Farewell To Alexandria Eleven Short Stories:

Farewell to Alexandria Harry E. Tzalas, 2004-02-01 The eleven short stories in this book take us back to an Alexandria past the cosmopolitan city as it was experienced by the author in the years before during and following the Second World War Against a backdrop of major events in Alexandria s history from the halcyon days of the late 1930s through the alarms of the War to the 1952 Revolution and the dispersion of almost the entire foreign community of the city Tzalas weaves his stories peopled with characters from his youth These are ordinary people people of different nationalities and faiths but all Alexandrians living side by side in the Great City In describing each character with great sensitivity and perception Tzalas succeeds not only in capturing the essence of the city itself but in poignantly foretelling the fundamental changes and exodus that were to come The events surrounding among others a German family caught in the city during the Second World War three French monks an old Greek musician and a group of cultivated elderly Alexandrian gentlemen are told with an affection often tinged with sadness Through these characters Tzalas tells the story of everyday lives caught up in the turbulent currents of history and the transformation of a beloved city the end of an era Each of the eleven stories is accompanied by an evocative illustration by Anna Boghiguian *Farewell to Alexandria* Charēs Tzalas, Harry E Tzalas, 2004

Rhetoric of Topics and Forms Gianna Zocco, 2021-01-18 The fourth volume of the collected papers of the ICLA congress *The Many Languages of Comparative Literature* includes articles that study thematic and formal elements of literary texts Although the question of prioritizing either the level of content or that of form has often provoked controversies most contributions here treat them as internally connected While theoretical considerations inform many of the readings the main interest of most articles can be described as rhetorical in the widest sense given that the ancient discipline of rhetoric did not only include the study of rhetorical figures and tropes such as metaphor irony or satire but also that of topoi which were

originally viewed as the places where certain arguments could be found but later came to represent the arguments or intellectual themes themselves Another feature shared by most of the articles is the tendency of undeclared thematology which not only reflects the persistence of the charge of positivism but also shows that most scholars prefer to locate themselves within more specific often interdisciplinary fields of literary study In this sense this volume does not only prove the ongoing relevance of traditional fields such as rhetoric and thematology but provides contributions to currently flourishing research areas among them literary multilingualism literature and emotions and ecocriticism

[The Greeks and the Making of Modern Egypt](#) Alexander Kitroeff, 2019-03-22 The magnificent Robert L Tignor Princeton University story of the Greeks in Egypt from Muhammad Ali to Nasser From the early nineteenth century through to the 1960s the Greeks formed the largest most economically powerful and geographically and socially diverse of all European communities in Egypt Although they benefited from the privileges extended to foreigners and the control exercised by Britain they claimed nonetheless to enjoy a special relationship with Egypt and the Egyptians and saw themselves as contributors to the country's modernization [The Greeks and the Making of Modern Egypt](#) is the first account of the modern Greek presence in Egypt from its beginnings during the era of Muhammad Ali to its final days under Nasser It casts a critical eye on the reality and myths surrounding the complex and ubiquitous Greek community in Egypt by examining the Greeks legal status their relations with the country's rulers their interactions with both elite and ordinary Egyptians their economic activities their contacts with foreign communities their ties to their Greek homeland and their community life which included a rich and celebrated literary culture Alexander Kitroeff suggests that although the Greeks self image as contributors to Egypt's development is exaggerated there were ways in which they functioned as agents of modernity albeit from a privileged and protected position While they never gained the acceptance they sought the Greeks developed an intense and nostalgic love affair with Egypt after their forced departure in the 1950s and 1960s and resettlement in Greece and farther afield

terug De Middellandse Zee ooit de verbindinglijn met de wereld werd een harde Europese grens Bedreven onderzoekt Cousin hoe de geschiedenis doorwerkt in het heden en hoe iedereen zijn eigen verhaal op de stad blijft projecteren Alexandriem is een boek dat je aan het denken zet over culturele grenzen identiteit en nostalgie Maar bovenal vertelt het over een grandioze stad in de schaduw van een nog grandiozere geschiedenis **African Books in Print**, 1978 The Cities Book, 2006 Following the success of the bestselling The Travel Book comes The Cities Book a new pictorial coffee table book that ventures into the top 200 cities in the world as voted by Lonely Planet travellers authors and staff A gorgeous gift for travellers and dreamers alike The Cities Book evokes the soul of each city in a lavish double page spread filled with stunning images and captivating information Vancouver Toronto Montreal and Quebec City are the Canadian entries Included are vital statistics such as population and the age of the city as well as more intimate details such as the city's origins its local name and urban myths Recommendations of the best things to see do eat and drink are also included in case The Cities Book inspires readers to pack their bags and pay a visit Additional sections of The Cities Book cover the evolution of the city ancient cities lost cities and cities of the future The British National Bibliography Arthur James Wells, 2006 *The Complete Works* E. Phillips Oppenheim, 2022-05-17 E Phillips Oppenheim's *The Complete Works* presents a comprehensive collection of his engaging narratives characterized by intricate plots vivid characters and an exploration of the human psyche amidst socio-political dynamics of the early 20th century Renowned for his pioneering contributions to the thriller genre Oppenheim delves into the intrigue of espionage romance and adventure demonstrating his deft handling of suspense and foreshadowing Each story reveals his unique ability to entwine intricate storylines with the cultural and historical tapestry of his time allowing readers to immerse themselves in a world rich with tension and emotional depth Oppenheim often dubbed the Prince of Storytellers was a prolific author whose career spanned several decades during which he witnessed the tumultuous events of the World Wars His experiences and keen observations of societal shifts informed his writing enabling him to craft tales that resonate with themes of loyalty betrayal and the complexities of human motivations This background uniquely positioned him to capture the zeitgeist of a generation while intertwining universal themes that continue to captivate readers For those with an appreciation for vintage literary crafts and the evolution of suspense narratives *The Complete Works* is an essential addition to any library It not only provides a fascinating glimpse into the mind of one of the genre's forefathers but also offers modern readers an opportunity to reflect on timeless human struggles through Oppenheim's compelling storytelling **Selected Short Stories by Sir Arthur Conan Doyle** Sir Arthur Conan Doyle, This is an account of the wanderings of a spiritualist geographical and speculative Should the reader have no interest in psychic things if indeed any human being can be so foolish as not to be interested in his own nature and fate then this is the place to put the book down It were better also to end the matter now if you have no patience with a go as you please style of narrative which founds itself upon the conviction that thought may be as interesting as action and which is bound by its very nature to be

