# Egils Saga

**AN Whitehead**

## **Egils Saga:**

**Egil's Saga**, 1976-01-01 The saga deals with the Viking world in the ninth and tenth centuries and has as its hero Eric Skallagrimsson a powerful man who is much under the influence of the many faced god Odin Egil's Saga E. R. Eddison, 2016-07-28 Egil's Saga is the tale of the long and brutal life of Egil Skallagrimsson the tenth century warrior poet a morally ambiguous character who was both the composer of intricately beautiful poetry and a physical grotesque capable of staggering brutality It recounts Egil's progression from youthful savagery to mature wisdom as he struggles to avenge his father's exile from Norway defend his honour against the Norwegian King Erik Bloodaxe and fight for the English King Athelstan in his battles against Scotland Translated from Icelandic by the great fantasist E R Eddison and accounted by many to be the greatest of the Icelandic sagas Egil's Saga is a fascinating depiction of a deeply human character **Egil's Saga** Leifur Eiriksson, 2004-09-30 Egil's Saga tells the story of the long and brutal life of tenth century warrior poet and farmer Egil Skallagrimsson a morally ambiguous character who was at once the composer of intricately beautiful poetry and a physical grotesque capable of staggering brutality The saga recounts Egil's progression from youthful savagery to mature wisdom as he struggles to avenge his father's exile from Norway defend his honour against the Norwegian King Erik Bloodaxe and fight for the English King Athelstan in his battles against Scotland Exploring issues as diverse as the question of loyalty the power of poetry and the relationship between two brothers who love the same woman Egil's Saga is a fascinating depiction of a deeply human character **Egil, the Viking Poet** Laurence de Looze, Jon Karl Helgason, Russell Poole, Torfi H. Tulinius, 2016-01-28 Egil the Viking Poet focuses on one of the best known Icelandic sagas that of the extraordinary hero Egil Skallagrimsson Descended from a lineage of trolls shape shifters and warriors Egil's transformation from a precocious and murderous child into a raider mercenary litigant landholder and poet epitomizes the many facets of Viking legend The contributors to this collection of essays approach Egil's story from a variety of perspectives including psychology philology network theory social history and literary theory Strikingly original their essays will appeal not only to dedicated students of Old Norse Icelandic literature but also to those working in the fields of Viking studies comparative ethnology and folklore Egil's Saga: Traditional evidence for Brúnanburh compared to Literary, Historic and Archaeological Analyses John R. Kirby, 2019-01-31 Was Egil's Saga written by Snorri Sturluson or by more than one person Was it embellished by Snorri or others Where did the Brúnanburh traditions come from Is it accurate enough to be used as a historic source a factual reference This study aims to identify the incongruities within this saga demonstrating a correct analysis **Egil's saga** Egil's saga Skallagrimssonar, 1960 *Egil's Saga* Snorri Sturluson, 1960 **Egil's Saga** Snorri Sturluson, 1960 **The Growth of the Medieval Icelandic Sagas (1180-1280)** Theodore Murdock Andersson, 2006 Andersson introduces readers to the development of the Icelandic sagas between 1180 and 1280 a crucial period that witnessed a gradual shift of emphasis from tales of adventure and personal distinction to the analysis of politics and history

Remembering England: Cultural Memory in the Sagas of Icelanders Matthew Firth, 2025-03-18 This book provides an in depth study of depictions of England in the Saga of Icelanders *slendingas gur* examining their utility as sources for the history of Viking Age Anglo Scandinavian cultural contact The *slendingas gur* present themselves as histories but they are difficult historical sources Their setting is the Saga Age a period that begins with the settlement of Iceland in the late ninth century and ends along with the Viking Age in the late eleventh century however the saga texts are disconnected from this setting having first been written down in the thirteenth and fourteenth centuries This book traces the transmission and development of Icelandic cultural memory of Saga Age England across this distance of centuries It offers case study analyses of how historical time place cultures and events are adapted and conceptualised in the *slendingas gur* and suggests methodological approaches to their study as historical literature Remembering England is an interdisciplinary book that will appeal to scholars and students of the history of pre Norman England the Icelandic sagas medieval literature and cultural memory

**Icelanders and the Kings of Norway** Patricia Pires Boulhosa, 2005-09-01 The book uses sagas and legal texts to re examine the relations between mediaeval Icelanders and the Norwegian kings It demonstrates that the Icelanders partly subjects of the king and partly beyond his power were ready to negotiate with him for their own benefit and presents a methodological re evaluation of authorial attributions of the sagas and their use as historical sources Key to the book is a revisionary analysis of two laws made between the Icelanders and the kings of Norway a law probably issued by King I fr inn helgi of Norway 1015 1028 and the purported submission agreements with King H kon H konarson 1217 1263 known as *Gizurars ttm li* or *Gamli s ttm li* It also analyses the sagas of the fourteenth century manuscript *M ruvallaþ k* against the historical context extracted from this legal re evaluation

