Fascism Everymans University Library:

Everyman's Judaica Geoffrey Wigoder, 1975 Catalogue of the Kyushu Imperial University Library. Supplement. 1-3
Kyūshū Daigaku. Toshokan, 1933 **The Overman in the Marketplace** Ishay Landa, 2009-04-01 This book explores the emergence and significance of a Nietzschean heroic model in 20th century popular culture some notable examples of which are James Bond Tarzan and Hannibal Lecter **Fascist Scotland** Gavin Bowd, 2013-04-04 On 10 May 1941 Rudolf Hess Deputy Fuhrer of the Third Reich entered Scottish airspace in an ill fated attempt to discuss peace with the Duke of Hamilton For the Nazis Hess was the victim of tragic hallucinations But how far had Hess really flown from reality Although Fascism in Britain is normally associated with England and especially the East End of London and even then dismissed as a marginal political phenomenon Fascism did find support in Scottish society Scotland has provided its own cohort of idealists fanatics and traitors for extreme racist nationalist and authoritarian politics From Dumfries to Alness one of the main ideologies of the first half of the twentieth century found its standard bearers But when Fascism crossed the Cheviots it found itself in a restless part of a multi nation state riven by sectarian hatreds Rudolf Hess felt the natives looked at him in a compassionate way but Scottish Fascism had to carve out a niche in a crowded market for bigotry In this book Gavin Bowd relates a fascinating and little known part of our history which reveals some uncomfortable truths which are bound to stimulate debate even now **Foreign Women Authors under Fascism and Francoism** Pilar Godayol, Annarita Taronna, 2018-11-30 This collection of essays highlights cultural features and processes which characterized translation practice under the dictatorships of Benito Mussolini 1922 1940 and Francisco Franco 1939 1975 In spite of the different timeline some similarities and parallelisms may be drawn between the power of the Fascist and the Francoist censorships exerted on the Italian and Spanish publishing and translation policies Entrusted to European specialists this collection of articles brings to the fore the microhistory that exists behind every publishing proposal whether collective or individual to translate a foreign woman writer during those two totalitarian political periods The nine chapters presented here are not a global study of the history of translation in those black times in contemporary culture but rather a collection of varied cases small stories of publishers collections translations and translators that despite many disappointments but with the occasional success managed to undermine the ideological and literary currents of the dictatorships of Mussolini and Franco **Dictionary Catalog of the University Library, 1919-1962** University of California, Los Angeles. Library, 1963 *Catalog of the Tamiment Institute Library of New York University* Tamiment Library, 1980 **Cultural Cold Wars and UNESCO in the Twentieth Century** W. John Morgan, 2024-09-30 Cultural Cold Wars and UNESCO in the Twentieth Century addresses the now considerable interest in the concept of cultural cold war as a means of advancing ideologies The book charts the development of the concept in the twentieth century Structured in two parts Part I considers the League of Nations idealist attempts at international intellectual cooperation It discusses also the first cultural cold war with the Communist

International s attempts to advance communism It also analyses the ideological and cultural appeal of Italian fascism German national socialism and Japanese nationalist militarism and the transition from a wartime alliance to a new cold war Part II examines the renewal of international intellectual co operation through the United Nations Educational Scientific and Cultural Organization UNESCO in the context of a second cultural cold war between the capitalist democracies and the communist bloc The book shows that UNESCO became a site of this ideological competition and an example of its tensions Based on original research and a comprehensive review of the literature including in Russian German and French the book will appeal to academics postgraduate researchers advanced undergraduates and others interested in recent international history and the comparative politics of ideas Catalogue of the Kyushu Imperial University Library Kyūshū Daigaku.

Toshokan,1932 **Bible and Theory** K. Jason Coker,Scott S. Elliott,2020-11-13 Inspired by and engaging with the provocative and prolific work of Stephen D Moore Bible and Theory showcases some of the most current thinking emerging at the intersections of critical methods with biblical texts The result is a plurality of readings that deconstruct customary disciplinary boundaries These chapters written by a wide range of biblical scholars collectively argue by demonstration for the necessity and benefits of biblical criticism inflected with queer theory literary criticism postmodernism cultural studies and more Bible and Theory Essays in Biblical Interpretation in Honor of Stephen D Moore invites the reader to rethink what constitutes the Bible and to reconsider what we are doing when we read and interpret it *A Catalog of Books Represented by Library of Congress Printed Cards Issued to July 31, 1942* ,1942 **Archaeology Under Dictatorship** Michael L.

Galaty,Charles Watkinson,2007-03-14 Archaeological knowledge is not created in a vacuum and our understanding of the past is profoundly affected by political ideologies In fact a relationship between politics and archaeology develops to some degree in every nation regardless of social and economic circumstances The connections between politics and archaeology become most visible however within a totalitarian dictatorship when a dictator seeks to create and legitimize new state supported ideologies Any dictator may attempt to control and exploit the past often by directly controlling archaeologists The degree to which a nation s archaeological system may continue to be affected after the fall of the dictator depends upon both the previous regime s ideological position and its level of dependence upon archaeology and the response of archaeologists to the regime collectively and individually Archaeology Under Dictatorship demonstrates that the study of archaeology as it evolved under modern dictatorships is today more than ever of critical importance For example in many European countries those who practiced archaeology under dictatorship are retiring or dying In some places their intellectual legacy is being pursued uncritically by a younger generation of archaeologists Now is the time therefore to understand how archaeologists have supported and sometimes subverted dictatorial political ideologies In studying archaeology as practiced under totalitarian dictatorship that most harsh of political systems light is shed on the issue of politics and archaeology generally This volume aims to provide a theoretical basis for understanding the specific effects of totalitarian dictatorship upon the

practice of archaeology both during and after the dictator's reign. The nine essays explore experiences from every corner of the Mediterranean from the heartlands of Italy, Spain, and Greece to the less well-known shores of Albania and Libya. With its wide range of case studies and strong theoretical orientation, this volume is a major advance in the study of the history and politics of archaeology. The Mediterranean focus will also make it thought-provoking reading for classical archaeologists and historians.

