Fast and Able Gordon W. Thomas, 1968 **Fast and Able, Life Stories of Great Gloucester Fishing Schooners** Gordon W. Thomas, 1973 *Gloucester on the Wind* Joseph E. Garland, 1995-04-01 Since the development of photography in the mid nineteenth century the camera has been used as a tool of both discovery and preservation Photographs bring alive our image of the past and can open a floodgate of memories and nostalgia or inspire curiosity and a sense of history Originally founded by a fishing company from Dorchester England in 1623 Gloucester has always been linked to fishing and the sea By 1870 Gloucester was the leading fishing port in the Western Hemisphere and its great fleet of fast white winged schooners ranged deep into the heart of the Atlantic in search of cod haddock halibut and mackerel These stunningly beautiful ships and the hardy men who sailed them made Gloucester an evocation of courage perseverance and seamanship unique in America s maritime heritage Shipwrecks of Stellwagen Bank Matthew Lawrence, Deborah Marx, John Galluzzo, 2015-06-22 Beneath the churning surface of Stellwagen Bank National Marine Sanctuary rest the bones of shipwrecks and sailors alike Massachusetts ports connected its citizens to the world and the number of merchant and fishing vessels grew alongside the nation s development Hundreds of ships sank on the trade routes and fishing grounds between Cape Cod and Cape Ann Their stories are waiting to be uncovered from the ill fated steamship Portland to collided schooners Frank A Palmer and Louise B Crary and the burned dragger Joffre Join historian John Galluzzo and maritime archaeologists Matthew Lawrence and Deborah Marx as they dive in to investigate the sunken vessels and captivating history of New England s only national marine sanctuary **New England Shipbuilding: Vessels That Made History** Glenn A. Knoblock, 2021 For more than four hundred years New England shipyards have contributed significantly to America s maritime and naval supremacy This compelling story is presented through the histories of seventy ships built from the colonial era down to modern times Well known vessels like the Constitution the Nautilus the Flying Cloud and the infamous whaleship Essex are included but so too are lesser known ships including the ill fated Wyoming and the far ranging voyager Union Every type of vessel is covered their building or voyages making nautical news often in exciting fashion and their exploits filled with adventure danger tragedy and survival Historian and author Glenn A Knoblock explores the construction life and demise of these ships and details their contribution to our nation s maritime heritage **Caught in Irons** Michael Wayne Santos, 2002 Santos history Lynchburg College uses the international fishermen s races that captured popular imagination in the US and Canada during the 1920s and 1930s as a means for discussing the changing economic and social realities that redefined the North Atlantic fisheries and the society as a whole i **Charles Olson's Reading** Ralph Maud, 1996 Maud English Simon Fraser U offers a narrative account of the life and work of poet Charles Olson focusing on the poet s lifelong reading material as a basis for understanding his work Drawing on an annotated listing of his library as well as his childhood books and poetry by his contemporaries he links the books to the poet s intellectual and poetic

development at each stage of his career Annotation copyright by Book News Inc Portland OR **A Race for Real Sailors** Keith McLaren, 2021-03-26 In the summer of 1920 the public following the latest America's Cup series were frustrated to find that every time the wind got up the organizers called off the race There was muttering in the taverns of Halifax and Lunenburg why not show these fancy yachtsmen what real sailors can do A Nova Scotia newspaper donated a trophy and put out a challenge to their rivals in New England inviting them to meet the Maritimes best in a race for real sailors A Race for Real Sailors is a vibrant history of the Fishermen's Cup series which dominated sporting headlines between the two world wars The salt spray practically blows off the page as the author's arresting style captures the drama of each race and the personalities of the ships that contested them the Delawana and the Esperanto the Columbia and the Gertrude L Thebaud and dominating them all the Bluenose the big brute from Lunenburg whose image shines on the Canadian dime to this day Vying for the spotlight are the boats larger than life skippers among them Marty Welch the hard charging American who first took the cup Ben Pine the Gloucester scrap dealer whose passion kept the races afloat when they seemed destined to fade away and the irascible impossible Angus Walters master of the Bluenose who repeatedly broke American hearts but whose own heart was broken by Canada's refusal to come to the rescue of his beloved vessel This stirring and poignant tale is illustrated with 51 historical photographs and five maps and rounded out by a glossary of sailing terms and an appendix of the ever changing race rules This is a story that will keep even confirmed landlubbers pegged to their seats a tale of iron men and wooden ships whose time will never come again **Tancook Schooners** Wayne M. O'Leary, 1994 The Tancook Schooners recounts the history of a remarkable yet neglected Atlantic Canadian watercraft The little Bluenoses as they were called formed the backbone of Nova Scotia's inshore fisheries and short run coastal trade in the early twentieth century The book also records the story of a unique although in many ways typical Maritime coastal community on the brink of the modern industrial age **A Guide to The Maximus Poems of Charles Olson** George F. Butterick, 2022-05-27 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1978 **Fast and Able** Gordon Thomas, 2002-06 A reissue of Gordon Thomas's classic detailing the stories of great fishing vessels out of the port of Gloucester Massachusetts *Selected Letters* Charles Olson, 2001-02-21 For Charles Olson letters were not only a daily means of communication with friends but were at the same time a vehicle for exploratory thought In fact many of Olson's finest works including Projective Verse and the Maximus Poems were formulated as letters Olson's letters are important to an understanding of his definition of the postmodern and through the play of mind exhibited here we recognize him as one of the vital thinkers of the twentieth century In this volume edited and annotated by Ralph Maud we see Olson at the height of his powers and also at his most human Nearly 200 letters selected from a known 3

000 demonstrate the wide range of Olson's interests and the depth of his concern for the future. Maud includes letters to friends and loved ones, job and grant applications, letters of recommendation, and Black Mountain College business letters, as well as correspondence illuminating Olson's poetics. As we read through the letters which span the years from 1931 when Olson was an undergraduate to his death in 1970, a fascinating portrait of this complex poet and thinker emerges.

Candace Clifford, 1991-12 A welcomed guidebook for anyone interested in historic ships and their preservation. J. Revell Carr, President, Mystic Seaport Museum. Jim Delgado and Candace Clifford have produced a work that makes rewarding reading as well as provides an invaluable source of information on maritime heritage. Their adventurous exploration of this heritage will interest more people in saving our historic ships. Peter Stanford, President, National Maritime Historical Society. Our maritime heritage is perhaps best represented by ships that brought our ancestors to the New World that fought in battles to protect our shores that moved people and goods from one coast to another and along the continent's great waterways and that opened up commerce in foreign lands. Yet for all their great importance, ships are among the most fragile of historic resources. They are especially subject to neglect and require extraordinary care to preserve them. And they cannot be as easily put to new uses as old buildings, requiring therefore a special dedication if they are preserved. *Great American Ships* for the first time celebrates this part of our national maritime heritage. Here are cataloged more than 225 ships on view to the public from Maine to Hawaii, including riverboats, battleships, ocean liners, fishing craft, yachts, and submarines. The Log of Mystic Seaport, 2001 Bluenose, Queen of the Grand Banks Feenie Ziner, Zeke Ziner, 1970 Describes the racing and fishing career of the Canadian schooner *Bluenose* how she was built and her relationship with the men who sailed in her. **Canadian Folklore**, 1990 **The Hubbard Family of Nova Scotia** Sheila Hubbard Macauley, 1996 John O.
