**Farewell To The Peasantry?** Gerardo Otero, 2019-03-06 Farewell to the Peasantry questions class reductionist assumptions in certain Marxist and populist approaches to political movements in twentieth century rural Mexico highlighting the interpretation of the process of political class formation Frantz Fanon and Emancipatory Social Theory, 2019-10-01 In Frantz Fanon and Emancipatory Social Theory A View from the Wretched Dustin J Byrd and Seyed Javad Miri bring together a collection of essays by a variety of scholars who explore the lasting influence of Frantz Fanon psychiatrist revolutionary and social theorist Fanon's work not only gave voice to the wretched in the Algerian War of Independence 1954-1962 but also shaped the radical resistance to colonialism empire and racism throughout much of the world His seminal works such as Black Skin White Masks and The Wretched of the Earth were read by The Black Panther Party in the United States anti imperialists in Africa and Asia and anti monarchist revolutionaries in the Middle East Today many revolutionaries and scholars have returned to Fanon's work as it continues to shed light on the nature of colonial domination racism and class oppression Contributors include Syed Farid Alatas Rose Brewer Dustin J Byrd Sean Chabot Richard Curtis Nigel C Gibson Ali Harfouch Timothy Kerswell Seyed Javad Miri Mumia Abu Jamal Pramod K Nayar Elena Flores Ruiz Majid Sharifi Mohamed Imran Mohamed Taib and Esmaeil Zeiny Alabama in Africa Andrew Zimmerman, 2012-05-27 This work recounts an expedition sent by Tuskegee Institute to transform the German colony of Togo West Africa into a cotton economy like the American South This book reveals a transnational politics of labour sexuality and race invisible to earlier national imperial and comparative historical perspectives *Peasants and Globalization* A. Haroon Akram-Lodhi, Cristóbal Kay, 2012-08-21 In 2007 for the first time in human history a majority of the world's population lived in cities However on a global scale poverty overwhelmingly retains a rural face This book assembles an unparalleled group of internationally eminent scholars in the field of rural development and social change in order to explore historical and contemporary processes of agrarian change and transformation and their consequent impact upon the livelihoods poverty and well being of those who live in the countryside The book provides a critical analysis of the extent to which rural development trajectories have in the past and are now promoting a change in rural production processes the accumulation of rural resources and shifts in rural politics and the implications of such trajectories for peasant livelihoods and rural workers in an era of globalization Peasants and Globalization thus explores continuity and change in the debate on the agrarian question from its early formulation in the late 19th century to the continuing relevance it has in our times including chapters from Terence Byres Amiya Bagchi Ellen Wood Farshad Araghi Henry Bernstein Saturnino M Borras Ray Kiely Michael Watts and Philip McMichael Collectively the contributors argue that neoliberal social and economic policies have in deepening the market imperative governing the contemporary world food system not only failed to tackle the underlying causes of rural poverty but have indeed deepened the agrarian crisis currently confronting the livelihoods of peasant farmers and rural workers This

crisis does not go unchallenged as rural social movements have emerged for the first time on a transnational scale Confronting development policies that are unable to reduce let alone eliminate rural poverty transnational rural social movements are attempting to construct a more just future for the world s farmers and rural workers      **Specters of Revolution** Alexander Aviña,2014 *Specters of Revolution* examines the development of two guerrilla insurgencies led by schoolteachers in Mexico during the 1960s Relying upon recently declassified documents and oral histories it chronicles a history of nonviolent peasant political action underscored by long held rural utopian ideals radicalized by persistent state terror      **Poems of purpose, and sketches in prose of Scottish peasant life and character [&c.].** Janet Hamilton,1865

**Poems of Purpose and Sketches in Prose of Scottish Peasant Life and Character in Auld Langsyne, Sketches of Local Scenes and Characters** Janet Hamilton,1865      The Polish Peasant in Europe and America William Isaac Thomas,Florian Znaniecki,1920      **Collective Empowerment in Latin America** Gerardo Otero,Efe Can Gürcan,2024-06-20 This book develops a theory of collective empowerment that looks for change both from the bottom up in civil society and from the top down from state interventions responding to such pressure Reflecting on the advancement of Indigenous and peasant movements in Latin America since the neoliberal reformation of capitalism in the 1980s the book outlines a path for progressive social action in which bottom up pressure by social movements can help progressive parties to gain state power The book considers how Indigenous and peasant movements in Argentina Bolivia Brazil Ecuador and Mexico have tried to reshape crucial structures of society from the bottom up While this mobilization from below is critical and necessary the book argues that these movements must be supplemented by top down change from progressive state interventions as happened mostly in Bolivia and Brazil The authors conclude that progressive societal action can have massive impact in transforming some of the main socioeconomic structures that determine humans relation to the extraction of natural resources income and wealth inequality and even the location of a nation s insertion in world capitalism This book will be an important resource for social movement activists and for researchers working in political sociology sociological theory political studies development studies social movements and Latin American Studies      The Harp and Plow. *Leo Tolstoy in Conversation with Four Peasant Sectarian Writers* Andrew Donskov, 2019-04-30 Andrew Donskov takes a critical look not only at Tolstoy's attitude towards the peasant class he so often championed for their simple ways and freedom from upper class sophistication and pretentiousness but more importantly gives voice to representatives of the peasant class itself The theme of the peasantry is central throughout most of Tolstoy's long career His obsession with this class is seen not just as a matter of social or humanitarian concern but as a response to the questions of how to live a good life and what is the meaning of life that an inevitable death will not destroy These questions plagued him his entire life The letters he exchanged with the four major peasant sectarian writers Bondarev Zheltov Verigin and Novikov reveal that Tolstoy was matched as a profound thinker by his correspondents as they converse on religious moral questions the meaning of life and how one should strive to find it and on a wide array of burning social and personal problems Reading through the analysis and the extensively annotated letters as a unified whole elucidates the progressive development of the ideas they shared and where these diverged and which guided Tolstoy's and his correspondents' lives Juxtaposing Tolstoy's letters with those of his four sectarian correspondents makes them even more significant as it shows them in their original context a dialogue or conversation Also with the aim to present the conversation in an even broader context Andrew Donskov briefly discusses Tolstoy's relationship with peasants in general as well as with each of the four individual writers in particular In addition he provides a background sketch of two major religious groups namely the Doukhobors and the Molokans both of which still claim sizeable populations of followers in North America today Originally published in 2008 by the Slavic Research Group at the University of Ottawa under the title *Leo Tolstoy and*
