

Farinelli Il Castrato

Claire Monk

Farinelli Il Castrato:

Farinelli George Frideric Handel, 1996 *Castration, Impotence, and Emasculation in the Long Eighteenth Century* Anne Leah Greenfield, 2019-11-20 This essay collection examines one of the most fearsome fascinating and hotly discussed topics of the long eighteenth century masculinity compromised During this timespan there was hardly a literary or artistic genre that did not feature unmanning regularly and prominently from harrowing tales of castrations in medical treatises to emasculated husbands in stage comedies to sympathetic and powerful eunuchs in prose fiction to glorious operatic performances by castrati in Italy to humorous depictions in caricature and satirical paintings to fearsome descriptions of Eastern eunuchs in travel narratives to foolish and impotent old men who became a mainstay in drama Not only does this unprecedented study of unmanning in all of its varied forms illustrate the sheer prevalence of a trope that featured prominently across literary and artistic genres but it also demonstrates the ways diminished masculinity reflected some of the most strongly held anxieties interests and values of eighteenth century Britons **The Eunuch in Byzantine History and Society** Shaun Tougher, 2009-06-02 The existence of eunuchs was one of the defining features of the Byzantine Empire Covering the whole span of the history of the empire from the fourth to the fifteenth centuries AD Shaun Tougher presents a comprehensive survey of the history and roles of eunuchs making use of extensive comparative material such as from China Persia and the Ottoman Empire as well as about castrato singers of the eighteenth century of Enlightenment Europe and self castrating religious devotees such as the Galli of ancient Rome early Christians the Skoptsy of Russia and the Hijras of India The various roles played by eunuchs are examined They are not just found as servile attendants some were powerful political players such as Chrysaphius who plotted to assassinate Attila the Hun and others were prominent figures in Orthodoxy as bishops and monks Furthermore there is offered an analysis of how society thought about eunuchs especially their gender identity were they perceived as men women or a third sex The broad survey of the political and social position of eunuchs in the Byzantine Empire is placed in the context of the history of the eunuch in general An appendix listing key eunuchs of the Byzantine Empire describing their careers is included and the text is fully illustrated **Resonant Alterities** Sylvia Mieszkowski, 2014-11-15 *Resonant Alterities* bridges the gap between sound studies and literary criticism A queer ghost story by Vernon Lee an occultist novel of psychic adventure by Algernon Blackwood a dystopian science fiction tale by J G Ballard and a post traumatic short novel by Don DeLillo are its primary objects of analysis Each is explored within the context of its contemporary cultural debates on sound Meanwhile all four theory enriched readings focus on intersecting and desire laden processes of meaning making knowledge production and subject formation Focal points are aurally audio visually structured phenomena expressive of both collective and individual anxieties **Opera In The Flesh** Sam Abel, 2019-06-26 Verdi Wagner polymorphous perversion Puccini Brunnhilde Pinkerton and Parsifal all rub shoulders in this delightful poetic insightful sexual book sprung by one man s physical response to the power and exaggeration we call opera Sam Abel applies

a light touch as he considers the topic of opera and the eroticized body Why do audiences respond to opera in a visceral way How does opera like no other art form physically move watchers How and why does opera arouse feelings akin to sexual desire Abel seeks the answers to these questions by examining homoerotic desire the phenomenon of the castrati operatic cross dressing and opera as presented through the media In this deeply personal book Abel writes These pages map my current struggles to pin down my passion for opera my intense admiration for its aesthetic forms and beauties but much more they express my astonishment at how opera makes me lose myself how it consumes me In so doing Abel uncovers what until now through dry musicology and gossip history has been left behind a wall of silence the physical and erotic nature of opera Although Abel can speak with certainty only about his own response to opera he provides readers with a language and a resonance with which to understand their own experiences Ultimately *Opera in the Flesh* celebrates the power of opera to move audiences as no other book has done It is indeed a treasure of scholarship passion and poetry for everyone with even a passing interest in this fascinating art form

"Opera Remade, 1700?750 " Charles Dill,2017-07-05 Opera in the first half of the eighteenth century saw the rise of the memorable composer and the memorable work Recent research on this period has been especially fruitful showing renewed interest in how opera operated within its local cultures what audience members felt was at stake in opera performances who the people composers and performers were who made opera possible The essays for this volume capture the principal themes of current research the idea of opera opera criticism the people of opera and the emerging technologies of opera

