*Fascism and Social Revolution* Rajani Palme Dutt,1934      Right Wing Social Revolution and Its Discontent: the Dynamics of Genocide Leslie Herzberger,2006-12-21

The history of the United States in the last thirty years its preoccupation with the Vietnam War and the devastating affects of that war on the psyche of this nation is evidence of a foreign policy tragedy Foreign policy tragedy brings domestic tragedy in its wake The purpose of this study is to work out why the approaches to social revolution and that is what the Vietnam War was about have been wrong on both sides of the ideological spectrum the last thirty years in the U S point out why they were wrong point to where they were wrong and point to the consequences of acting in a society when the perceptions are in certain respects wrong Let me sum up my perception on what went wrong in Vietnam It was a Right wing war fought on Left wing premises It was a war that could not have been won because those who designed it would not or could not win it but were also afraid of losing it It was a war that was wrongly perceived by both sides of the ideological spectrum The Liberal argument was that America tried everything and still lost it The Conservative argument was that it could have been won if the opposition had not tied their hands keeping them from an all out effort that would have been required to win it The war was started in earnest by the Liberals under Kennedy The strategy was to roll up the enemy by hitting on the peasant and through it cut off the leaders Pacification education re education indoctrination and the introduction of self defense techniques to the South Vietnamese peasants was meant to stop the revolution exported from the North in its tracks The U S policy was predicated on the assumption that the peasants really had something to do with the ruling functions of the North Vietnamese revolution after Thermidor that after the onset of Thermidor after the institutionalization of the revolution in Hanoi the revolution was still revolution The Liberal approach has believed that revolution is tantamount to Maos view of it in China peasants all immersed in the revolutionary process as fish in the sea And so you would have to drain the very ocean itself to stop it Our approach to the post revolutionary process is that after the onset of Thermidor in a society revolution is a bunch of terror informed super bureaucrats at the center of a society increasingly cut off from the periphery In a post revolutionary society it is the leaders that matter not the fish in the sea So bombing the small fish into fish soup hell in response as did the West in Vietnam in that war every tree every outhouse every shack and every village until they drop so much ordinance that the entire region is brain dead from defoliants and pockmarks and natural calamities while leaving the center untouched would seem insane Yet that was the policy in Vietnam of America And then nothing happened Nothing happened week after week year after year except that America itself was being driven mad doing the same thing and expecting it to come out different That as the President elect said in 1993 was and is insanity But what choice did they all have The pro war liberal American leadership that designed the war in Vietnam did not dare bomb Hanoi the capitol of North Vietnam for fear of triggering World War III with

Red China and with Soviet Russia both of whose client North Vietnam was So they tied their own hands figuring that by coming through the back door fish in the sea style piece by piece nobody will notice in China and Russia ergo no World War III So they took a strategy that was insane and made a virtue out of its necessity They tied their own hand And then they blamed the opposition for forcing them to fight with their hands tied behind their backs On the other hand **Fascism and Social Revolution**, 2023 *Fascism and Social Revolution*, By R. Palme Dutt Rajani Palme Dutt, 1935 Karl Kautsky and the Socialist Revolution 1880-1938 Massimo Salvadori, 2016-02-23 This first modern study provides an original and balanced perspective of a theorist whom Lenin referred to as both master of Marxism and renegade Examining Kautsky's political thought over a period stretching from the Paris Commune to the Second World War the author argues for the consistency with which Kautsky developed his positions on socialism democracy political parties and the role of the proletariat While Salvadori's analysis is grounded in the debates within the Communist International and the German labour movement Kautsky emerges as a distinctly modern thinker who produced a Marxist theory of the state and originated critique of the USSR as a state capitalist system At this level it provides a serious and measured exposition of the terms on which arguments for socialist strategy currently move *Social Revolutions in the Modern World* Theda Skocpol, 1994-09-30 Theda Skocpol author of the award winning 1979 book *States and Social Revolutions* updates her arguments about social revolutions

Dawn of the International Socialist Revolution Stefan Engel, 2016-03-03 By unleashing the international productive forces the reorganization of international production has ushered in the gradual emergence of international finance capital At the beginning of its crusade around the globe international finance capital still revelled in fantasies of omnipotence and dreams of eternity Today their mood is one of general hangover the crisis proneness of the social system proves irreversible But the turn of a new era already looms on the horizon the dawning of the international socialist revolution becomes visible And yet the old masters will not make way voluntarily even if they drag the whole of humanity with them into capitalist barbarism The decision for the international revolution must be made by the workers and the masses themselves To help them make this decision and together with them sweep every obstacle out of the way so that they can fulfill their historical mission that in a nutshell sums up the tasks of the Marxist Leninists in the whole world today **Fascism and Social Revolution** R. Palme Dutt, 1978 *Fascism and Social Revolution* Rajani Palme Dutt, 1977 Battle Cry for Social Revolution George S. Hajjar, 2021-10-19 Asked what have you been doing throughout your life I have been painting wings of freedom on my shackles Now I declare If we cannot vanquish the will of heaven we can dethrone hegemony and despotism the world over and establish a kingdom of freedom for the oppressed under the sun Here is my guide and informer the corona virus in its fury the avenger of nature against Anglo Saxon utilitarianism barbarism and its dehumanization of man Move my fellowmen unleash your locomotive of history that calls for the brotherhood of man equality liberty and justice for mankind Jettison the behemoth of neoliberalism out its tentacles scatter its ashes on the high seas and build a center for a universe of virtue and

humanity for the dehumanized Conquer the galaxies discover new firmaments and pay homage for the service and coming of man Declare or liberated humanity that ushers in an era of bounty progress and prosperity that ends hunger disease exploitation and the humiliation of the human spirit Build here and now a paradise under the auspices of heaven We commence Knowledge is pain and the demands of virtue are onerous and only the great create needs and this epoch is a time of greatness a time of quest and a time of love a time of spring and a time of passions a time of brotherhood and a time of choice and a time of authenticity a time of man becoming man and a time of freedom and her majestic unfolding It is a time for Revolution George Hajjar *Soviet World Outlook* United States.
