Eighteenth Century English Romantic Poetry Eric Partridge,1970 **Subject Guide to Books in Print** ,1996
Books in Print ,1991 Romantic Women Writers Paula R. Feldman,Theresa M. Kelley,1995 Essays forging a new definition of Romanticism that includes the wide range of women s artistic expression The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800 George Watson,Ian R. Willison,1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **The Retrospective Review (1820-1828) and the Revival of Seventeenth Century Poetry** Jane Campbell,2006-01-01 This essay had its beginning in an investigation of changing attitudes to seventeenth century Pre Restoration poetry during the English Romantic period In the course of that research Jane Campbell discovered that a relatively little known periodical the Retrospective Review which was published in London from 1820 to 1828 appeared to have played an interesting part in the rehabilitation of the poets of the earlier period This book then is an attempt to outline the history of this review to place it against its literary background and to assess its role in the critical re evaluation of the poets of the earlier seventeenth century an age to which the Retrospective s contributors and their contemporaries looked with fascination as well as with an affectionate feeling of kinship American Book Publishing Record Cumulative, 1950-1977 R.R. Voice, Text, Hypertext Raimonda Modiano, Leroy F. Searle, Peter L. Shillingsburg, 2016-06-01 Voice Text Hypertext illustrates brilliantly why interest in textual studies has grown so dramatically in recent years For the distinguished authors of these essays a text is more than a document or material object It is a cultural event a matrix of decisions an intricate cultural practice that may focus on religious traditions modern underground literary movements poetic invention or the irreducible complexity of cultural politics Drawing from classical Roman and Indian to modern European traditions the volume makes clear that to study a text is to study a culture It also demonstrates the essential importance of heightened textual awareness for contemporary cultural studies and critical theory and indeed for any discipline that studies human culture
