Farmer Threat The Political Economy Of Agrarian Reform In Post Soviet Russia:

The Farmer Threat Don Van Atta, 1993-05-26 Exploring the origins and progress of the current agrarian reforms contributing authors analyze the significance of contemporary Russian evaluations of pre revolutionary rural reform and many other agrarian issues

The Farmer Threat DAVID A J. LIEFERT MACEY (BILL. HAHN, WERNER.), 2020-03-31 This volume examines the agrarian crisis primarily in Russia but also in other states of former USSR from a variety of perspectives and disciplines surveying the context of agrarian reforms in recent years and examining the specifics of individual farming development in post Soviet Russia

The Political Economy of Post-Soviet Russia V. Tikhomirov, 2000-05-15 This book deals with general political and economic developments that took place in Russia since the collapse of the Soviet Union The major aim of the book is to analyse successes and failures of Russian reform attempts as well as their effect on the development of Russian regions particularly from the point of view of interrelation between socio economic tendencies and political developments Analysis concentrates on both national dynamics and dynamics of development in three main groups of regions mining agricultural and manufacturing

The Political Economy of Russia Neil Robinson, 2012-07-30 This timely book explores Russia s political development since the collapse of the USSR and how inextricably it has been bound up with economic change Assessing the legacies of the Soviet period leading scholars trace the evolution of Russia s political economy and how it may develop as bitter battles continue to be waged over property and state revenues the development of private agriculture and welfare This book puts these domestic issues in international and comparative perspective by considering Russia s position in the global economy and its growing role as a major energy producer Focusing especially on the nature and future of Russian capitalism the contributors weigh the political problems that confront Russia in its ongoing struggle to modernize and develop its economy

Rural Reform in Post-Soviet Russia David J. O'Brien, Stephen K. Wegren, 2002-03-20 Rural Reform in Post Soviet Russia reviews change in agricultural and rural life since 1990 through historical political sociological and anthropological investigation The contributors interest is not so much in agriculture itself but in agrarian issues such as the relationship between rural interests and changing Russian institutions the economic and social organization of rural households and the quality of life in rural families and villages

Agrarian Reform in Russia Carol S. Leonard, 2010-12-06 This book examines the history of reforms and major state interventions affecting Russian agriculture the abolition of serfdom in 1861 the Stolypin reforms the NEP the Collectivization Khrushchev reforms and finally farm enterprise privatization in the early 1990s It shows a pattern emerging from a political imperative in imperial Soviet and post Soviet regimes and it describes how these reforms were justified in the name of the national interest during severe crises rapid inflation military defeat mass strikes rural unrest and or political turmoil It looks at the consequences of adversity in the economic environment for rural behavior after reform and at long run trends It has chapters on property rights rural organization and technological change It provides a new database for measuring agricultural productivity from

1861 to 1913 and updates these estimates to the present This book is a study of the policies aimed at reorganizing rural production and their effectiveness in transforming institutions

Land Reform in the Former Soviet Union and Eastern Europe Stephen K. Wegren, 2003-10-04 Land reform is a key factor in determining the political economic and social future of the transitional states of the former Soviet Union and Eastern Europe This book represents the first major study in this area Utilizing extensive field work unpublished materials statistical data and interviews with land reform officials the contributors explore the key issues

Sowing Market Reforms M. Crumley, 2013-09-18 By examining a sector of the economy that was exposed to increased imports more than four decades ago Crumley illuminates the economic pressures resistance and reform that help to shape Russia's agrarian sector today

China After Socialism: In the Footsteps of Eastern Europe or East Asia? Barrett L. McCormick, Jonathan Unger, 2017-07-05 Nine specialists from four continents address the following questions is China moving toward the type of developmental state and sophisticated economic powerhouse associated with the East Asian miracle does China's Leninist political system and the heritage of a state run heavy industrial sector present too great a burden for successful transformation and what is the likelihood that China's party state will ultimately collapse in a fashion similar to the Leninist governments of Europe The findings and analyses should prove interesting to followers of China East Asia as a whole and the European postcommunist transition