intensely personal I write a record of what absorbs my mind which may be very different from that which appeals to yours But if you are content to come with me upon these terms then let us start with my apologies in advance for the pages which may bore you and with my hopes that some may compensate you by pleasure or by profit I write these lines with a pad upon my knee heaving upon the long roll of the Indian Ocean running large and grey under a grey streaked sky with the rain swept hills of Ceylon just one shade greyer lining the Eastern skyline So under many difficulties it will be carried on which may explain if it does not excuse any slurring of a style which is at its best but plain English There was one memorable night when I walked forth with my head throbbing and my whole frame quivering from the villa of Mr Southey at Merthyr Behind me the brazen glare of Dowlais iron works lit up the sky and in front twinkled the many lights of the Welsh town For two hours my wife and I had sat within listening to the whispering voices of the dead voices which are so full of earnest life and of desperate endeavours to pierce the barrier of our dull senses They had quivered and wavered around us giving us pet names sweet sacred things the intimate talk of the olden time Graceful lights signs of spirit power had hovered over us in the darkness It was a different and a wonderful world Now with those voices still haunting our memories we had slipped out into the material world a world of glaring iron works and of twinkling cottage windows As I looked down on it all I grasped my wife s hand in the darkness and I cried aloud My God if they only knew if they could only know Perhaps in that cry wrung from my very soul lay the inception of my voyage to the other side of the world The wish to serve was strong upon us both God had given us wonderful signs and they were surely not for ourselves alone I had already done the little I might From the moment that I had understood the overwhelming importance of this subject and realised how utterly it must change and chasten the whole thought of the world when it is whole heartedly accepted I felt it good to work in the matter and understood that all other work which I had ever done or could ever do was as nothing compared to this Therefore from the time that I had finished the history of the Great War on which I was engaged I was ready to turn all my remaining energies of voice or hand to the one great end At first I had little of my own to narrate and my task was simply to expound the spiritual philosophy as worked out by the thoughts and experiences of others showing folk so far as I was able that the superficial and ignorant view taken of it in the ordinary newspapers did not touch the heart of the matter My own experiences were limited and inconclusive so that it was the evidence of others which I quoted But as I went forward signs were given in profusion to me also such signs as were far above all error or deception so that I was able to speak with that more vibrant note which comes not from belief or faith but from personal experience and knowledge

Stories of Brave Old Times Helen M. Cleveland, 1904

July 1914 Sean McMeekin, 2014-04-29 When a Serbian backed assassin gunned down Archduke Franz Ferdinand in late June 1914 the world seemed unmoved Even Ferdinand s own uncle Franz Josef I was notably ambivalent about the death of the Hapsburg heir saying simply It is God s will Certainly there was nothing to suggest that the episode would lead to conflict much less a world war of such massive and horrific proportions that it would fundamentally reshape

the course of human events As acclaimed historian Sean McMeekin reveals in July 1914 World War I might have been avoided entirely had it not been for a small group of statesmen who in the month after the assassination plotted to use Ferdinand s murder as the trigger for a long awaited showdown in Europe The primary culprits moreover have long escaped blame While most accounts of the war s outbreak place the bulk of responsibility on German and Austro Hungarian militarism McMeekin draws on surprising new evidence from archives across Europe to show that the worst offenders were actually to be found in Russia and France whose belligerence and duplicity ensured that war was inevitable Whether they plotted for war or rode the whirlwind nearly blind each of the men involved from Austrian Foreign Minister Leopold von Berchtold and German Chancellor Bethmann Hollweg to Russian Foreign Minister Sergei Sazonov and French president Raymond Poincar sought to capitalize on the fallout from Ferdinand s murder unwittingly leading Europe toward the greatest cataclysm it had ever seen A revolutionary account of the genesis of World War I July 1914 tells the gripping story of Europe s countdown to war from the bloody opening act on June 28th to Britain s final plunge on August 4th showing how a single month and a handful of men changed the course of the twentieth century
