Edge Of Empires Chinese Elites And British Colonials In Hong Kong:

Edge of Empires John M. Carroll, 2005-04-30 In an engaging revisionist study John M Carroll argues that in the century after the Opium War Hong Kong's colonial nature helped create a local Chinese business elite By the end of the nineteenth century the colonial government saw Chinese businessmen as allies in establishing Hong Kong as a commercial center The idea of a commercially vibrant China united them Chinese and British leaders cooperated on issues of mutual concern such as the expansion of capitalism and political and economic directions for an ailing China These Chinese also found opportunities in the colonial system to develop business and commerce In doing so they used Hong Kong's strategic position to underscore their own identity as a distinctive group unlike their mainland counterparts Nationalism took on a specifically Hong Kong character At the same time by contributing to imperial war funds organizing ceremonies for visiting British royalty and attending imperial trade exhibitions the Chinese helped make Hong Kong an active member of the global British Empire In *Edge of Empires* Carroll situates Hong Kong squarely within the framework of both Chinese and British colonial history while exploring larger questions about the meaning and implications of colonialism in modern history **Edge of**

Empires John M. CARROLL, John M Carroll, 2009-06-30 In *Edge of Empires* Carroll situates Hong Kong squarely within the framework of both Chinese and British colonial history while exploring larger questions about the meaning and implications of colonialism in modern history *Historical Dictionary of the British Empire* Kenneth J. Panton, 2015-05-07 For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth's land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw materials that processed in British factories could be re-exported as manufactured products to expanding colonial markets The commercial and political might was not based on any grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has left a legacy that remains of great significance in the modern world The *Historical Dictionary of the British Empire* covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Britain *Inclusive Urban Development in the Global South* Andrea Rigon, Vanesa Castán Broto, 2021-05-16 *Inclusive Urban Development in the Global South* emphasizes the importance of the neighbourhood in urban development planning with case studies aimed at transforming current intervention practices towards more inclusive and just means of engagement with individuals and communities The chapters explore how diversity of gender class race and ethnicity citizenship status age

ability and sexuality is taken or not taken into account and approached in the planning and implementation of development policy and interventions in poor urban areas The book employs a practical perspective on the deployment of theoretical critiques of intersectionality and diversity in development practice through case studies examining issues such as water and sanitation planning in Dhaka indigenous rights to the city in Bolivia post colonial planning in Hong Kong land reform in Zimbabwe and many more The book focuses on radical alternatives with the potential to foster urban transformations for planning and development communities working around the world

Meeting Place Elizabeth Sinn, 2017-11-01 *Meeting Place* Encounters across Cultures in Hong Kong 1841-1984 presents detailed empirical studies of day to day interactions between people of different cultures in a variety of settings The broad conclusion that there was sustained and multilevel contact between men and women of different cultures will challenge and complicate traditional historical understandings of Hong Kong as a city either of rigid segregation or of pervasive integration Given its geographical location its status as a free port and its role as a center of migration Hong Kong was an extraordinarily porous place People of diverse cultures met and mingled here often with unexpected results The case studies in this book draw both on previously unused sources and on a rigorous rereading of familiar materials They explore relationships between and within the Japanese Eurasian German Portuguese British Chinese and other communities in areas of activity that have often been overlooked from the schoolroom and the family home to the courtroom and international trading concern from the gardens of Government House to boarding houses for destitute sailors In their diverse experiences we see not just East meeting West but also East meeting East and South meeting North in fact a range of complex and dynamic processes that seem to render obsolete any simplistic conception of East meets West Hong Kong's people have too often been ignored in histories of this colonial port This important volume restores them through a series of fascinating case studies of connections collaborations and conflicts across diverse cultures languages and interests Here we have the bedroom law court restaurant school dockyard and offices amongst the other places where Hong Kong's history was really made Robert Bickers author of *Out of China* How the Chinese Ended the Era of Western Domination With richly researched studies of heretofore little known aspects of Hong Kong society and history *Meeting Place* offers perceptive insights into the city's vital role as a focal point for the intersection of diverse cultures social classes institutions and practices Taking us far beyond the hackneyed stereotype of East meets West this volume provides a kaleidoscopic view of the rich multiplicity multi directionality and hybridity of this global hub

