Waldron, 2013-12-16 For many the advent of globalization brought with it an end to the way that the world had been viewed previous to the fall of the Berlin Wall Among the many endings the one that most concerns my book is the perceived foreclosure of any alternatives to the capitalistic

ideology that structures globalization Even criticisms of globalization are bounded by its limits since the critical models they use cannot conceive of a space outside its homogenizing discourse Against the final limits that shape most interpretations of globalization I show how writers on the periphery of the globalizing north through the development and deployment of neo baroque imaginings offer a different possibility to monological globalism I show that the baroque has been a way of resisting and reconfiguring the colonial gaze in Latin America since the time of the first encounter to the present The Character Codex III: The Book of Eastern Fantasy Character Classes Robert Neri,2016-03-21 A new supplement from Ranger Games for the Dice Glory game system containing specialist character classes drawn from Asian and middle eastern history and lore This book is a great resource for both Players and Game Masters wishing to introduce some eastern flavor into their game
