Drummond, 2002-10-01 Evangelism is at the core of Christianity It is a life and death matter both for the salvation of individuals and for the continuing growth of the church Although the message of the gospel never changes its means of communication must be continually modified to reflect the thought patterns and worldview of our changing culture *Reaching Generation Next* is the perfect guide on how to effectively proclaim the gospel in today's postmodern culture Both theological and practical it provides Christian leaders and laypeople with a basic understanding of the essential aspects of evangelism and with foundational guidelines on how to evangelize Veteran evangelist Lewis Drummond helps Christians understand how and why today's generation thinks the way it does and offers in capsule form sensible answers and convincing reasons for faith While providing a basic theology of evangelism and stressing the important role of leadership the book's primary theme is that every believer must become an evangelist *Reaching Generation Next* is a great resource for evangelism training classes Each chapter concludes with discussion questions Also included are sections on spiritual awakening movements evangelizing the disabled and surveys for churches and individuals **Fishing on the Asphalt** Herb Miller, 1983 A recognized leader in the field of practical evangelism shares experience tested ideas for helping your church grow *Evangelism Today* Scott Dawson, Scott Lenning, 2009-08-01 Although the message of the Gospel never changes our methods for communicating it need to adjust to an ever changing audience *Evangelism Today* helps believers whether individually or in groups share their faith in a culturally relevant way This book draws on insights from dozens of evangelists church leaders and educators to reveal present and future trends of evangelism in America It explores whether evangelism is still needed and in what form what the local church's role should be and where the biggest evangelistic opportunities are emerging Readers in any occupation or stage of life will gain a renewed passion for spreading the message of the cross from this practical and straightforward book

Peter Wagner, 2010-01-01 Why Plan Strategy Is church growth theory incompatible with belief in the sovereignty of God Does adherence to church growth principles leave out dependency upon the work of the Holy Spirit C. Peter Wagner answers no to both questions He further believes that no task could be more crucial than fulfilling the Great Commission in our generation and how to approach and plan for the execution of this task is the questions of the day

Strategies for Church Growth addresses this key issue in a biblically pragmatic way. It brings together for the first time many principles of evangelism and missions which have proved through recent research and experience to be effective in implementing the Great Commission. It also unifies in concise form the latest research of the Church Growth Movement, the Lausanne Committee on World Evangelization, the U.S. Center for World Mission, and numerous other key contributors to the recent explosion of evangelistic technology. Among the topics explored are the major components of strategy, choosing the appropriate strategy, advantages of having a strategy, the theology of church growth, the harvest principle, and soil testing: why you should aim for church growth, characteristics of good goals, the meaning of mission and evangelism, how to target your outreach.