Changing Tunes: The Use of Pre-existing Music in Film Robynn Stilwell,2017-09-08 The study of pre existing film music is now a well established part of Film Studies covering classical music and popular music Generally these broad musical types are studied in isolation This anthology brings them together in twelve focused case studies by a range of scholars including Claudia Gorbman Jeongwon Joe Raymond Knapp and Timothy Warner The first section explores art music both instrumental and operatic it revolves around the debate on the relation between the aural and visual tracks and whether pre existing music has an integrative function or not The second section is devoted to popular music in film and shows how very similar the functions of popular music in film are to the supposedly more elite classical music and opera Case studies in part 1 Eyes Wide Shut Raging Bull Brief Encounter Detective The Godfather Part III three versions of the Carmen story DeMille s Preminger s and Rosi s Amadeus The Birth of a Nation M Eine Stadt sucht einen MA rder Needful Things Rat Race Case studies in part 2 various films by AlmodA 3var Young Frankenstein Pulp Fiction Trainspotting Amelie High Fidelity Ghost World Heavenly Creatures The Virgin Suicides and the video Timber by Coldcut

Split Screen Philip Mosley,2001-01-01 Explores the historical evolution of Belgian cinema as well as its contemporary situation within the evolving contexts of global media and European unity

A History of Opera Carolyn Abbate,Roger Parker,2015-09-08 The best single volume ever written on the subject such is its range authority and readability Times Literary Supplement Why has opera transfixed and fascinated audiences for centuries Carolyn Abbate and Roger Parker

answer this question in their effervescent witty *Die Welt* Germany retelling of the history of opera examining its development the musical and dramatic means by which it communicates and its role in society Now with an expanded examination of opera as an institution in the twenty first century this lucid and sweeping Boston Globe narrative explores the tensions that have sustained opera over four hundred years between words and music character and singer inattention and absorption Abbate and Parker argue that though the genre s most popular and enduring works were almost all written in a distant European past opera continues to change the viewer physically emotionally intellectually with its enduring power **The Music Sound** Nicolae Sfetcu,2014-05-07 A guide for music compositions events forms genres groups history industry instruments language live music musicians songs musicology techniques terminology theory music video Music is a human activity which involves structured and audible sounds which is used for artistic or aesthetic entertainment or ceremonial purposes The traditional or classical European aspects of music often listed are those elements given primacy in European influenced classical music melody harmony rhythm tone color timbre and form A more comprehensive list is given by stating the aspects of sound pitch timbre loudness and duration Common terms used to discuss particular pieces include melody which is a succession of notes heard as some sort of unit chord which is a simultaneity of notes heard as some sort of unit chord progression which is a succession of chords simultaneity succession harmony which is the relationship between two or more pitches counterpoint which is the simultaneity and organization of different melodies and rhythm which is the organization of the durational aspects of music The child in Spanish cinema Sarah Wright,2015-11-01 In this the first full length treatment of the child in Spanish cinema Sarah Wright explores the ways that the cinematic child comes to represent prosthetic memory The central theme of the child and the monster is used to examine the relationship of the self to the past and to cinema Concentrating on films from the 1950s to the present day the book explores religious films musicals art house horror science fiction social realism and fantasy It includes reference to Erice s *The Spirit of The Beehive* del Toro s *Pan s Labyrinth* Ma as s *El Bola* and the Marisol films The book also draws on a century of filmmaking in Spain and intersects with recent revelations concerning the horrors of the Spanish past The child is a potent motif for the loss of historical memory and for its recuperation through cinema This book is suitable for scholars and undergraduates working in the areas of Spanish cinema Spanish cultural studies and cinema studies Iconography of the New Empire Servando D. Halili,2006 This book makes a postcolonial reading of the American invasion and colonization of the Philippines in 1898 It considers how nineteenth century American popular culture specifically political cartoons and caricatures influenced American foreign policy These sources drawn from several U S libraries and archives show how race and gender ideologies significantly influenced the move of the U S to annex the Philippines The book not only includes a significant collection of political cartoons and caricatures about Filipinos it also offers an alternative interpretation of the reasons why the U S ventured into colonial expansion in Asia *Napoleon's Privates* Tony Perrottet,2009-10-13 When Tony Perrottet heard that Napoleon s

baguette had been stolen by his disgruntled doctor a few days after the Emperor's death he rushed out to New Jersey Why Because that's where an eccentric American collector who had purchased Napoleon's member at a Parisian auction now kept the actual relic in an old suitcase under his bed The story of Napoleon's privates triggered Perrottet's quest to research other such exotic sagas from history to discover the actual evidence behind the most famous age-old mysteries Did Churchill really send condoms of a surprising size to Stalin Were champagne glasses really molded upon Marie Antoinette's breasts What was JFK's real secret service What were Casanova's best pickup lines Napoleon's Privates is filled with offbeat riotously entertaining anecdotes that are guaranteed to amaze shock and enliven any dinner party

