Goldcamp Vampire:

The Goldcamp Vampire Elizabeth Ann Scarborough, 2010-09-10 Pelagia Harper aka Valentine Lovelace published her memoirs of her time in Draco Texas and became an established writer at least in her own mind But when her father dies and her stepmother steals her royalties she finds herself destitute Also haunted The ghost of her papa keeps popping up everywhere When her father's old flame Sasha Devine offers her a way out of her poverty Pelagia jumps on it before she knows what's involved In 1897 the two ladies must travel North to the Klondike the Wild West is a relative term as far as V Lovelace is concerned escorting the coffin of a man said to be Lost Cause Lawson a prospector It turns out the man beneath the coffin lid is not as dead as he was supposed to be and somehow Pelagia ends up being accused of murdering a Mountie Apparently the sensible solution to that is to fake her own suicide The upshot is that when she finally does arrive in Dawson City with Sasha she is obliged to take employment as a dance hall girl and a flamenco dancer Corazon the Belle of Barcelone Her boss seems nice though Very sociable especially with all of his new female employees It isn't long before Pelagia learns that Vasily Vladovitch Bledinoff is giving the biting cold some competition It isn't until her friend Captain Lomax receives a new book from England written by a fellow named Bram Stoker that she begins to get a clue what exactly is going on with the mode for black velvet neck bands the girls are all sporting Then there's all of those really smart wolves the threat of starvation and disease and other strange and unusual wildlife This book is about what life was like for a female artiste in Dawson City as it was during the Gold Rush when everyone was there to strike it rich except for the vampires who were there for the night life

The Vampire Archives Otto Penzler, 2009-09-29 The Vampire Archives is the biggest hungriest undeadliest collection of vampire stories as well as the most comprehensive bibliography of vampire fiction ever assembled Dark stormy and delicious once it sinks its teeth into you there's no escape Vampires Whether imagined by Bram Stoker or Anne Rice they are part of the human lexicon and as old as blood itself They are your neighbors your friends and they are always lurking Now Otto Penzler editor of the bestselling Black Lizard Big Book of Pulps has compiled the darkest the scariest and by far the most evil collection of vampire stories ever With over eighty stories including the works of Stephen King and D H Lawrence alongside Lord Byron and Tanith Lee not to mention Edgar Allan Poe and Harlan Ellison The Vampire Archives will drive a stake through the heart of any other collection out there Other contributors include Arthur Conan Doyle Ray Bradbury Ambrose Bierce H P Lovecraft Harlan Ellison Roger Zelazny Robert Bloch Clive Barker

Blood Thirst Leonard Wolf, 1997-10-09 In the past hundred years since the publication of Bram Stoker's infamous book no literary figure has enjoyed a more horrific resiliency than Count Dracula In film television novels and short stories he keeps coming back to life fed by the vital imaginative energies of a world wide audience that cannot seem to resist his abominable charms Aristocratic and urbane deeply erotic and profoundly evil Dracula's bloodsucking savagery has cast a mesmerizing fascination not only over his victims but over his readers as well And as Leonard Wolf suggests Vampire fiction exerts an

amazing pull on readers for a reason that we may find disturbing The blood exchange the taking of blood by the vampire from his or her victim is all by itself felt to be a singularly symbolic event Symbolic and attractive Now in Blood Thirst One Hundred Years of Vampire Fiction Leonard Wolf brings together thirty tales in which vampires of all varieties make their ghastly presence felt male and female human and non human humorous and heroic all of them kin to the dreadful bat From Lafcadio Hearn Mary E Wilkins Freeman Edith Wharton August Derleth and Ray Bradbury to such contemporary masters as Anne Rice Stephen King Joyce Carol Oates John Cheever and Woody Allen and in settings as diverse as rural New England and outer space this collection offers readers a dazzling compendium of vampire stories Wolf organizes the collection into six categories The Classic Adventure Tale The Psychic Vampire The Science Fiction Vampire The Non Human Vampire The Comic Vampire and The Heroic Vampire which allows readers to see the many guises Dracula s descendants have assumed and the many ways they can be interpreted In his penetrating introduction Wolf argues that such an arrangement enables us to see the evolution of the vampire from an unmitigated evil to a creature we are more likely to identify with In a century in which God and Satan have become increasingly irrelevant in the popular arts there has been an accompanying secularization of the vampire idea And as the stories in Blood Thirst will show sympathy for the vampire has grown as we have become increasingly interested in the workings of the mind Indeed the vampire s ability to change over time to draw into itself such a richness of symbolic meanings to conjure itself into so many diabolical shapes may account for the enduring appeal of the literature written about it Here then is a definitive collection for aficionados and novices alike and whether readers find the vampires who inhabit these pages sympathetic or horrific psychologically intriguing or spiritually repellent morbidly seductive or comically absurd Blood Thirst gives us all something to sink our teeth into The Monster with a Thousand Faces Brian J. Frost,1989 Brian Frost chronicles the history of the vampire in myth and literature providing a sumptuous repast for all devotees of the bizarre In a wide ranging survey including plot summaries of hundreds of novels and short stories the reader meets an amazing assortment of vampires from the pages of weird fiction ranging from the 10 000 year old femme fatale in Robert E Howard s Conan the Conqueror to the malevolent fetus in Eddy C Bertin s Something Small Something Hungry Nostalgia buffs will enjoy a discussion of the vampire yarns in the pulp magazines of the interwar years while fans of contemporary vampire fiction will also be sated **Encyclopedia of Fantasy and Horror Fiction** Don D'Amassa,2015-04-22 Presents articles on the horror and fantasy genres of fiction including authors themes significant works and awards **Father Christmas** Elizabeth Ann Scarborough (With K.