Russia's Food Policies and Globalization Stephen K. Wegren, 2005-01-01 The post Soviet period has witnessed Russia's increasing interdependence with other nations in its food trade as in the economy as a whole President Putin has repeatedly identified international integration as an economic necessity if Russia is to share in the benefits of globalization In *Russia's Food Policies and Globalization* author Stephen K. Wegren analyzes the primary questions affecting Russia and globalization How do Russia's domestic and external food policies affect its efforts at international integration How prepared is Russia for global economic integration for instance entrance into the World Trade Organization What are the structural economic and political obstacles that exist in Russia's food policies which in turn hinder closer integration In short will Russia integrate or fall behind and what is the role of food policy in deciding this crucial issue Through an analysis of Russia's contemporary food policies and strategies Wegren places Russia's economic development in a new international context Political scientists economists policymakers and scholars of the Soviet and post Soviet period as well as those interested in rural studies must read this book

Bread and Autocracy Janetta Azarieva, Yitzhak M. Brudny, Eugene Finkel, Evgeny Finkel, 2023 Food has been crucial to the functioning and survival of governments and regimes since the emergence of early states Yet only in a few countries is the connection between food and politics as pronounced as in Russia Since the 1917 Revolution virtually every significant development in Russian and Soviet history has been either directly driven by or closely associated with the question of food and access to it In fact food shortages played a critical role in the collapse of both the Russian Empire and the USSR Under Putin's watch Russia moved from heavily relying on grain imports to feed the population to being one of the world's leading food exporters In *Bread and*

Autocracy Janetta Azarieva Yitzhak M Brudny and Eugene Finkel focus on this crucial yet widely overlooked transformation as well as its causes and consequences for Russia's domestic and foreign politics The authors argue that Russia's food independence agenda is an outcome of a deliberate decades long policy to better prepare the country for a confrontation with the West Moreover they show that for the Kremlin nutritional self sufficiency and domestic food production is a crucial pillar of state security and regime survival Azarieva Brudny and Finkel also make the case that Russia's focus on food independence also sets the country apart from almost all modern autocracies While many authoritarian regimes have adopted industrial import substitution policies in Putin's Russia it is the substitution of food imports with domestically produced crops that is crucial for regime survival As food reemerges as a key global issue and nations increasingly turn inwards Bread and Autocracy provides a timely and comprehensive look into Russia's experience in building a nutritionally autarkic dictatorship *East Central Europe and the former Soviet Union* Michael Bradshaw, Alison Stenning, 2016-04-15 A comprehensive introduction to the important economic social and political processes and development issues in this increasingly popular area of study Employing a groundbreaking thematic approach the book centres its discussion on the interrelation between contemporary development theories and continuing transition issues in this huge and complex region

Dacha Idylls Melissa L. Caldwell, 2011 Anyone who has spent time in Russia knows the importance of going to the dacha In this ethnography Melissa Caldwell reveals the mystique of rural life by exploring the social nature of gardening and making food and Russian relationships to the land It's truly an innovative study Catherine Wanner author of *Communities of the Converted Ukrainians and Global Evangelism* In this engaging ethnography Melissa Caldwell brilliantly demonstrates what is peculiarly Russian about the dacha long an object of literary and nostalgic imagining while simultaneously situating the vacation cottage within larger histories of leisure consumption home and post socialist transition A must read for scholars of Russia or tourism Pamela Ballinger author of *History in Exile Memory and Identity at the Borders of the Balkans*

Enduring Socialism Harry G. West, Parvathi Raman, 2009 Against the historical backdrop of successive socialist and post socialist claims to have completely remade society the contributors to this volume explore the complex and often paradoxical continuities between diverse post socialist presents and their corresponding socialist and pre socialist pasts The chapters focus on ways in which pre socialist economic political and cultural forms in fact endured an era of socialism and have found new life in the post socialist present notwithstanding revolutionary socialist claims continuities with a pre socialist past have been produced within the historical imaginary of post socialism and socialist economic political and cultural forms have in fact endured in a purportedly postsocialist era despite the claims of neo liberal reformers Publisher's website **Russian**

