development of resorts began in Atlantic City in 1854 and it grew into America's Favorite Playground Joel Hayward was principally responsible for the formation of Ocean County and the Albert brothers popularized Pinelands folk music In the twentieth century construction became more residential and beloved businesses like the Smithville Inn started to cater to long term patrons New Jersey historian Randall Gabrielan traces the stories of the people who turned the Jersey Shore into the summer and residential destination that it is today *Silent Came the Monster* Amy Hill Hearth,2023-05-16 From New York Times bestselling author Amy Hill Hearth comes her first historical thriller inspired by the story of the 1916 Jersey Shore shark Sharks are as timid as rabbits says a superintendent of the Coast Guard dismissing the possibility that a shark could be the culprit in an unprecedented fatal attack at the Jersey Shore It's July and swimming in the sea is a popular new pastime but people up and down the East Coast are shocked and mystified by the swimmer's death A prominent surgeon at the shore Dr Edwin Halsey is the one who examines the victim and the only one who believes the perpetrator was a shark and that it will strike again With the public and the authorities and even those who witnessed the attacks so stubbornly disbelieving Dr Halsey finds himself fighting widespread confusion conspiracy theories and outright denial Seeking the input of commercial fisherman he soon learns they have long been concerned about a creature they call the Beast The Lenape one of the tribes native to the area have their own beliefs about this creature but can Dr Halsey convince the rest of the world before it's too late The story of the 1916 Jersey Shore shark changed the way Americans think of the seashore reminding us once again that nature plays by its own rules **Haunted Jersey Shore Beaches, Boardwalks and Lighthouses** Patricia Heyer,2022-08-01 Ghostly Fun in the Sand and Sun The wide sandy beaches colorful boardwalks and majestic lighthouses of the Jersey Shore share supernatural secrets and unexplainable encounters In Absecon the dead pose as guides for a unique afterhours tour of its historic lighthouse A reformed criminal met the apparition of his victim learning remorse is eternal on Long Beach Island Newly built casinos in Atlantic City have former patrons stopping by for one last goodbye from beyond the grave A spectral organist haunts and plays the pipe organ of Asbury Park's Convention Hall Author Patricia Heyer uncovers the eerie mysteries that shroud many of the Shore's iconic landmarks *Coastal Hazard Management* Norbert P. Psuty,Douglas D. Ofiara,2002 As with most shorelines around the world New Jersey beaches are slowly but inexorably being eroded threatening coastal structures and development In some years more sand is deposited than removed but all of the state's monitoring devices show that sea level is gradually rising and pushing the New Jersey shoreline inland The shore is a valuable resource and its natural cultural and economic attractions draw a multitude of permanent and temporary residents each year extending housing and commercial development onto areas that were once swampland Not surprisingly development at the water's edge has been accompanied by an increasing exposure to the natural hazards of the coastal zone erosion flooding and wind damage In this book Norbert Psuty and Douglas Ofiara incorporate perspectives from the areas of coastal sciences economics public policy and land use planning in creating a systematic plan for coastal management and

protection It has been more than a decade since New Jersey developed the nation's first state shore protection plan and this volume provides a timely evaluation of its achievements and future challenges This self contained book provides all of the relevant theories models and examples so the reader will not need to refer to any other literature to gain an understanding of the issues and policies surrounding shore protection It is the authoritative handbook for practitioners and policy makers in many fields including coastal science and management and engineering as well as public policy and economics **Down the**
