Fascist His State His Mind:

The Fascist: His State and His Mind E. B. Ashton, Ernst Basch, 1972 **Remaking Dixie** Neil R. McMillen, 1997

Although the Civil War reconfigured Dixie in the half century since the end of World War II the American South has been massively changed again It is still an improbable mix of tradition and transition but the stereotype of a region with one party politics one crop agriculture white supremacy cultural insularity grinding poverty somnolent cotton towns and languorous rural landscapes has largely passed into history Possum Trot and Tobacco Road have been suburbanized and how have Walmarts As the regions s boosters insist the nations s number0one economic problem has joined the great booming sunbelt For good or for ill a new sense has been visited upon nearly every southern place What elements caused such striking change to the face of Dixie In this volume nine widely known specialists in the history and literature of the American South search for the origins of this sweeping regional transformation in the period of the Second World War These original essays address a cluster of related problems of enduring fascination for all those who wish to understand the ever changing ever abiding South Offering new answers to important questions they address the Second World War as a major watershed in southern history Did it drive old Dixie down Did it set in motion forces that ultimately shaped a Newer South Did it further Americanize the South by eroding traditional patterns of thought and deed that once were fiercely defended by white southerners as our way of life Was the postwar South less different less peculiar and distinctive *The Decline of Liberalism as an Ideology* John H. Hallowell, 2013-01-04 This early work on liberalism is both expensive and hard to find in its first edition It contains a commentary and analysis of the politics and history of ideological liberalism This is a fascinating work and thoroughly recommended for anyone interested in political history Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce We are republishing these classic works in affordable high quality modern editions using the original text and artwork **The Statesman's Year-Book** M. Epstein, 2016-12-23 The classic reference work that provides annually updated information on the countries of the world Governments of the Major Foreign Powers Military Academy, West Point, 1945 *The Statesman's Year-Book* Mortimer Epstein, 2016-12-27 The classic reference work that provides annually updated information on the countries of the world **Western Political Thought** Urmila Sharma, S.K. Sharma, 2006 The Significance Of Political Thought Cannot Be Overemphasized The Task Of Understanding The Deeper Implications Of The Present Situation And The Future Planning Can Be Assisted By A Careful Study Of Political Thought Of The Ages The Study Of Political Thought In The Historical Perspective Leads To Mature Thinking And Enables The Political Leaders To Solve Contemporary Problems In A Better Way The Political Thought Of Modern World Is Based On Western Political Thought It Is Always Preferred To Begin The Study Of Political Thought With The Western Thinkers Better Say Greeks Because Unlike Their Eastern Counterpart Their Speculations Are Exclusively Contained In Independent Treatises And Do Not Form Part Of Literature Which Was Predominantly Religious And Ethical

Accordingly The Present Volume Begins With Homer And Includes In Its Study The Prominent Thinkers Of The West Of All Ages Plato Aristotle Aquinas Machiavelli Hobbes Locke Rousseau Hume Burke To Name But A Few Analytic In Presentation The Present Book Is Concise And Easily Comprehensible Since Its Matter Has Been Drawn From Authentic Originals And The Books Of Eminent Western Authors Have Been Referred To The Book Aptly Caters With The Academic Needs Of Students Of Political Science It Provides A Bibliography And Also A List Of Questions Set At Various University Examinations Aiming At Facilitating The Preparation For Examination While The Teachers Will Find This Book An Ideal Reference Book The General Readers Will Find It Highly Informative

Virginia Woolf and Fascism Merry Pawlowski,2001-06-11 This unique collection of essays edited by leading Woolf scholar brings together for the first time a serious consideration of Virginia Woolf s writing within the political context of fascism Virginia Woolf and Fascism probes Woolf s fiction and non fiction from Mrs Dalloway in 1927 to Between the Acts 1941 for her responses not only to the growing menaces of dictators abroad but also to mounting evidence of fascist ideology at home in England The essays present a portrait of Woolf as a woman writer who was politically engaged and actively protesting against a worldview which aggressively targeted women for oppression