Emma J Teng author of *Eurasian Mixed Identities in the United States* China and Hong Kong 1842-1943 *Food in Nineteenth-Century British History* Ian Miller, 2025-07-25 Volume 4 examines the British diet from its colonial and global perspectives Colonialism combined with rapidly improving global transport networks introduced the British introduced to a plethora of unfamiliar foods from overseas Changing economic trading patterns also impacted massively on the changing British diet Emigration inwards and outwards and military service further encouraged a global inter mingling of diets and

palates The British stomach was introduced to new spices and herbs either at home or abroad although fears persisted that the British constitution was ill suited to rich foreign foods A selection of sources will bring to life how the increasingly globalised world changed British eating habits while introducing readers to the many debates surrounding this transition

Chinese Diasporas Steven B. Miles, 2020-02-20 A concise and compelling survey of Chinese migration in global history centered on Chinese migrants and their families

Youth and Empire David M. Pomfret, 2015-12-16 This is the first study of its kind to provide such a broadly comparative and in depth analysis of children and empire Youth and Empire brings to light new research and new interpretations on two relatively neglected fields of study the history of imperialism in East and South East Asia and more pointedly the influence of childhood and children s voices on modern empires By utilizing a diverse range of unpublished source materials drawn from three different continents David M Pomfret examines the emergence of children and childhood as a central historical force in the global history of empire in the late nineteenth and twentieth centuries This book is unusual in its scope extending across the two empires of Britain and France and to points of intense impact in tropical places where indigenous immigrant and foreign cultures mixed Hong Kong Singapore Saigon and Hanoi It

thereby shows how childhood was crucial to definitions of race and thus European authority in these parts of the world By examining the various contradictory and overlapping meanings of childhood in colonial Asia Pomfret is able to provide new and often surprising readings of a set of problems that continue to trouble our contemporary world **The Colonial Screen** Emilie Yueh-yu Yeh, 2025 Hong Kong is known as an entrepôt in its colonial history but its place in early cinema has not received the same scholarly attention *The Colonial Screen: Early Cinema in Hong Kong* explores the exhibition regulation circulation reception and social place of motion pictures from the time the cinematograph an early mechanism for motion pictures first arrived in the territory in 1897 through to the late 1920s when Hong Kong emerged as a film entrepôt in South China Drawing on concepts of screen practice dispositif deployment apparatus cinematography motion pictures before cinema and entrepôt author Emilie Yueh-yu Yeh presents an unknown history of early film in Hong Kong She traces the transition from film exhibition as a tie-in with staged entertainment to a full-fledged attraction of its own acquiring a niche position in local society and explores the roles of showmen technologies regulation movie theatres and entertainers In each chapter she brings to light the historical significance of Hong Kong as a regional node in movie trade routes and how racial politics and commerce were behind the British rule of law in making film regulations Yeh locates the reception of motion pictures in the time of colonial modernity and governance unveiling how despite the dominance of European entrepreneurs in the exhibition circuit the rise of Hong Kong Amusements in the early 1920s shaped a localized film practice Ultimately *The Colonial Screen* adds an important frame to Hong Kong as a film entrepôt across multiple borders and different regions in China in the early twentieth century *Colonialism and Male Domestic Service across the Asia Pacific* Julia Martínez, Claire Lowrie, Frances Steel, Victoria Haskins, 2018-11-29 Examining the role of Asian and indigenous male servants across the Asia Pacific from the late 19th century to the 1930s this study shows how their ubiquitous presence in these purportedly humble jobs gave them a degree of cultural influence that has been largely overlooked in the literature on labour mobility in the age of empire With case studies from British Hong Kong Singapore Northern Australia Fiji and British Columbia French Indochina the American Philippines and the Dutch East Indies the book delves into the intimate and often conflicted relationships between European and American colonists and their servants It explores the lives of houseboys cooks and gardeners in the colonial home considers the bell boys and waiters in the grand colonial hotels and follows the stewards and cabin boys on steamships travelling across the Indian and Pacific Oceans This broad conception of service allows *Colonialism and Male Domestic Service* to illuminate trans-colonial or cross-border influences through the mobility of servants and their employers This path-breaking study is an important book for students and scholars of colonialism labour history and the Asia Pacific region **Britain and China, 1840-1970** Robert Bickers, Jonathan J. Howlett, 2015-07-16 This book presents a range of new research on British-Chinese relations in the period from Britain's first imperial intervention in China up to the 1960s Topics covered include economic issues such as finance investment and Chinese labour in British territories questions

