Eight Lines And Under An Anthology Of Short Short Poems:

Eight Lines and Under William Cole, 1969 **Eight Lines and Under** William Cole, 1967 Over 250 short poems with a range of topics by various poets *The Columbia Granger's Guide to Poetry Anthologies* William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology *The Anthology of Black Mountain College Poetry* Blake Hobby, Alessandro Porco, Joseph Bathanti, 2025-02-05 Founded in 1933 near Asheville North Carolina Black Mountain College fostered experimentation and interdisciplinary learning placing the arts at the heart of its curriculum As such the college was home to and served as inspiration for many modern and postmodern American poets Some of them including Charles Olson Robert Creeley and Denise Levertov appeared in Donald Allen's groundbreaking New American Poetry anthology published in 1960 later becoming part of the American poetry canon However many writers affiliated with Black Mountain College have been overlooked The Anthology of Black Mountain College Poetry features over fifty poets selected with an expansive historical and critical lens including those not typically considered as poets such as composer John Cage architect Buckminster Fuller and visual artist Josef Albers Many years in the making this book presents the clearest picture of the poetry and poetics of Black Mountain College yet *Chicorel Index to Poetry in Anthologies and Collections in Print* Marietta Chicorel, 1974 *Goethe in English* Derek Glass, Martin H. Jones, 2005 This bibliography was commissioned by the English Goethe Society as a contribution to the celebration in 1999 of the 250th anniversary of Goethe's birth It sets out to record translations of his works into English that have been published in the twentieth century up to and including material published in that anniversary year It aims to serve as wide a constituency as possible be it as a simple reference tool for tracing a translation of a given work or as a documentary source for specialized studies of Goethe reception in the English speaking world The work records publications during the century not merely translations that originated during this period It includes numerous reprintings of older material as well as some belated first publications of translations from the nineteenth century It shows how frequent and how long enduring was the recourse of publishers and anthologists to a Goethe Victorian in diction a signal factor in perceptions and misperceptions Derek Glass was putting the finishing touches to the bibliography at the time of his sudden death in March 2004 Colleagues at Kings College London have edited the final manuscript which is now published jointly by the English Goethe Society and the Modern Humanities Research Association both as a worthy commemoration of Goethe's anniversary and as a tribute to Derek himself *The Publishers Weekly*, 1892 *What the Victorians Made of Romanticism* Tom Mole, 2020-06-09 This insightful and elegantly written book examines how the popular media of the Victorian era sustained and transformed the reputations of Romantic writers Tom Mole provides a new reception history of Lord Byron Felicia Hemans Sir Walter Scott Percy Bysshe Shelley and William Wordsworth one that moves beyond the punctual historicism of much recent criticism and the narrow horizons of previous reception histories He attends instead to the material artifacts and cultural practices that

remediated Romantic writers and their works amid shifting understandings of history memory and media Mole scrutinizes Victorian efforts to canonize and commodify Romantic writers in a changed media ecology He shows how illustrated books renovated Romantic writing how preachers incorporated irreligious Romantics into their sermons how new statues and memorials integrated Romantic writers into an emerging national pantheon and how anthologies mediated their works to new generations This ambitious study investigates a wide range of material objects Victorians made in response to Romantic writing such as photographs postcards books and collectibles that in turn remade the public's understanding of Romantic writers Shedding new light on how Romantic authors were posthumously recruited to address later cultural concerns What the Victorians Made of Romanticism reveals new histories of appropriation remediation and renewal that resonate in our own moment of media change when once again the cultural products of the past seem in danger of being forgotten if they are not reimagined for new audiences

The Bloomsbury Research Handbook of Emotions in Classical Indian Philosophy Maria Heim, Chakravarthi Ram-Prasad, Roy Tzohar, 2021-04-08 Drawing on a rich variety of premodern Indian texts across multiple traditions genres and languages this collection explores how emotional experience is framed evoked and theorized in order to offer compelling insights into human subjectivity Rather than approaching emotion through the prism of Western theory a team of leading scholars of Indian traditions showcases the literary texture philosophical reflections and theoretical paradigms that classical Indian sources provide in their own right The focus is on how the texts themselves approach those dimensions of the human condition we may intuitively think of as being about emotion without pre-judging what that might be The result is a collection that reveals the range and diversity of phenomena that benefit from being gathered under the formal term emotion but which in fact open up what such theorisation representation and expression might contribute to a cross cultural understanding of this term In doing so these chapters contribute to a cosmopolitan comparative and pluralistic conception of human experience Adopting a broad phenomenological methodology this handbook reframes debates on emotion within classical Indian thought and is an invaluable resource for researchers and students seeking to understand the field beyond the Western tradition
