Fascism People And Politics Series:

Transatlantic Practices of Fascism(s) and Populism(s) from the Margins Reindert Dhondt, Monica Jansen, Maria Bonaria Urban, 2025-09-11 This volume brings together leading international experts in politics discourse memory and culture to examine the complex entanglements of populism s and fascism s in political thought and cultural productions The starting point is Argentine historian Federico Finchelstein s assertion that the dynamics of transnational fascism and populist movements become clearer when viewed from the margins Indeed it was in Latin America not Europe where fascism and populism first intersected with Argentine Peronism as the paradigmatic case Building on this perspective the volume explores Europe s political and cultural legacy of fascism within the context of globalised mobilities linking its totalitarian roots to the Latin American genealogies of populism s Adopting an interdisciplinary transnational and transhistorical approach and cultural transfer as a method it investigates cultural representations and practices that both reflect and challenge the divisive Us versus Them rhetoric central to fascist and populist discourses Particular attention is given to how cultural artefacts and practices memorialise remediate and oppose narratives of fascism s and populism s with the assumption that anti fascist art and activism still move along transatlantic trajectories This book will be of interest to researchers of fascism populism social and cultural history European and Latin American history literature art and activism

Fascism and Neofascism E. Weitz, A. Fenner, 2016-09-27 The dramatic transformations of the the 1990s the end of the Cold War the establishment of political liberties and market economies in Eastern Europe German unification quickly led commentators to proclaim the end of all ideologies and the complete triumph of liberal capitalism Just as quickly however right wing extremism began a surge in Europe that has not significantly abated to this day Fascism and Neofascism is a collection of essays that is distinctive in two important ways First unlike most volumes which cover either historical fascism or the recent radical right Fascism and Neofascism spans both periods Secondly this volume also aims to bring newer modes of inquiry rooted in cultural studies into dialogue with more traditional ways of viewing fascism The editors approach is deliberately interdisciplinary even eclectic *Gandhi's Political Thought* Mr. Rohit Manglik, 2023-12-23 In this book we will study about Gandhi s ideas on Swaraj democracy decentralization political ethics civil disobedience and non violent resistance as instruments of political change

Rising Fascism in America Anthony DiMaggio, 2021-12-30 Rising Fascism in America It Can Happen Here explores how rising fascism has infiltrated U S politics and how the media and academia failed to spot its earlier rise Anthony R DiMaggio spotlights the development of rightwing polarization of the media Trump s political ascendance and the prominence of extremist activists including in Congress Fascism has long bubbled under the surface until the coup attempt of January 6th 2021 This book offers tactics to combat fascism exploring social movements such as Antifa and Black Lives Matter in mobilizing the public When so little scholarship engages the question of fascism Anthony R DiMaggio combines the rigor of academic analysis with an accessible style that appeals to student and general

readers *Politics in Western Europe: Second Edition* , **Fascism and Political Theory** Daniel Woodley,2009-09-17

Fascism and Political Theory offers both students and researchers a thematic analysis of fascism focusing on the structural and ideological links between fascism capitalism and modernity Intended as a critical discussion of the origins and development of fascist ideology each chapter deals with a core substantive issue in political theory relevant to the study of fascism and totalitarianism beginning with an assessment of the current state of debate The emphasis on formal ideology in contemporary Anglo American historiography has increased our awareness of the complexity and eclectic nature of fascist ideologies which challenge liberalism and social democracy Yet in too many recent works a programmatic or essentialist reading of fascist ideology as a secular religion is taken for granted while researchers remain preoccupied with the search for an elusive fascist minimum In this book Woodley emphasizes that many outstanding questions remain including the structural and ideological links between fascism and capitalism the social construction of fascist nationalism and the origins of fascist violence in European colonialism This volume consolidates the reader s theoretical understanding and provides the interdisciplinary skills necessary to understand the concrete social economic and political conditions which generate and sustain fascism A timely critique of culturalist and revisionist approaches in fascism studies which provides a concise overview of theoretical debates between liberalism Marxism and poststructuralism this text will be of great interest to students of politics modern history and sociology

