## **Famous Scenic Spots Of China:**

Scenic Spots Pál Nyíri, 2011-04-01 Twenty years ago commercial tourism in the People's Republic of China hardly existed. Today China has a burgeoning tourist industry characterized by a unique style with deep roots in traditional Chinese culture. Scenic Spots is an engaging exploration of why Chinese tourists pursue certain kinds of experiences, what they make of them, and how their experiences and interpretations are shaped by the state. Working from within a Chinese cultural framework, Pál Nyíri argues that China's brand of tourism is distinct from the traditions of both Western bourgeois tourism, which values authenticity, and Soviet tourism, with its emphasis on rugged and selfless experience. In China, tourism development is guided by the state, and scenic spots, jingdian, and theme parks are used to demonstrate China's heroic past and as tools of patriotic education and modernization, or as forms of indoctrination. The tourist site is perceived as a product, and as such it is bounded, approved, rated, and consumed. In a style both straightforward and provocative, Nyíri argues that the uniformity and undisguised commercialism of Chinese tourist sites are a direct result of the state's ultimate authority to determine the meaning of landscape and to control culture. Scenic Spots serves as a lens through which to explore mechanisms of cultural control and resistance in a highly commercialized sphere of everyday life in contemporary China.

Travel Guide of Popular Attractions in China Ni Hao, This book is the volume of Travel Guide of Popular Attractions in China among a series of travel books. Travelling in China. Its content is detailed and vivid.

Regional China Rongxing Guo, 2013-01-21 It is a resource book that profiles the geography, demography, economy, political environment, and business climates for each of China's 31 provinces. It will become a useful source book to researchers, businesses, government agencies, and news media interested in either the rapidly changing provincial economies or the Chinese economy as a whole.

Nature Tourism Joseph S. Chen, Nina K. Prebensen, 2017-01-20 In recent decades, the fast rise of emerging economies like the BRICS nations has propelled the growth of tourism worldwide. Meanwhile, a plethora of nature destinations has been developed to meet the diverse needs of the new wave of demand from emerging economies and to entice existing tourists from advanced and rich economies. Nature Tourism augments the current literature on the benefits and pitfalls in recent developments of nature tourism, tracing the history in development, highlighting the ecological impacts, and showcasing the current practices in nature tourism, along with discussions on specific tourist markets from holistic viewpoints, embracing lessons learned from various destination nations and continents across the globe. A host of topics with global significance will be explored, such as the effect of climate change on nature tourism, technological innovation in managing nature tourism, visitor management in nature tourism, and market positioning in a highly competitive environment. These are reviewed in a wide range of countries from USA, Canada, South America, Scandinavian countries, the Swiss Alps, Middle East countries, Africa, China, and Australia, New Zealand. This book will offer significant insight into nature-based tourism and its future development. It will be of interest to upper-level students, researchers, and academics in tourism, environmental studies, development, and sustainability.

**China's Sacred Sites** Shun-xun Nan, Beverly Foit-Albert, 2007 Examines how Chinese mountainscape culture merges architecture and nature by documenting over 50 ancient architectural and environmental sites and featuring over 250 photographs and 100 architectural drawings Provides overview of traditional Chinese philosophies of Buddhism Taoism and Confucianism and explains the historical roots of feng shui yin and yang and chi Provided by publisher
