Large Print Margery Allingham,1978 Gender and Representation in British 'Golden Age' Crime Fiction Megan Hoffman,2016-05-17 This book provides an original and compelling analysis of the ways in which British women s golden age crime narratives negotiate the conflicting social and cultural forces that influenced depictions of gender in popular culture in the 1920s until the late 1940s The book explores a wide variety of texts produced both by writers who have been the focus of a relatively large amount of critical attention such as Agatha Christie Dorothy L Sayers and Margery Allingham but also those who have received comparatively little such as Christianna Brand Ngaio Marsh Gladys Mitchell Josephine Tey and Patricia Wentworth Through its original readings this book explores the ambivalent nature of modes of femininity depicted in golden age crime fiction and shows that seemingly conservative resolutions are often attempts to provide a modern yet safe solution to the conflicts raised in the texts

DuBose,2000-12-11 In this remarkable book Martha Hailey DuBose has given those multitudes of readers who love the mystery novel an indispensable addition to their libraries Unlike other works on the subject Women of Mystery is not merely a directory of the novelists and their publications with a few biographical details DuBose combines extensive research into the lives of significant women mystery writers from Anna Katherine Green and Mary Roberts Rinehart with critical essays on their work anecdotes contemporary reviews and opinions and some of the women s own comments She takes us through the

Golden Age of the British women mystery writers Christie Sayers Marsh Allingham and Tey to the leading crime novelists of today focused on the women who have become legends of the genre And though she laments so many mysteries so little time she makes a good effort mentioning some of the best of the rest When DuBose writes of the lives of her principal players she relates them to their times their families their personal situations and above all to their books She subtly points out that Sayers whose experience with the men in her life was inevitably disastrous created in Lord Peter the ideal lover one who is all that a woman desires and needs DuBose gives us the curriculum vitae that Dorothy Sayers created to help her bring Peter Wimsey to a virtual actuality Ngaio Marsh would give up an active presence in the theatrical world she loved but she recreated it for herself as well as her readers in many of her novels The biographies of these women are as engrossing as the stories they wrote and Martha DuBose has shined a different intimate and intriguing light on them their works and the lives that informed those works This book is so full of treasure it's hard to see how any mystery enthusiast will be able to do without it And what a gift it would make for anyone on your list who has been heard to announce I love a mystery Some of the treats inside In the Beginning The Mothers of Detection Anna Katherine Green Mary Roberts Rinehart A Golden Era The Genteel Puzzlers Agatha Christie Dorothy L Sayers Ngaio Marsh Margery Allingham Josephine Tey Modern Motives Mysteries of the Murderous Mind Patricia Highsmith P D James Ruth Rendell Mary Higgins Clark Sue Grafton and more

Shakespearean Allusion in Crime Fiction Lisa Hopkins, 2016-04-21 This book explores why crime fiction so often alludes to Shakespeare It ranges widely over a variety of authors including classic golden age crime writers such as the four queens of crime Allingham Christie Marsh Sayers Nicholas Blake and Edmund Crispin as well as more recent authors such as Reginald Hill Kate Atkinson and Val McDermid It also looks at the fondness for Shakespearean allusion in a number of television crime series most notably *Midsomer Murders* *Inspector Morse* and *Lewis* and considers the special sub genre of detective stories in which a lost Shakespeare play is found It shows how Shakespeare facilitates discussions about what constitutes justice what authorises the detective to track down the villain who owns the countryside national and social identities and the question of how we measure cultural value *Ocular Proof and the Spectacled Detective in British Crime Fiction* Lisa Hopkins, 2023-05-31 From Sherlock Holmes onwards fictional detectives use lenses *Ocular Proof and the Spectacled Detective in British Crime Fiction* argues that these visual aids are metaphors for ways of seeing and that they help us to understand not only individual detectives methods but also the kinds of cultural work detective fiction may do It is sometimes regarded as a socially conservative form and certainly the enduring popularity of Golden Age writers such as Christie Sayers Allingham and Marsh implies a strong element of nostalgia in the appeal of the genre The emphasis on visual aids however suggests that solving crime is not a simple matter of uncovering truth but a complex sophisticated and inherently subjective process and thus challenges any sense of comforting certainties Moreover the value of eye witness testimony is often troubled in detective fiction by use of the phrase the ocular proof whose origin in Shakespeare's *Othello*

reminds us that Othello is manipulated by Iago into misinterpreting what he sees The act of seeing thus comes to seem ideological and provisional and Lisa Hopkins argues that the kind of visual aid selected by each detective is an index of his particular propensities and biases The Rigger's guide Charles Bushell,1857 **The Rigger's Guide, containing practical instructions for completely rigging ships of war** Charles BUSHELL,1857 **World Clothing and Fashion** Mary Ellen Snodgrass,2015-03-17 Taking a global multicultural social and economic perspective this work explores the diverse and colourful history of human attire From prehistoric times to the age of globalization articles cover the evolution of clothing utility style production and commerce including accessories shoes hats gloves handbags and jewellery for men women and children Dress for different climates occupations recreational activities religious observances rites of passages and other human needs and purposes from hunting and warfare to sports and space exploration are examined in depth and detail Fashion and design trends in diverse historical periods regions and countries and social and ethnic groups constitute a major area of coverage as does the evolution of materials from animal fur to textiles to synthetic fabrics and production methods from sewing and weaving to industrial manufacturing and computer aided design Dress as a reflection of social status intellectual and artistic trends economic conditions cultural exchange and modern media marketing are recurring themes Influential figures and institutions in fashion design industry and manufacturing retail sales production technologies and related fields are also covered The Shroud Maker Ahmed Masoud,2018-05-14 Hajja Souad an 80 year old Palestinian woman living on the besieged Gaza Strip knows about business She has survived decades of wars and oppression through making shrouds for the dead A compelling black comedy that delves deep into the intimate life of ordinary Palestinians the play weaves a highly distinctive path through Palestine s turbulent past and present The Shroud Maker toured the UK as a one woman comedy with one female actress playing all the roles in the tradition of a Palestinian story teller The Shroud Maker was part of 70 Celebration of Contemporary Palestinian Culture a week long festival of theatre dance films and talks commemorating the Palestinian experience of dispossession and loss of a homeland It weaves comic fantasy and satire with true stories told first hand to the writer and offers a vivid portrait of Palestinian life in Gaza underscored with gallows humour Adult Catalog: Title Los Angeles County Public Library,1970 African American Historic Burial Grounds and Gravesites of New England Glenn A. Knoblock,2015-12-14 Evidence of the early history of African Americans in New England is found in the many old cemeteries and burial grounds in the region often in hidden or largely forgotten locations This unique work covers the burial sites of African Americans both enslaved and free in each of the New England states and uncovers how they came to their final resting places The lives of well known early African Americans are discussed including Venture Smith and Elizabeth Freeman as well as the lives of many ordinary individuals military veterans business men and women common laborers and children The author s examination of burial sites and grave markers reveals clues that help document the lives of black New Englanders from the 1640s to the early 1900s *Jason and the Argonauts through the*

Ages Jason Colavito, 2014-04-04 The story of Jason and the Argonauts is one of the most famous in Greek myth and its development from the oldest layers of Greek mythology down to the modern age encapsulates the dramatic changes in faith, power and culture that Western civilization has seen over the past three millennia. From the Bronze Age to the Classical Age, from the medieval world to today, the Jason story has been told and retold with new stories, details and meanings. This book explores the epic history of a colorful myth and probes the most ancient origins of the quest for the Golden Fleece, a quest that takes us to the very dawn of Greek religion and its close relationship with Near Eastern peoples and cultures.