Filming Politics Malek Khouri,2007 The National Film Board of Canada NFB was created in 1939 to produce distribute and promote Canadian cinema both domestically and abroad In *Filming Politics* author Malek Khouri explores the work of the NFB during this period and argues that the political discourse of the films produced by this institution offered a counter hegemonic portrayal of working class people and presented them as agents of social change *Filming Politics* brings to light a number of films from the early years of the NFB most of which have long been forgotten

[The ^AOxford Companion to Politics of the World](#) Joel Krieger,2001-08-02 The world has seen dramatic changes since the publication of the first edition of *The Oxford Companion to Politics of the World* in 1993 In the post Cold War world globalization now offers wealth and opportunities on a broader scale as well as greater international harmony but threatens to reinforce the advantage gap between wealthy and poor regions and intensify environmental degradation Conflict and squalor expressed in brutal brushfire wars epidemics and chronic underdevelopment vie with equally dramatic accounts of growth and democracy associated with a liberal political order and the global diffusion of trade investment and communications Drawing on the breadth of the first edition this updated edition reflects the changing world with a reassessment of many of the core themes of the Companion and new articles on the people concepts and events that have shaped the world since 1993 The second edition includes biographies of Kofi Annan Tony Blair Bill Clinton and Gerhard Schroder articles on events such as the Rwandan Genocide and the war in Kosovo and coverage of international trade developments such as NAFTA and the World Trade Organization Eighty seven of the 672 articles in the Second Edition are

completely new most others are thoroughly revised This edition also features a substantial new set of articles a dozen essays on critical issues written by influential figures Recognizing the importance of including varying viewpoints the editors have commissioned these essays to provide an informed and often passionate debate on controversial topics Discussions include Lani Guinier and Glenn Loury on Affirmative Action Francis Fukuyama and Milton Fisk on the Limits of Liberal Democracy and Lloyd Axworthy and John Bolton on the United Nations The contributors discuss nearly every nation in the world including extensive information on institutions political parties leaders and the sources of political mobilization and conflict The volume also includes biographies of more than seventy five political leaders and thinkers who have shaped the contemporary political world Articles include detailed discussions of critical historical developments and events concepts international law and organizations The Oxford Companion to Politics of the World Second Edition is an accessible timely thought provoking and comprehensive reference that captures the complexity and vitality of contemporary world affairs

Fascism's Return Richard Joseph Golsan, 1998-01-01 In *Fascism's Return* eleven leading American and European scholars examine the resurgence of fascism from many angles providing an essential and timely view of this troubling moment in European political cultural and intellectual history Intellectual and public scandals surrounding the fascist past including the highly publicized Barbie and Touvier trials in France are addressed Other writers focus on controversial efforts to revise the historical representation of fascism in Germany and France The reemergence of the new fascist movements and ideologies in various European nations is also examined A final essay considers the controversial U S support during the 1980s of Central American dictatorships

Curating with Care Elke Krasny, Lara Perry, 2023-03-15 This book presents over 20 authors reflections on curating care and presents a call to give curatorial attention to the primacy of care for all life and for more caring curating that responds to the social ecological and political analysis of curatorial caregiving Social and ecological struggles for a different planetary culture based on care and respect for the dignity of life are reflected in contemporary curatorial practices that explore human and non human interdependence The prevalence of themes of care in curating is a response to a dual crisis the crisis of social and ecological care that characterizes global politics and the professional crisis of curating under the pressures of the increasingly commercialized cultural landscape Foregrounding that all beings depend on each other for life and survival this book collects theoretical essays methodological challenges and case studies from curators working in different global geographies to explore the range of ways in which curatorial labour is rendered as care Practising curators activists and theorists situate curatorial labour in the context of today's general care crisis This volume answers to the call to more fully understand how their transformative work allows for imagining the future of bodily social and environmental care and the ethics of interdependency differently

