Martin, 2014-12-16 Alcohol consumption goes to the very roots of nearly all human societies Different countries and regions have become associated with different sorts of alcohol for instance the beer culture of Germany the wine culture of France Japan and sake Russia and vodka the Caribbean and rum or the moonshine culture of Appalachia Wine is used in religious rituals and toasts are used to seal business deals or to celebrate marriages and state dinners However our relation with alcohol is one of love hate We also regulate it and tax it we pass laws about when and where it's appropriate we crack down severely on drunk driving and the United States and other countries tried the failed Noble Experiment of Prohibition While there are many encyclopedias on alcohol nearly all approach it as a substance of abuse taking a clinical medical perspective alcohol alcoholism and treatment The SAGE Encyclopedia of Alcohol examines the history of alcohol worldwide and goes beyond the historical lens to examine alcohol as a cultural and social phenomenon as well both for good and for ill from the earliest days of humankind *Miracle Brew* Pete Brown, 2017-10-02 The Guardian's Best Books on Drink Pick Most people know that wine is created by fermenting pressed grape juice and cider by pressing apples But although it's the most popular alcoholic drink on the planet few people know what beer is made of In lively and witty fashion *Miracle Brew* dives into traditional beer's four natural ingredients malted barley hops yeast and water each of which has an incredible story to tell From the Lambic breweries of Belgium where beer is fermented with wild yeasts drawn down from the air around the brewery to the aquifers below Burton on Trent where the brewing water is rumored to contain life giving qualities *Miracle Brew* tells the full story behind the amazing role each of these fantastic four a grass a weed a fungus and water has to play Celebrated U K beer writer Pete Brown travels from the surreal madness of drink sodden hop blessings in the Czech Republic to Bamberg in the heart of Bavaria where malt smoked over an open flame creates beer that tastes like liquid bacon He explores the origins of fermentation the lost age of hallucinogenic gruit beers and the evolution of modern hop varieties that now challenge wine grapes in the extent to which they are discussed and revered Along the way readers will meet and drink with a cast of characters who reveal the magic of beer and celebrate the joy of drinking it And almost without noticing we'll learn the naked truth about the world's greatest beverage *American Book Publishing Record*, 2005 **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004 **The New Brewer**, 2005 **Beer and Brewing in Medieval Culture and Contemporary Medievalism** John A. Geck, Rosemary O'Neill, Noelle Phillips, 2022-06-25 Beer and Brewing in Medieval Culture and Contemporary Medievalism is a cross cultural analysis of the role that alcohol consumption played in literature social and cultural history and gender roles in the Middle Ages The volume also seeks to correct or offer new insights into historical beer production By drawing on the expertise of scholars of history

archaeology Old and Middle English Old Norse and Medieval and Early Modern literature the book shows how historical medieval beer and brewing has influenced nostalgic post medieval nationalism and romanticized visions of the medieval ale house seen in beer marketing today The essays describe alcohol consumption in the Middle Ages across much of Northern Europe engage with the various myths employed in modern craft beer advertising and beer production and examine how gender intersects with beer production and consumption The editors also raise certain critical questions about medievalisms which need to be interrogated particularly in light of the continued use of the Middle Ages for white supremacist and colonialist ideals The volume contributes to the study of the popular and historical understandings of the Middle Ages as well the issues of race and gender
