Farmer Politician In New Zealand History:

The Farmer Politician in New Zealand History W. J. Gardner, 1970 **Historical Dictionary of New Zealand** Janine Hayward, Richard Shaw, Lara Greaves, Claire Timperley, 2024-11-19 The Historical Dictionary of New Zealand Fourth Edition provides a broad introduction to New Zealand as well as rich detail about the people events laws concepts and institutions that have shaped New Zealand history This is done through a chronology an introduction and an extensive bibliography The dictionary section has more than 800 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about New Zealand Richard Seddon: King of God's Own Tom Brooking, 2014-08-27 2014 Must Read Otago Daily Times The life the health the intelligence and the morals of the nation count for more than riches and I would rather have this country free from want and squalor and unemployed than the home of multi millionaires Richard Seddon 1905 Casting a long shadow over New Zealand history Richard John Seddon Premier from 1893 to his untimely death in 1906 held a clear vision for the country he led Pushing New Zealand in more egalitarian directions than ever before he was both the builder and the maintenance man if not the architect of our country Challenging popular opinion of New Zealand s longest serving Prime Minister as a ruthless pragmatist cunning misogynist and Imperialistic jingoist this landmark biography of Seddon presents an altogether more sympathetic erudite appraisal Reconciling two generations of New Zealand scholarship Richard Seddon King of God s Own demonstrates that while holding fast to common ideals Seddon was successful by mastering the art of the possible He knew instinctively what his electorate would tolerate and remained in step with public opinion Despite contradictions in his attitudes towards other races he fought to ensure privilege did not become entrenched in what he envisioned as a white man s utopia In this perceptive new evaluation political historian Tom Brooking explains Seddon s complex relationship with Maori and shows how he in fact held a progressively bi cultural vision for the future of God s Own Country Seddon was no saint Somewhat autocratic and given to petty nepotism he nevertheless remains the most dominant political leader in our country s history Internationally his high profile within the Empire helped put New Zealand on the map Domestically he sought a middle ground between free market extremism and full blown socialism And more privately Seddon was a devoted family man his actions shaped much more by his supportive wife and assertive daughters than has previously been realised Richard Seddon King of God s Own is a superlative achievement in New Zealand history writing Absorbing wide ranging and beautifully articulated it reframes and repositions one of the founding fathers of modern New Zealand The definitive biography of one of New Zealand s most influential political leaders Paul Moon author of *New Zealand in the Twentieth Century* King of God s Own is a nuanced and generous assessment of our most famous Premier a man very much of his own time Gavin McLean co editor of the bestselling *Frontier of Dreams The Story of New Zealand* An excellent biography and a major revision of an important period in this country s history Barry Gustafson

The 20th Century Go-N Frank N. Magill, 2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography Historical & Political Dictionary of New Zealand Keith Jackson, Alan McRobie, 2008 This new retitled and expanded New Zealand edition is a substantially revised edition of the Historical Dictionary of New Zealand published in the United States in 2005 It describes the many changes of the past decade while building on the solid foundations of the earlier editions that examined the country's long and lively history It covers a wide range of topics from relations between the Pakeha and the Maori to the country's recent economic changes and environmental policies The introduction provides a good starting point and the chronology traces New Zealand's history from the earliest settlers to the present The dictionary includes hundreds of entries on important people places events and institutions as well as significant political economic social and cultural aspects and a bibliography for further reading **The Oxford History of New Zealand** William Hosking Oliver, Bridget R. Williams, 1981 Family Experiments Shelley Richardson, 2016-11-30 Family Experiments explores the forms and undertakings of family that prevailed among British professionals who migrated to Australia and New Zealand in the late nineteenth century Their attempts to establish and define family in Australasian suburban environments reveal how the Victorian theory of separate spheres could take a variety of forms in the new world setting The attitudes and assumptions that shaped these family experiments may be placed on a continuum that extends from John Ruskin's concept of evangelical motherhood to John Stuart Mill's rational secularism Central to their thinking was a belief in the power of education to produce civilised and humane individuals who as useful citizens would individually and in concert nurture a better society Such ideas pushed them to the forefront of colonial liberalism The pursuit of higher education for their daughters merged with and in some respects influenced first wave colonial feminism They became the first generation of colonial middle class parents to grapple not only with the problem of shaping careers for their sons but also and more frustratingly what graduate daughters might do next New Zealand Farmer Weekly, 1925 Emigrants and empire Stephen Constantine, 2021-06-15 Professor Drummond's two pioneering studies British Economic Policy and the Empire 1919 1939 1972 and Imperial Economic Policy 1917 1939 1974 helped to revive interest in Empire migration and other aspects of inter war imperial economic history This book concentrates upon the attempts to promote state assisted migration in the post First World War period particularly associated with the Empire Settlement Act of 1922 It examines the background to these new emigration experiments the