The Rise of the Radical Right in the Global South Rosana Pinheiro-Machado, Tatiana Vargas-Maia, 2023-05-31 *The Rise of the Radical Right in the Global South* is the first academic study adopting an interdisciplinary and international perspective to offer a comprehensive and

groundbreaking framework for understanding the emergence and consolidation of different radical right movements in Global South countries in the twenty first century From deforestation and the anti vaccine movement in Bolsonaro s Brazil to the massacre of religious minorities in Modi s India the rise of the radical right in the Global South is in the news every day Not long ago some of these countries were globally celebrated as emerging economies that consolidated vibrant democracies Nonetheless they never overcame structural problems including economic inequality social violence cultural conservatism and political authoritarianism Featuring case studies from Brazil India the Philippines and South Africa and more generally from Africa and Latin America this book analyses future scenarios and current alternatives to this political movement to the radical right It proposes a shift of focus in examining such a trend adopting a view from the Global South conventional theoretical tools developed around the experience in Global North countries are not enough The authors show that the radical right in the Global South should be analysed through specific lenses considering national historical patterns of political and economic development and instability They also warn that researching these countries may differ from contexts where democratic institutions are more reliable This does not mean abandoning a transnational understanding of the radical right rather it calls for the opposite the chapters examine how the radical right is invented adapted modified and resisted in specific regions of the globe This volume will be of interest to all those researching the radical right and the politics of development and the Global South

Contemporary Political Theory J. C. Johari, 1987 *Fascism* Walter

Laqueur, 1997-12-11 Mussolini s march on Rome Hitler s speeches before waves of goose stepping storm troopers the horrors of the Holocaust burning crosses and neo Nazi skinhead hooligans Few words are as evocative and even fewer ideologies as pernicious as fascism And yet the world continues to witness the success of political parties in countries such as Italy France Austria Russia and elsewhere resembling in various ways historical fascism Why despite its past are people still attracted to fascism Will it ever again be a major political force in the world Where in the world is it most likely to erupt next In *Fascism Past Present and Future* renowned historian Walter Laqueur illuminates the fascist phenomenon from the emergence of Hitler and Mussolini to Vladimir Zhirinovskiy and his cohorts to fascism s not so distant future Laqueur describes how fascism s early achievements the rise of Germany and Italy as leading powers in Europe a reputation for being concerned about the fate of common people the creation of more leisure for workers won many converts But what successes early fascist parties can claim Laqueur points out are certainly overwhelmed by its disasters Hitler may have built the Autobahnen but he also launched the war that destroyed them Nevertheless despite the Axis defeat fascism was not forgotten Laqueur tellingly uncovers contemporary adaptations of fascist tactics and strategies in the French ultra nationalist Le Pen the rise of skinheads and right wing extremism and Holocaust denial He shows how single issues such as immigrants and more remarkably the environment have proven fruitful rallying points for neo fascist protest movements But he also reveals that European fascism has failed to attract broad and sustained support Indeed while skinhead bands like the Klansman and

magazines such as Zyklon B grab headlines fascism bereft of military force and war is at most fascism on the defense promising to save Europe from an invasion of foreigners without offering a concrete future Laqueur warns however that an increase in clerical fascism such as the confluence of fascism and radical Islamic fundamentalism may come to dominate in parts of the Middle East and North Africa The reason has little to do with religion Underneath the Holy Rage is frustration and old fashioned class struggle Fascism was always a movement of protest and discontent and there is in the contemporary world a great reservoir of protest Among the likely candidates Laqueur singles out certain parts of Eastern Europe and the Third World In carefully plotting fascism's past present and future Walter Laqueur offers a riveting if sometimes disturbing account of one of the twentieth century's most baneful political ideas in a book that is both a masterly survey of the roots the ideas and the practices of fascism and an assessment of its prospects in the contemporary world Politics of Mass Society William Kornhauser, 2013-04-15 The Politics of Mass Society explores the social conditions necessary for democracy and the vulnerabilities of large scale society to totalitarian systems Mass movements mobilize people who are alienated from the social system who do not believe in the legitimacy of the established order and who are therefore ready to engage in efforts to destroy Contrary to the psychological approach prevalent in European doctrines of mass movements Kornhauser persuasively argues that social order is the critical factor The greatest number of people available to mass movements are located in those segments of society that have the fewest ties to social order The book draws on a wide range of materials from classical political theory contemporary sociological analysis historical and intuitional studies public opinion surveys and other published and unpublished data Kornhauser selected political phenomena in organizations communities classes and whole societies He examined support for communism and fascism in a variety of countries in relation to rates of urbanization and industrialization employment suicide and homicide among other phenomena In his new introduction Irving Louis Horowitz identifies Kornhauser's book as a seminal work of the great tradition in political sociology at mid twentieth century Kornhauser points out that modern democratic systems possess a distinct vulnerability to mass movements He spells out and identifies factors that tend to increase or decrease this vulnerability not least the health and strength of elites In this way the book reveals new clues to the origins and nature of mass political movements The Politics of Mass Society remains the most complete analytical account of the sociological approach to mass society in advanced industrial societies **The People's War** Robert W. Thurston, Bernd Bonwetsch, 2000 The People's War lifts the Stalinist veil of secrecy to probe an almost untold side of World War II the experiences of the Soviet people themselves Going beyond dry and faceless military accounts of the eastern front of the Great Patriotic War and the Soviet state's one dimensional heroic People this volume explores how ordinary citizens responded to the war Stalinist leadership and Nazi invasion Drawing on a wealth of archival and recently published material contributors detail the calculated destruction of a Jewish town by the Germans and present a chilling picture of life in occupied Minsk They look at the cultural developments of the war as well as the wartime experience of