of perceptions on both sides such as British worries about and exaggeration of the China threat including to India and British aggression towards and eventual withdrawal from China

Segregation Carl H. Nightingale, 2012-05-01 When we think of segregation what often comes to mind is apartheid South Africa or the American South in the age of Jim Crow two societies fundamentally premised on the concept of the separation of the races But as Carl H Nightingale shows us in this magisterial history segregation is everywhere deforming cities and societies worldwide Starting with segregation s ancient roots and what the archaeological evidence reveals about humanity s long standing use of urban divisions to reinforce political and economic inequality Nightingale then moves to the world of European colonialism It was there he shows segregation based on color and eventually on race took hold the British East India Company for example split Calcutta into White Town and Black Town As we follow Nightingale s story around the globe we see that division replicated from Hong Kong to Nairobi Baltimore to San Francisco and more The turn of the twentieth century saw the most aggressive segregation movements yet as white communities almost everywhere set to rearranging whole cities along racial lines Nightingale focuses closely on two striking examples Johannesburg with its state sponsored separation and Chicago in which the goal of segregation was advanced by the more subtle methods of real estate markets and housing policy For the first time ever the majority of humans live in cities and nearly all those cities bear the scars of segregation This unprecedented ambitious history lays bare our troubled past and sets us on the path to imagining the better more equal cities of the future

Twentieth Century Colonialism and China Bryna Goodman, David Goodman, 2012-07-26 Colonialism in China was a piecemeal agglomeration that achieved its greatest extent in the first half of the twentieth century the last edifices falling at the close of the century The diversity of these colonial arrangements across China s landscape defies systematic characterization This book investigates the complexities and subtleties of colonialism in China during the first half of the twentieth century In particular the contributors examine the interaction between localities and forces of globalization that shaped the particular colonial experiences characterizing much of China s experience at this time In the process it is clear that an emphasis on interaction synergy and hybridity can add much to an understanding of colonialism in Twentieth Century China based on the simple binaries of colonizer and colonized of aggressor and victim and of a one way transfer of knowledge and social understanding To provide some kind of order to the analysis the chapters in this volume deal in separate sections with colonial institutions of hybridity colonialism in specific settings the social biopolitics of colonialism colonial governance and Chinese networks in colonial environments Bringing together an international team of experts *Twentieth Century Colonialism and China* is an essential resource for students and scholars of modern Chinese history and colonialism and imperialism

Ghosts of Empire Kwasi Kwarteng, 2011-08-15 This fascinating book shows how the later years of the British Empire were characterised by accidental oversights irresponsible opportunism and uncertain pragmatism

Underground Asia Tim Harper, 2021-01-12 An Economist Best Book of the Year A Financial Times Best Book of the Year A major historian tells the

dramatic and untold story of the shadowy networks of revolutionaries across Asia who laid the foundations in the early twentieth century for the end of European imperialism on their continent This is the epic tale of how modern Asia emerged out of conflict between imperial powers and a global network of revolutionaries in the turbulent early decades of the twentieth century In 1900 European empires had not yet reached their territorial zenith But a new generation of Asian radicals had already planted the seeds of their destruction They gained new energy and recruits after the First World War and especially the Bolshevik Revolution which sparked utopian visions of a free and communist world order led by the peoples of Asia Aided by the new technologies of cheap printing presses and international travel they built clandestine webs of resistance from imperial capitals to the front lines of insurgency that stretched from Calcutta and Bombay to Batavia Hanoi and Shanghai Tim Harper takes us into the heart of this shadowy world by following the interconnected lives of the most remarkable of these Marxists anarchists and nationalists including the Bengali radical M N Roy the iconic Vietnamese leader Ho Chi Minh and the enigmatic Indonesian communist Tan Malaka He recreates the extraordinary milieu of stowaways false identities secret codes cheap firearms and conspiracies in which they worked He shows how they fought with subterfuge violence and persuasion all the while struggling to stay one step ahead of imperial authorities Underground Asia shows for the first time how Asia s national liberation movements crucially depended on global action And it reveals how the consequences of the revolutionaries struggle for better or worse shape Asia s destiny to this day Previous praise for Tim Harper Praise for *Forgotten Wars* A compelling book Philip Delves Broughton Wall Street Journal Lucid majestic Peter Preston The Observer Authoritative Pankaj Mishra New Yorker Praise for *Forgotten Armies* Panoramic Vivid Benjamin Schwarz New York Times Book Review A spectacular book Martin Jacques The Guardian

Meiji Graves in Happy Valley

Yoshiko Nakano ,Georgina Challen,2024-11-15 The Hong Kong Cemetery in Happy Valley is home to over 470 graves connected to the city s Japanese population Most of these graves belong to individuals who died during the Meiji era 1868 1912 a remarkable period of modernisation and opening up of Japan that saw thousands of its inhabitants travel to other parts of the world to study work and settle Who were these people What were they doing in Hong Kong And why were unbaptised Japanese buried in what was called at one time the Protestant Cemetery Hong Kong s Meiji era Japanese community was one of two halves Company executives sat atop the social ladder and karayuki san or prostitutes occupied the lower echelons with tradespeople and professionals somewhere in between By revealing the personal journeys of these mostly forgotten Japanese the authors aim to add to transnational perspectives on Hong Kong and Japan during the late nineteenth and early twentieth centuries as well as increase recognition of this fragmented community s place in the development of this diverse city Nakano and Challen unlock the secrets of the graves and bring to life the Japanese individuals of diverse backgrounds who had lived and died in Hong Kong Thoroughly researched and sensitively written the book throws light on the many factors that had made possible Hong Kong s multi ethnic communities and widespread

transnational connections Powerful and mesmerising Elizabeth Sinn The University of Hong Kong Through their meticulous and sensitive analyses of the Meiji era graves in the Hong Kong Cemetery Yoshiko Nakano and Georgina Challen bring to life the city's historic yet often forgotten Japanese community Thoughtfully written and richly illustrated Meiji Graves in Happy Valley reminds us how the dead do indeed tell tales John M Carroll author of A Concise History of Hong Kong The cultural construction of the British world Barry Crosbie, Mark Hampton, 2017-03-01 What were the cultural factors that held the British world together How was Britishness understood at home in the Empire and in areas of informal British influence This book makes the case for a cultural British world and examines how it took shape in a wide range of locations ranging from India to Jamaica from Sierra Leone to Australia and from south China to New Zealand These eleven original essays explore a wide range of topics including images of nakedness humanitarianism anti slavery literary criticism travel narratives legal cultures visions of capitalism and household possessions The book argues that the debates around these issues as well as the consumer culture associated with them helped give the British world a sense of cohesion and identity This book will be essential reading for historians of imperialism and globalisation and includes contributions from some of the most prominent historians of British imperial and cultural history *China and Europe Relations in the Twenty-First Century* Aifen Xing, Peter Preston, 2023-07-31 This book argues that although relations between China and Europe are strained in many areas including trade human rights and views about political systems nevertheless established linkages especially when considered in the context of long term historical linkages development trajectories and intellectual cultures offer good prospects for future progressive collaborative exchanges Approaching the subject in a balanced way giving equal weight to the perspectives of both sides the book examines China and Europe's shared experiences of age old civilizations of the disorienting effects of the economic social and political upheavals triggered by the late eighteenth century creation of the modern world and of the nineteenth and early twentieth centuries era of European empires warfare and the Cold War It contends that although China and Europe appear superficially to have followed different paths with many problems in their relationship resulting they in fact have a very great deal in common concerning how they have coped with the long shift from ancient civilizations to the modern world of natural science based industrial capitalism