*Medieval Scandinavia* Phillip Pulsiano, 1993 With full page maps and supplementary photos this encyclopedia covers every aspect of Scandinavia during the Middle Ages including rulers and saints overviews of the countries religion education politics and law culture and material life history literature and art

The Routledge Research Companion to the Medieval Icelandic Sagas Ármann Jakobsson, Sverrir Jakobsson, 2017-02-17 The last fifty years have seen a significant change in the focus of saga studies from a preoccupation with origins and development to a renewed interest in other topics such as the nature of the sagas and their value as sources to medieval ideologies and mentalities The Routledge Research Companion to the Medieval Icelandic Sagas presents a detailed interdisciplinary examination of saga scholarship over the last fifty years sometimes juxtaposing it with earlier views and examining the sagas both as works of art and as source materials This volume will be of interest to Old Norse and medieval Scandinavian scholars and accessible to medievalists in general

*The Prosimetrum of the Íslendingasögur* Brynja Þorgeirsdóttir, Stefanie Gropper, Judy Quinn, Alexander Wilson, 2024-12-16 Verse quotation is intrinsic to the literary style of the medieval Icelandic corpus of *slendingas gur* sagas of Icelanders one of the most important vernacular literary genres of the European Middle Ages The essays collected in this volume demonstrate that the combination of prose and verse

constitutes a distinctive literary aesthetic and that in the medieval Icelandic literary tradition it was not a question of choosing between prose and verse as the vehicle for stories about the foundational generations of settlers on the island but of combining both modes to forge the unique literary form of the saga Verse quotation has always been recognised as an important aspect of the *slendingas gur* but to date the significance of verse to the aesthetic of the narrative has mainly been explored with reference to the sub genre of the *sk lðas gur* sagas of poets in which the proportion of verse to prose is at its highest The contributors to the volume analyse the *slendingas gur* as prosimetrum that is they treat the combination of verse and prose as a salient generic and aesthetic feature of this body of sagas The contributors are leading scholars in the field of Old Norse studies and their work represents current research trends in the UK USA Iceland Denmark and Germany Their innovative approaches will enable a better understanding on the literary mode of the corpus as a whole as well as producing fresh insights into the compositional habits of the anonymous authors of individual sagas **Anglo-Saxon**

**England in Icelandic Medieval Texts** Magnús Fjalldal, 2005-01-01 Medieval Icelandic authors wrote a great deal on the subject of England and the English This new work by Magn s Fjalldal is the first to provide an overview of what Icelandic medieval texts have to say about Anglo Saxon England in respect to its language culture history and geography Some of the texts Fjalldal examines include family sagas the shorter *ttir* the histories of Norwegian and Danish kings and the Icelandic lives of Anglo Saxon saints Fjalldal finds that in response to a hostile Norwegian court and kings Icelandic authors from the early thirteenth century onwards although they were rather poorly informed about England before 1066 created a largely imaginary country where friendly generous although rather ineffective kings living under constant threat welcomed the assistance of saga heroes to solve their problems The England of Icelandic medieval texts is more of a stage than a country and chiefly functions to provide saga heroes with fame abroad Since many of these texts are rarely examined outside of Iceland or in the English language Fjalldal s book is important for scholars of both medieval Norse culture and Anglo Saxon England *Fiction in Egils Saga* Melissa Anne Berman, 1983 *Catalogue of the Icelandic Collection Bequeathed by Willard Fiske* Cornell University Library (Ithaca), 1914 *In Search of the Culprit* Lukas Rösli, Stefanie Gropper, 2021-12-06

Despite various poststructuralist rejections of the idea of a singular author genius the question of a textual archetype that can be assigned to a named author is still a common scholarly phantasm The Romantic idea that an author created a text or even a work autonomously is transferred even to pre modern literature today This ignores the fact that the transmission of medieval and early modern literature creates variances that could not be justified by means of singular authorships The present volume offers new theoretical approaches from English German and Scandinavian studies to provide a historically more adequate approach to the question of authorship in premodern literary cultures Authorship is no longer equated with an extra textual entity but is instead considered a narratological inner and intertextual function that can be recognized in the retrospectively established beginnings of literature as well as in the medial transformation of texts during the early days of

printing The volume is aimed at interested scholars of all philologies especially those dealing with the Middle Ages or Early Modern Period      **The Saga of the Jónsvikings** ,2018-10-08 Unique among the Icelandic sagas part history part fiction the Saga of the Jónsvikings tells of a legendary band of vikings originally Danish who established an island fortress of the Baltic coast launched and ultimately lost their heroic attack on the pagan ruler of Norway in the late tenth century The saga s account of their stringent warrior code fatalistic adherence to their own reckless vows and declarations of extreme courage as they face execution articulates a remarkable account of what it meant to be a viking This translation presents the longest and earliest text of the saga never before published in English with a full literary and historical introduction to this remarkable work      **Ancient Germanic Warriors** Michael P. Speidel,2004-08-02 Fully illustrated with over fifty photographs this book describes the ancient fighting styles and mythical self images of Germanic warriors from 200 BC AD 1000 and presents vivid and fascinating survey that adds a colourful new dimension to our understanding of the history of Europe