intellectuals for whom the period was a time of relative freedom They discuss women s myriad roles in combat and other spheres of activity They also reassess the behavior and morale of ordinary Red Army troops and offer new conclusions about early crushing defeats at the hands of the Germans defeats that were officially explained as cowardice on the part of high officers A frank investigation of civilian life behind the front lines The People s War provides a detailed balanced picture of the Stalinist USSR by describing not only the command structure and repressive power of the state but also how people reacted to them cooperated with or opposed them and adapted or ignored central policy in their own ways By putting the Soviet people back in their war this volume helps restore the range and complexity of human experience to one of history s most savage periods

Political Ideologies Leon P. Baradat, John A. Phillips, 2019-11-25 Comprehensive yet accessible this classic text now in its thirteenth edition follows the evolution of political thought over 300 years Organized chronologically this text examines each ideology within a political historical economic and social context In addition to a thorough updating of examples and data here s what you ll find in the new edition Analyses of President Trump s rollback of Obamacare trade war with China and changes to immigration taxation and environmental policy Conservative justifications for supply side economics and liberal rationale for drug legalization and trigger word bans Brexit s effects on the Scottish independence movement Resurgence of feminist protest including the Me Too movement alongside anarchist protest following Trump s election including groups like Black Bloc and Antifa China s rising environmental and social problems including unrest among its heavily controlled Uighur population Cuba s transfer of power from the Castros to President D az Canel and their fraught rapprochement with the U S Russia s disinformation campaigns and alternating brinksmanship and détente between Trump and North Korea s Chairman Kim Jong un The ascent of the Alt right in the U S and white supremacist influence on parties in the U S and Europe The continuing salience of Islamism the teetering Iran deal and ongoing degeneration of the Arab Spring to the Islamist Winter

The Politics of Memory in Postwar Europe Richard Ned Lebow, Wulf Kansteiner, Claudio Fogu, 2006-09-20 Comparative case studies of how memories of World War II have been constructed and revised in France Germany Austria Switzerland Poland Italy and the USSR Russia

The Sexual/Political Lorenzo Bernini, 2023-06-28 The Sexual Political engages with contemporary political issues in sexuality through a survey of modern philosophy psychoanalytic thought 20th century political theory and more recent queer philosophies The book investigates how the sexual has perturbed philosophical political and psychoanalytic thought and how this has fed into discrimination against the LGBTQI community It analyses the social stigmas applied to public and private sexual acts and the psychopolitical processes leading to the prevalence of neo fascist populism in Italy and the world Tracing the history of sexuality through Freud Marx Fanon and Foucault among many others Bernini considers why the sexual has always been an exceptionally difficult object to consider in political theory This book will be of key interest to scholars in queer theory antisocial theory psychoanalysis and politics drive theory political philosophy critical theory LGBTQIA issues gender and

stories for free on their websites. While this might not be the Fascism People And Politics Series full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Fascism People And Politics Series eBooks, including some popular titles.

FAQs About Fascism People And Politics Series Books

What is a Fascism People And Politics Series PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Fascism People And Politics Series PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Fascism People And Politics Series PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Fascism People And Politics Series PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Fascism People And Politics Series PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
