struggle against US empire and neoliberal capitalism in the 1970s and 1980s She shows how feminist antiracist and anti imperialist liberation movements visions of connection across difference practices of self care and other reparative modes of artistic and cultural production have unintentionally reinforced forms of neoliberal governance At the same time the US government and military universities and other institutions have appropriated and depoliticized these same techniques to sidestep addressing structural racism and imperialism in more substantive ways In tracing the reparative turn s complicated and fraught genealogy Stuelke questions reparative criticism s efficacy in ways that will prompt critics to reevaluate their own reading practices *Kiplinger's Personal Finance* ,1994-09 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics
