JAMES HAYES

Far Eastern Literatures in the 20th Century: a guide. [Harpenden: Oldcastle Books, 1988. 197 pp.]

Selected from a larger work, the *Encyclopaedia of World Literature*, the *Guide to Far Eastern Literatures* contains introductory essays and biographical sketches of reasonably contemporary writers. Seventeen Chinese writers are included, compared with 25 Japanese, three Korean and three Philippine writers, and some literatures, like those of Outer Mongolia and Cambodia are merely described, with no biographies.

The choice of Chinese writers is conservative and somewhat out of date with Ai Ch'ing (Ai Qing) and Ts'ao Yu (Cao Yu), both of whom were born in 1910, the youngest representatives.

The bibliographies listing critical works in English are useful, though out of date, but the lists of "further works" (merely titles in Wade-Giles, with a date) are quite meaningless to non-Chinese speakers for whom the work is presumably intended. It is also unfortunate that virtually none of the available translations of the writers' works is listed. As the *Guide* is presumably intended for students of comparative literature, it would have been helpful to indicate examples for comparison.

Readers will discover, for instance, that Walt Whitman was fired from his government job after his personal copy of *Leaves of Grass* was discovered in his desk by the Secretary of the Interior who was scandalized by it; that James Baldwin remembered listening to blues singer Bessie Smith playing her till he fell asleep when he was writing his first book; and that a publisher turned down the serialization rights to *Gone with the Wind*, saying "Who needs the Civil War now, who cares?" Looking for information about book burning or how many Nobel laureates have come from Japan? You'll find it here. Trying to remember the name of that movie based on a favorite book? Read the Variations section; you'll be amazed at the pervasive presence of great literature in today's entertainment. From Aristophanes to Allende, from Bergson to Bloom, the biographical entries will inform readers about the men and women who have shaped and are shaping the literary world. Look into Works of Literature to discover the significance of *Beowulf*, *The Fountainhead*, *Doctor Zhivago*, and nearly 1,000 other titles. Check the Dictionary of Literature to find out what the critics and theorists are talking about. And if you wish to delve even deeper, Websites for Literature and Literary Factbooks and Handbooks are just two of the bibliographies that will point readers in the right direction. The Moral Democracy Michał Lubina, 2019-03-12 Aung San Suu Kyi spoke passionately about non-violence; she wrote involved articles about compatibility of democracy with Buddhism, and she won the

hearts and minds of so many with her call for the freedom from fear It seemed for more than two decades that Suu Kyi was a perfect non Western propagator of democracy human rights rule of law Yet a deeper analysis reveals that Suu Kyi intellectually indeed has been a democrat all along but a Burmese democrat Suu Kyi understands democracy in a Buddhist way and she reasons about politics using Buddhist ideas idioms and concepts This Buddhist dominance of her political thought had several consequences the most important one being that her approach to politics has first and foremost been a moral one her vision of democracy and of politics in general is a moral vision It is something I propose to call the moral democracy The same reason that made her famous and admired worldwide now contributed to her fall from grace For too many outside Burma Myanmar it is impossible to understand how Suu Kyi yesterday s global personification of good and morality can now silently endorse crimes against humanity conducted in her country and accept forced relocation of 700 thousand people A cynic would quote Bertrand Russell s words we have two kinds of morality side by side one which we preach but do not practice and another which we practice but seldom preach and add a commentary that it applies especially to politicians One however may offer a more favourable explanation that Suu Kyi represents a tragic clash of ideas including moral ideas with political reality Whatever the case it was morality that made her famous it was the same moralistic attitude that contributed to her removal from international Olympus and it is this moral understanding of politics that is the hallmark of her political thought which is here to stay for longer as political ideas last longer than changing political circumstances and fashions From the Preface The dramatic fall from grace of Burma s human rights icon Aung San Suu Kyi shocked the world Micha Lubina s magisterial account of Aung San Suu Kyi s political education demystifies the behavior in power of this otherwise enigmatic leader This is the indispensable book for anyone who wants to understand the mind of one of the world s most controversial women Prof Salvatore Babones University of Sydney Dr Micha Lubina known in Poland for portraying Aung San Suu Kyi not as a human rights activist but as a realist politician in the very footsteps of her father now comes out with his research to the international audience Following the example of Mahbubani s Can Asian Think Lubina shows the intellectual and philosophical tradition of Myanmar through the case study of Suu Kyi s political thought It s a unique undertaking that presents Suu Kyi from an unexpected angle as a theoretician and political thinker or sage Both the scope of research done and the material presented are very impressive and rather unique even on international scene Prof Bogdan G ralczyk University of Warsaw Former Ambassador to Myanmar This book is a well documented and well constructed multilayered complex analytical work based on very rich research interviews with Suu Kyi and personal observations of the Author who displays unquestioned analytical skills As such the book represents a pioneer work in Burmese studies Prof Agnieszka Kuszewska Jagiellonian University in Cracow None of the numerous books and articles that I have read about Daw Aung San Suu Kyi dissects her political thoughts and background as thoroughly as the book written by Dr Micha Lubina He shows the political construction of her character her struggle her idealism her sources of inspiration and her weaknesses It is

a necessary publication to read in order to understand historical and contemporary policymaking in today's Burma Dr Marion Sabri University of Rouen Normandy

Not Out of Hate Ma Ma Lay, 1991-05-01 Not Out of Hate published in Burmese in 1955 and set in 1939-42 was Ma Ma Lay's fifth novel and one that further cemented her status as one of twentieth century Burma's foremost writers and voices for change A journalist by trade Lay applied her straightforward observational style with compassion and purpose to the story of Way Way a teenage village girl whose quiet life assisting her father in his rice brokerage business is disrupted by the arrival of U Saw Han the cosmopolitan Burmese rice trader twenty years her senior When she first encounters him Way Way is entranced by his Western furnishings servants and mannerisms The two marry but before long it becomes clear that U Saw Han's love is a stifling one that seeks to obliterate her traditional ways Not Out of Hate was enormously popular in Burma and went through several editions in the 1950s and 1960s When Ohio University Press published its English translation in 1991 it became the first significant fictional account of prewar Burma available in English since George Orwell's *Burmese Days* and provided a Burmese counterpoint to Orwell's novel Translated into English here for the first time the novel is an engaging drama finely observed work of social realism and stirring rejection of Western cultural dominance

Refiguring Women, Colonialism, and Modernity in Burma Chie Ikeya, 2011-01-31 Refiguring Women Colonialism and Modernity in Burma presents the first study of one of the most prevalent and critical topics of public discourse in colonial Burma the woman of the *khit kala* the woman of the times who burst onto the covers and pages of novels newspapers and advertisements in the 1920s Educated and politicized earner and consumer Burmese and Westernized she embodied the possibilities and challenges of the modern era as well as the hopes and fears it evoked In Refiguring Women Chie Ikeya interrogates what these shifting and competing images of the feminine reveal about the experience of modernity in colonial Burma She marshals a wide range of hitherto unexamined Burmese language sources to analyze both the discursive figurations of the woman of the *khit kala* and the choices and actions of actual women who whether pursuing higher education becoming political or adopting new clothes and hairstyles unsettled existing norms and contributed to making the woman of the *khit kala* the privileged idiom for debating colonialism modernization and nationalism The first book length social history of Burma to utilize gender as a category of sustained analysis Refiguring Women challenges the reigning nationalist and anticolonial historical narratives of a conceptually and institutionally monolithic colonial modernity that made inevitable the rise of ethnonationalism and xenophobia in Burma The study demonstrates the irreducible heterogeneity of the colonial encounter and draws attention to the conjoined development of cosmopolitanism and nationalism Ikeya illuminates the important roles that Burmese men and women played as cultural brokers and agents of modernity She shows how their complex engagements with social reform feminism anticolonialism media and consumerism rearticulated the boundaries of belonging and foreignness in religious racial and ethnic terms Refiguring Women adds significantly to examinations of gender and race relations modernization and nationalism in

Kinkley,2016-09-16 This volume gathers personal reflections on life and literature by 44 of China s leading authors It aims to illustrate how Chinese society and its creative writing have supported competed and fought with each other for the past 40 years and more Much of what is revealed here is mundane but the pressure of bringing art to social and political causes indeed the universal pressure to survive forges this collection into a very human document The strengths and weaknesses of these essays offer a window on those of modern Chinese literature itself Realism was the favoured literary doctrine of the day
