motion a number of interrelated lines of enquiry that prompt renewed focus on questions of boredom distraction and reverie and cast into sharper relief the psychosocial and creative affordances of ambience spaciousness and slowness The book argues that the colonisation of empty time by 24 7 digital capitalism has gone hand in hand with the growth of the corporate mindfulness industry and with it the co option commodification and digitisation of dwellspace Posthuman Buddhism is thus in part an exploration of the dialectics of dwellspace that orbits around a creative self praxis rooted in the negation and dissolution of the self one of the foundational cornerstones of Buddhist theory and practice