Political Legacy of Plato and Aristotle R.K. Mishra, M.A,2024-07-07 The political legacy of Plato and Aristotle is one of the greatest intellectual legacies left by an ancient civilisation for posterity The problems of politics and political science are incomprehensible without some Platonic and Aristotelian background Modern political philosophy is nothing but a commentary on the political ideas of Plato and Aristotle Without a Platonic and Aristotelian background even the first letter of politics cannot be understood For very little if at all has been said that is new after Plato and Aristotle in the history of political thought This book deals with the political ideas of Plato and Aristotle from a near and most modern angle The chapters have been selected methodically so that a comparative study of the two philosophers becomes easy for students The occasional comparison of the philosophers ideas with that of Marx Laski Nehru and with ancient Indian concepts is certainly interesting

As We Go Marching John T. Flynn,1973

The Jews in Fascist Italy: A History Renzo De Felice,2015-11-23 My aim was to explain in detail the facts surrounding Fascist anti-Semitism and the persecution of the Jews in Mussolini s Italy Too many people in Italy and elsewhere underestimate or deny the tragic fate of European Jewry and anti-Semitism between the two world wars A few short years ago anti-Semitism appeared defeated and reduced to a tiny group of fanatics But now it seems to be regaining ground in its more political incarnation probably the most dangerous one because next to the religious social and economic varieties it is the most insidious of all The author occupies a central

position among Italian historians specialized in modern Italy's political history. He broke new ground by first publishing this book in 1961 having obtained special permission to consult the files in the Archives of the Italian Jewish Communities concerning the Fascist regime's persecution of the Jews in Italy from 1938 to 1945. The book's release coincided with the trial of Adolf Eichmann in Jerusalem that brought the Holocaust to the attention of other historians and to the world public. The English translation of the final 1993 edition was supported by a grant from the Italian Ministry of Foreign Affairs. This paperback and electronic book edition is published in association with the United States Holocaust Memorial Museum.

Hayek, 2014-08-13 A classic work in political philosophy, intellectual history and economics. The Road to Serfdom has inspired and infuriated politicians and scholars for half a century. Originally published in 1944, it was seen as heretical for its passionate warning against the dangers of state control over the

means of production For Hayek the collectivist idea of empowering government with increasing economic control would lead not to a utopia but to the horrors of Nazi Germany and Fascist Italy This new edition includes a foreword by series editor and leading Hayek scholar Bruce Caldwell explaining the book s origins and publishing history and assessing common misinterpretations of Hayek s thought Caldwell has also standardized and corrected Hayek s references and added helpful new explanatory notes Supplemented with an appendix of related materials and forewords to earlier editions by the likes of Milton Friedman and Hayek himself this new edition of *The Road to Serfdom* will be the definitive version of Friedrich Hayek s enduring masterwork

The Great Lie F. Flagg Taylor, 2023-10-03 The Most Insightful and Profound Reflections on Tyranny Totalitarianism was the dominant phenomenon of the twentieth century Deeply troubling questions endure regarding the nature of such tyrannical regimes What enabled human beings to carry out such horrific crimes against their fellow man What does the endurance of Communism reveal about human liberty Why did human beings suffer rule by ideological lies for so long and what kept them open to the truth What are we to make of the relationship between totalitarianism and the foundational principles of democratic modernity Some of the greatest minds of the twentieth century sought answers to these haunting questions Now for the first time ever their incisive and profound reflections on totalitarianism have been brought together in one book *The Great Lie* showcases the insights of such giants as Aleksandr Solzhenitsyn Vaclav Havel Hannah Arendt Eric Voegelin Czeslaw Milosz Leo Strauss and Raymond Aron along with neglected but important thinkers such as Waldemar Gurian Aurel Kolnai Leszek Kolakowski Pierre Manent Claude Lefort and Chantal Delsol The brilliant essays in this volume illuminate the very nature of totalitarian regimes and the monstrous ideology that is their defining feature *The Great Lie* allows readers to make sense of political evil and how it can attract so many people into its ideological fold This is not a matter of mere academic interest in an age when we confront totalitarianism in such regimes as North Korea and Cuba and arguably in radical Islamist movements