Civil Society: A Critical Assessment Alfred B. Evans, Laura A. Henry, Lisa Sundstrom, 2016-07-22 A vibrant civil society characterized by the independently organized activity of people as citizens undirected by state authority is an essential support for the development of freedom democracy and prosperity Thus it has been one important indicator of the success of

post communist transitions This volume undertakes a systematic analysis of the development of civil society in post Soviet Russia An introduction and two historical chapters provide background followed by chapters that analyze the Russian context and consider the roles of the media business organized crime the church the village and the Putin administration in shaping the terrain of public life Eight case studies then illustrate the range and depth of actual citizen organizations in various national and local community settings and a concluding chapter weighs the findings and distills comparisons and conclusions

The Postsocialist Agrarian Question C. M. Hann, 2003 This is an age of neo liberalism in which the advantages and virtues of private property are often taken for granted Post socialist governments have privatized and broken up state farms and socialist cooperatives However economic outcomes and the social insecurity now experienced by many rural inhabitants highlight the need for a broader anthropological analysis of property relations which go beyond changes of legal form A century after Kautsky addressed The Agrarian Question in Germany it is necessary to address a post socialist Agrarian Question throughout Central and Eastern Europe the former Soviet Union and China The studies collected here derive from the first cycle of projects carried out at the Max Planck Institute for Social Anthropology They are prefaced by a substantial introduction by Chris Hann Chris Hann is Director of the Max Planck Institute for Social Anthropology Halle Saale

Continuity And Change In Rural Russia A Geographical Perspective Gregory Ioffe, Tatyana Nefedova, 2018-02-23 Contrary to the viewpoint of many Western scholars the authors of this penetrating analysis argue that private farming is not a viable option in Russia s future Instead a convergence of Soviet style subsidiary farming with traditional and reorganized collective farms is the most plausible path of evolution in most rural areas Grigory Ioffe and Tatyana Nefedova arrive at this conclusion by a careful examination of ongoing reform efforts in Russian agriculture against the backdrop of European and Russian agrarian history and rural spatial development since the late nineteenth century The comparisons at the national level are then filled in with consideration of a number of Russian provinces oblasti and regions raiony Their research reveals the substantial negative impact of rural depopulation on the Russian agrarian economy Seventy original maps richly complement and support the narrative

Owning Russia Andrew S. Barnes, 2018-07-05 During and after the breakdown of the Soviet Union a wide range of competitors fought to build new political and economic empires by wresting control over resources from the state and from each other In the only book to examine the evolution of Russian property ownership in both industry and agriculture Andrew Barnes uses interviews archival research and firsthand observation to document how a new generation of capitalists gained control over key pieces of the Russian economy by acquiring debt ridden factories and farms once owned by the state He argues that although the Russian government made policies that affected how actors battled one another it could never rein in the most destructive aspects of the struggle for property Barnes shows that dividing the spoils of the Soviet economy involved far more than the experiment with voucher privatization or the scandalous behavior of a few Moscow based oligarchs In Russia the control of property yielded benefits beyond mere profits and these

high stakes fueled an intense enduring and profound conflict over real assets This fierce competition empowered the Russian executive branch at the expense of the legislature dramatically strengthened managers in relation to workers created a broad array of business conglomerates and fundamentally shaped regional politics not only blurring the line between government and business but often erasing it

Agrarian Reform in the Philippines Jeffrey M. Riedinger, 1995 This book evaluates the capacity of new democratic regimes to promote redistributive agrarian reform an issue of contemporary concern in countries throughout the world Agrarian reform is particularly complex and difficult for new democracies because it curtails the power and privileges of influential elements of society The author analyzes the problems attendant on political liberalization and social and economic reform by examining in detail the formulation and implementation of agrarian reform in the Philippines under the governments of Corazon Aquino and her successor Fidel Ramos The book explores how the interaction between state and society shapes reform policy decisions paying close attention to the role of cultural variables and social organizations It shows that what is needed for successful agrarian reform is a combination of sustained forceful leadership from a disciplined reform oriented political party and grassroots agitation by peasant organizations

The American Bibliography of Slavic and East European Studies Pat Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology
