My Take LK Advani, 2021-01-19 L K Advani's blogs cut across generations for his contemporaries they have a recall value For the young Indian restless to do his bit in shaping the future of his country Advani's blogs provide a rare insight into history They take him through the turmoil and toil of leaders like Sardar Patel and their distinctive contribution in shaping today's India Advani's blogs have a dual purpose they mirror an era gone by and yet link its relevance to an India raring to take on the world The blogs therefore successfully merge two eras one to which Advani himself belongs with another which sees him as a mentor That Advani has been a consequential politician is a given As a protagonist in the political playfield spanning decades he along with Atal Behari Vajpayee not only formed the Bharatiya Janata Party but transformed it dramatically If the BJP is nationally in the reckoning today it is because of the Atal Advani vision of bringing it centre stage from the margins It is through this journey that he redefined secularism During his historic yatras including the Ramjanambhoomi and Somnath to Ayodhya the country was compelled to redefine secularism and distinguish it from the pseudo secularism being handed down by adversaries But that is only one part The other and more significant is Advani's contribution in setting and elevating standards in public life and hammering that they be followed That he has led from the front is well known The strength of Advani's blogs like his persona is that they are direct candid and forthright There is no soft pedaling issues or minimizing the blow as it were He has stated facts as they are and made no attempt to either underplay or exaggerate any sequence His writings are as clear as his mind The blogs offer a wide range history politics books and all else To those who have a stake in India's political future Advani's blogs are an effective guide for others an interesting read

The Cricketer should always be listened to Scyld Berry The editor of The Cricketer goes on a soul searching journey to discover what the future holds for Test cricket As T20 grows like Japanese knotweed Test cricket is in mortal danger White ball tournaments mainly T20 and T10 are now sprouting in places like the US and Saudi Arabia and Test cricketers are commonly being offered all year round contracts by IPL owners allowing them to play short form tournaments in the West Indies the UAE and elsewhere The IPL has expanded but Australia s Big Bash is contracting the 2023 men s Ashes were concertinaed into a tiny window but The Hundred continues to dominate Is there still hope for Test cricket in this tumultuous sporting landscape Turbervill recalls the poignancy of the final Test of the English summer at The Oval in 2022 and describes how the match could be seen as a metaphor for the demise of the longer game As cricket fans seem divided in the sport s own version of the culture wars traditionalists refusing to accede territory pragmatists wanting to achieve a healthy balance and progressives conceding the change Turbervill asks cricketers commentators and writers about the future of Test cricket With guest appearances including David Gower Graham Gooch Merv Hughes Reece Topley and many more this book reveals if Test cricket can truly survive the next decade *Wisden India Almanack 2017* Suresh Menon,2017-02-23 The fifth edition of Wisden India Almanack has essays from the best writers and those from other fields who are passionate about the sport like the CEO of Microsoft Satya Nadella The coverage of domestic cricket is both extensive and original The Almanack is actually four books in one a volume of essays a book of records an annual of matches played and a miscellany of unusual occurrences all of which make for a great read It is a treat for the cricket fanatic and for those interested in fine writing and intriguing stories **The Shorter Wisden 2019** Lawrence Booth,2019-04-11 The Shorter Wisden is a compelling distillation of what s best in its bigger brother and the 2019 edition of Wisden is crammed as ever with the best writing in the game Wisden s digital version includes the influential Notes by the Editor full coverage of the Pakistan and India tours of England in 2018 and all the front of book articles among which Wisden celebrates the end of Alastair Cook s career and looks back 100 years to cricket s first post war season In an age of snap judgments Wisden s authority and integrity are more important than ever Yet again this year s edition is truly a must have for every cricket fan In essence The Shorter Wisden is a glass of the finest champagne rather than the whole bottle WisdenAlmanack **Cricket Commentary & Commentators** Ravi Chaturvedi,2019-11-16 I have been handed the new ball and asked to bowl the opening spell in this book of Cricket Commentary and Commentators It was always my ambition to play Test cricket for India but I was allergic to grass A pity because I would have been the silliest mid on to have played Test cricket My long leg would have been a sensation There have never been swingers to match mine I used to be such an agile fielder that a piece of music Third Man Theme was composed as a tribute On the serious side as a commentator I was always fascinated by how cricket commentary began While the journey of cricket commentary is fairly well recorded in Australia and England the information on the subject in other eight Test playing countries is scanty This book Cricket Commentary Commentators is a humble attempt to weave together

threads scattered in different areas and diverse directions The scope of the book has been enlarged to include not just commentators but even anchors presenters scorers and statisticians while making it a compendium on commentary With these opening remarks I urge you the reader to move forward