Pigmalion's Reverie: a Korean's Misreading of Major American and British Poetry Kyu-myung Lee, 2018-06-27 Reading is not an unusual or unfamiliar thing It must be the first condition of life Though illiterate or literate humans should read things letters incidents and situations according to each level of recognition so that they can survive surroundings under the brutal principle of natural selection Namely reading must be a reaction for survival By the way there are many kinds of readings in the literary world close reading that new criticism favored authentic reading that modernism based on elitism pursued and misreading as suggested by Harold Bloom that wayward postmodernism allows Whichever reading we may choose it would be innocent because any reading must linger on the level of the parable of Plato's cave in which humans could read the dim shadows of things reflected on the wall In this sense Bloom's term is very honest rather than being postmodern or deconstructive Thus humans can't read the existence of thing itself What they can read at best is nothing but the indirect misunderstood fruit through the medium of language according to F Saussure's linguistics Frankly humans were born to tell a lie about thing itself which would be the truth or fate of human existence Accordingly however meticulously we may read poems that would be no better than misreading Hence my book has a naive aim that worldwide readers can freely read esoteric English poetry by famed poets regardless of these or those ways of reading and the interpretations of English poetry don't belong to those professional or authoritarian but to reading public Furthermore through reading this subjective criticism on English poetry worldwide readers can feel interested in how a Korean is reading it Thus this book can dedicate itself to the dialectic convergence between the Eastern and the Western ideal

The Ashgate Research Companion to Women and Gender in Early Modern Europe Jane Couchman, 2016-03-23 Over the past three decades scholars have transformed the study of women and gender in early modern Europe This Ashgate Research Companion presents an authoritative review of the current research on women and gender in early modern Europe from a multi-disciplinary perspective The authors examine women's lives ideologies of gender and the differences between ideology and reality through the recent research across many disciplines including history literary studies art history musicology history of science and medicine and religious studies The book is intended as a resource for scholars and students of Europe in the early modern period for those who are just beginning to explore these issues and this time period as well as for scholars learning about aspects of the field in which

they are not yet an expert The companion offers not only a comprehensive examination of the current research on women in early modern Europe but will act as a spark for new research in the field *Film Music in the Sound Era* Jonathan Rhodes Lee, 2020-03-10 Film Music in the Sound Era A Research and Information Guide offers a comprehensive bibliography of scholarship on music in sound film 1927 2017 Thematically organized sections cover historical studies studies of musicians and filmmakers genre studies theory and aesthetics and other key aspects of film music studies Broad coverage of works from around the globe paired with robust indexes and thorough cross referencing make this research guide an invaluable tool for all scholars and students investigating the intersection of music and film This guide is published in two volumes Volume 1 Histories Theories and Genres covers overviews historical surveys theory and criticism studies of film genres and case studies of individual films Volume 2 People Cultures and Contexts covers individual people social and cultural studies studies of musical genre pedagogy and the industry A complete index is included in each volume *Musical Works and Performances* Stephen Davies, 2004 Stephen Davies addresses such questions as What are musical works are they discovered or created of what elements are they comprised how are they specified what s a performance and is it possible to perform old music authentically *Heritage Film Audiences* Claire Monk, 2012-09-07 This book is a study of the contemporary audiences for quality period films and their responses to these films with reference to the critical debate which constructs many of these films as heritage films *Filmonomics* André de Palma, Luc Leruth, 2025-04-08 What could movies as diverse as The Last Samurai Cl o from 5 to 7 or Dr Strangelove have in common Filmonomics has a simple yet intriguing answer economics as the main driving force of the plot or as the main motivation of the characters actions This book analyses how movie makers use economic and financial motives in their plots or to build their characters Have they done it in line with economic theory Or are they proposing a new angle a new perspective that economists should take note of The authors here do not discuss wages in the film industry or the economics of movies What interests them is the economic motivations underpinning the behaviour of fictional characters in their favourite films They argue that credible movie characters can behave in irrational ways and movie makers occasionally introduce new ideas that economists should take note of A unique contribution this book will be of interest to readers eager to discover what economists have to say about films and film directors It will be indispensable for students and researchers of economics media studies film studies and cultural studies **Fantasies of music in nostalgic medievalism** Helen Dell, 2024-01-30 In the period between the Second World War and the present there has been an extraordinary rise in the production of medievalist fantasy literature and film This has been accompanied by the revival performance and invention of medieval music In this enterprise modern fantasies of the Middle Ages have exercised great influence Fantasies of music in nostalgic medievalism shows how music medievalism and nostalgia have been woven together in the fantasies of writers and readers musicians musicologists directors and listeners film makers and film goers This book studies the ways in which three fields of creative activity inspired by the medieval musical performance literature

cinema and their reception have worked together to produce and sustain for some the fantasy of a long lost long mourned
