservation of Kentucky family farms in the first half of the last century This was an era marked by significant changes in the farming industry and in rural communities including the introduction of the New Deal market quota system the creation of the University of Kentucky Agricultural Extension Service the expansion of basic infrastructures into rural areas the increased availability of new technologies and the massive migration from rural to urban areas The result was a revolutionary change from family based subsistence farming to market based agricultural production which altered not only farmers relationships to food in Kentucky but the social relations within the state's rural communities Based on interviews conducted by the University of Kentucky's Family Farm Project and supplemented by archival research photographs and recipes Food and Everyday Life on Kentucky Family Farms 1920 1950 recalls a vanishing way of life in rural Kentucky By documenting the lives and experiences of Kentucky farmers the book ensures that traditional folk and foodways in Kentucky's most important industry will be remembered      Symbols Jerry Apps, Jerold W. Apps, 2000 Symbols they are all around us and we take them for granted They are the symbols of our rural past scattered throughout the countryside on farmsteads in villages and at the crossroads where dusty trails once converged Many are easily seen others less so as time has aged rusted and hidden them behind the icons of progress These symbols are reminders of early home life in the country work on the farm how rural people kept in touch the importance of community and how farm folks relaxed and had fun Some of the symbols have little or no practical use today windmills threshing machines water driven gristmills walking plows Others are as significant now as they were long ago country churches rural mail carriers telephones and polka bands All the symbols are important whether practical or not for they are reminders of our histories of the days when our ancestors worked the land raised their children shared with their neighbors and passed on a legacy of values and beliefs to future generations Book jacket      Our Rural Selves Claudia Mitchell, April Mandrona, 2019-04-26 Life in the countryside often perceived as either idyllic or depleted has long been misrepresented Challenging the stereotypes and myths that surround the idea of rurality Our Rural Selves interrogates and

represents individual and collective memories of childhood in rural landscapes and small towns Drawing on visual artifacts whose origins range from the early twentieth century to today such as photographs films objects picture books and digital games contributors offer readings of childhood that are geographically ethnically and culturally diverse They examine the memories of Indigenous children the experiences of back to the land youth and boom or bust childhoods within the petroleum farming and fishing industries Illustrating often neglected and overlooked aspects of adolescence this collection suggests new ways of studying social connectedness and collective futures Innovative and revealing in its use of visual studies autoethnography and memory work Our Rural Selves explores representation imagination and what it means to grow up rural in Canada