development of plans for both individual and family migration as well as the specific schemes for the settlement of ex servicemen and of women Varying degrees of encouragement acquiescence and resistance with which they were received in the dominions are discussed After the First World War there was a striking reorientation of state policy on emigration from the United Kingdom A state assisted emigration scheme for ex servicemen and ex servicewomen operating from 1919 to 1922 was followed by an Empire Settlement Act passed in 1922 This made significant British state funding available for assisted emigration and overseas land settlement in British Empire countries Foremost amongst the achievements of the high minded imperial projects was the free passage scheme for ex servicemen and women which operated between 1919 and 1922 under the auspices of the Oversea Settlement Committee Cheap passages were considered as one of the prime factors in stimulating the flow of migration particularly in the case of single women The research represented here makes a significant contribution to the social histories of these states as well as of the United Kingdom

Rural Politics Michael Winter, 2013-05-13 The rural areas of Britain Europe and the developed world are undergoing massive changes with increasing concern about productivity agricultural methods and environmental policy Rural Politics examines the issues affecting rural areas such as water pollution forestry and the greening of agricultural policy It looks in particular at the political parameters to these issues and how concern for the countryside is essentially a part of a wider set of political processes Rural Politics provides a much needed examination of the evolution and content of policies affecting today s countryside both in terms of major land uses and economic and social development

Farming Inside Invisible Worlds Hugh Campbell, 2020-09-03 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com It is funded by the University of Otago New Zealand Farming Inside Invisible Worlds argues that the farm is a key player in the creation and stabilisation of political economic and ecological power particularly in colonised landscapes like New Zealand America and Australia This open access book reviews and rejects the way that farms are characterised in orthodox economics and agricultural science and then shows how re centring the farm using the theoretical idea of political ontology can transform the way we understand the power of farming Starting with the colonial history of farms in New Zealand Hugh Campbell goes on to describe the rise of modernist farming and its often hidden political racial and ecological effects He concludes with an examination of alternative ways to farm in New Zealand showing how the prior histories of colonisation and modernisation reveal important ways to farm differently in post colonial worlds Hugh Campbell s book has wide ranging implications for understanding the role farms play in both our food systems and landscapes and is an exciting new addition to food studies

Rural protest groups and populist political parties Dirk Strijker, Gerrit Voerman, Ida Terluin, 2023-08-07 Some agricultural or rural protest groups in the Western world evolved into political parties often of a populist nature whereas others did not This book is the first to explore under which conditions this happens and to what extent current populist

parties have agricultural or rural ties and related agendas Well known authors with a background in rural studies or in political sciences describe and analyse the situation in a number of Western countries the United Kingdom France Poland Austria the Netherlands Australia Finland The contributions in this book show that the accessibility and responsiveness of the political system and the institutionalized agrarian interest groups as well as the existing political landscape are influencing the decisions of rural protest groups to found a political party However nowadays the chances of these parties being successful are small due to the declining share of the agricultural sector within European societies Although there will always be grounds for agrarian protest it seems safe to say that the heyday of agrarian populism is over **Buying the**

Land, Selling the Land Richard Boast, 2008 Studying Crown Maori land policy and practice in the period 1869 1929 from the establishment of the Native Land Court power until the cessation of large scale Crown purchasing by Gordon Coates this investigation chronicles the bleak and grim tidal wave of Crown purchasing that dominated the Maori people under very difficult circumstances While recognizing that the government purchasing of Maori land was in its own way driven by genuine if blinkered idealism this work s deep research on land purchasing policy gives renewed insight on the significant politicians of the era such as Sir Donald McLean John Balance and John McKenzie who were strong advocates of expanded and state controlled land purchasing New Zealand in the League of Nations Gerald Chaudron, 2011-11-08 When New Zealand s prime minister William Massey joined other heads of British Empire countries in signing the 1919 Treaty of Versailles to end World War I and join the League of Nations he did not regard the act as a declaration of independence On the contrary while Canadian and South African leaders saw membership in the league as a rite of passage towards greater autonomy New Zealand s leader viewed it as an unwelcome burden and a potential threat to the British Empire This history of New Zealand s relations with the League of Nations from its inception in 1920 to its demise in 1946 follows the government s transformation in attitude from its initial hostility to detached acceptance and finally passionate support in the late 1930s By chronicling this complex movement the book traces New Zealand s first tiny halting steps towards developing its own foreign policy **The Agricultural Journal** British Columbia.