Library Journal Melvil Dewey, Richard Rogers Bowker, L. Pylodet, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E. Wessells, 1925. Includes beginning Sept 15 1954 and on the 15th of each month Sept-May a special section. School library journal ISSN 0000 0035 called Junior libraries 1954-May 1961. Also issued separately.

Gorgeous War Tim Blackmore, 2019-10-29. *Gorgeous War* argues that the Nazis used the swastika as part of a visually sophisticated propaganda program that was not only modernist but also the forerunner of contemporary brand identity. When the United States military tried to answer Nazi displays of graphic power, it failed. In the end, the best graphic response to the Nazis was produced by the Walt Disney Company. Using numerous examples of US and Nazi military heraldry, *Gorgeous War* compares the way the American and German militaries developed their graphic and textile design in the interwar period. The book shows how social and cultural design movements like modernism altered and were altered by both militaries. It also explores how nascent corporate culture and war production united to turn national brands like IBM, Coca-Cola, and Disney into multinational corporations that had learned lessons on propaganda and branding that were being tested during the Second World War. What is the legacy of apparently toxic signs like the swastika? The answer may not be what we hoped. Inheritors of the post-Second World War world increasingly struggle to find an escape from an intensely branded environment to find a place in their lives that is free of advertising and propaganda. This book suggests that we look again at how it is our culture that makes that struggle into an appealing *Gorgeous War*.

Epic in American Culture Christopher N. Phillips, 2012-05. This book investigates the concept of what it means to be epic and its form in American life, literature, and art from the country's early days.

Hannah Arendt's Response to the Crisis of Her Times Anthony Court, 2008.

Freedom Is Not Enough Patrick R. Query, 2024-11-01. Shows the surprising ways T. S. Eliot's work sheds light on and proves useful to the contemporary struggle for a freer and more just world. How does literature from the past speak to the present? What can we, as readers committed to combatting oppression, learn from figures whose writing we love but some of whose beliefs we may oppose? Quite a lot, according to Patrick R. Query. To make this case, Query turns to a writer and critic as canonical as he is controversial: T. S. Eliot. Passionately argued and eminently readable, *Freedom Is Not Enough* shows how Eliot makes a surprising yet vital ally in the struggle to fill the world with more freedom, equality, and human dignity. Without ignoring or downplaying the bigotry and elitism that are ineluctable parts of Eliot's legacy, Query argues that we need today what Eliot has to teach us about migration, peace, friendship, radicalism, anti-fascism, liberation, resistance, and hope. Drawing on the full scope of Eliot's oeuvre from his most well-known poetry and prose to newly available archival materials, *Freedom Is Not*

Enough demonstrates how to use Eliot and literature more broadly to confront the forces conspiring to turn our world into a waste land **Monthly Bulletin** St. Louis Public Library, 1927 Teachers bulletin vol 4 issued as part of v 23 no 9

Modernism's Metronome Ben Glaser, 2020-11-03 Despite meter's recasting as a rigid metronome diverse modern poet critics refused the formal ideologies of free verse through complex engagements with traditional versification In the twentieth century meter became an object of disdain reimagined as an automated metronome to be transcended by new rhythmic practices of free verse Yet meter remained in the archives poems letters and pedagogy of modern poets and critics In *Modernism's Metronome* Ben Glaser revisits early twentieth century poetics to uncover a wide range of metrical practice and theory upending our inherited story about the breaking of meter and rise of free verse **Never Trump** Richard Kradin, 2021-02-23 In *Never Trump Why Obsessional Elites Are Undermining the Future of America* psychiatrist Richard Kradin offers a provocative psychological examination of the fierce resistance to Donald Trump's presidency and what it reveals about America's cultural divide Drawing on his clinical expertise Kradin diagnoses what he calls the obsessional personality pervading America's progressive elite characterized by rigid thinking perfectionism and an inability to handle opposing viewpoints He argues that this psychological profile explains the extreme reaction to Trump whose unfiltered communication and disregard for political correctness threatened progressive sensibilities at a profound level The book explores how these psychological patterns manifest in education media politics and identity politics Kradin scrutinizes the transformation of American institutions through what he describes as progressivism's quasi religious fervor tracking its impact on everything from foreign policy to campus speech codes He presents a case that the resistance to Trump wasn't merely political disagreement but a neurotic response that reveals deeper truths about America's cultural trajectory Whether readers agree with his diagnosis or not Kradin's analysis offers a thought provoking framework for understanding America's increasingly polarized landscape and the psychological underpinnings of our political divisions By examining Trump opposition through the lens of clinical psychology the book challenges readers to consider how personality types and psychological defense mechanisms shape our political beliefs If you enjoyed *The Coddling of the American Mind* *Moral Psychology of Political Divisions* and *The Madness of Crowds* you'll love *Never Trump Why Obsessional Elites Are Undermining the Future of America*
