Los libros, eso es bueno para los bebés Marie Bonnafé, 2016-04-01 Un clásico de la pedagogía literaria infantil por primera vez en la lengua de Cervantes Los libros son buenos para los bebés Pero si son demasiado pequeños y no los comprenden Lejos de este supuesto Marie Bonnafé afirma que nunca es demasiado pronto para acercarse a los niños a los libros Y es que los bebés nacen con necesidades primarias de alimentación afecto sueño y también relatos La suya es una posición por completo opuesta al aprendizaje precoz El encuentro del niño con los libros es tanto más valioso y enriquecedor mientras más gratuito sea mientras el principal aliciente sea el placer de hacerlo en compañía de un adulto que le da afecto o en soledad Se trata de una obra pionera sobre el acercamiento

cultural a la primera infancia y su importancia social La colección ahora busca abrir un espacio público para que se ventilen asuntos relacionados con la formación de lectores y escritores de manera que niños y jóvenes y adultos puedan no sólo leer y escribir sino comprender y discernir información e imaginar mundos posibles

The Top Books of the Year El Sapo Distruido The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. El Sapo Distruido : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Pappen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
