Aramé and the Golden Apple Pedro Angel García Colarte, 2011-07-21 Pedro Angel Garcia Colarte makes his debut as a sage writer exploring the topics of wisdom virtue and honor in a world where myths legends and folktales come alive When a cankerous old man on a park bench tells the story of an old venerable tree and how Aram the lonely goatherd once saved it from ruin many years ago in antiquity the reader is transported to the world of the forgotten ancient civilizations that once ruled Eurasia The story weaves together the mysterious legend of Aratta the folktale of the *Golden Apple Tree* the myth of Osiris and other timeless tales providing a window to another time where the symbols of our past come alive Arams lowly and humble station in life as a goatherd does not hamper his quick and serendipitous ascendance to the kings court steeped in intrigue and danger Charged with the task of capturing a mythical creature which only he has seen Aram sets out on a journey across distant lands but not before unexpected obstacles appear Whether by his own wit chance or hidden forces beyond his understanding he confronts each challenge and succeeds only to find that he is no closer to the truth he secretly yearns to discover He enlists the support of an unlikely band of followers along the way and as news of his exploits spread his popularity increases and places him at the head of a widespread revolution in the kingdom

The Three Golden Apples Nathaniel Hawthorne, 2025-02-07 Nathaniel Hawthorne's *The Three Golden Apples* is a short story from *A Wonder Book for Girls and Boys* based on classical mythology and adapted for young readers Written in the late

19th century the story follows the hero Hercules on his quest to retrieve three golden apples from the Garden of the Hesperides. The tale begins with Hercules receiving a command from his cousin the king to find the golden apples. Along his journey he faces numerous challenges including a hundred headed dragon that fiercely guards the apples. During his travels he encounters the Old Man of the Sea who provides him with wisdom and the giant Atlas who holds up the heavens. Using his strength and cleverness Hercules strikes an unusual bargain with Atlas momentarily taking on his burden in order to obtain the golden apples. Beyond being a simple adventure story, The Three Golden Apples highlights the importance of perseverance, intelligence, and strategy, demonstrating that wit can sometimes be more powerful than brute strength. The tale also explores themes of sacrifice, kindness, and the innate human desire to push beyond limitations, making it an engaging read not only for children but also for adult audiences.

THE THREE GOLDEN APPLES - A Legend of Hercules Anon E. Mouse, 2017-03-06 ISSN 2397 9607 Issue 347. In this 347th issue of the Baba Indaba's Children's Stories series, Baba Indaba narrates the Greek Fairy Tale THE THREE GOLDEN APPLES. Have you ever heard of the golden apples that grew in the garden of the Hesperides? Ah, those were such apples as would bring a great price by the bushel if any of them could be found growing in the orchards of nowadays. But there is not I suppose a graft of that wonderful fruit on a single tree in the wide world. Not so much as a seed of those apples exists any longer. And even in the old, old, half-forgotten times before the garden of the Hesperides was overrun with weeds, a great many people doubted whether there could be real trees that bore apples of solid gold upon their branches. All had heard of them, but nobody remembered to have seen any. Children nevertheless used to listen open-mouthed to stories of the golden apple tree and resolved to discover it when they should be big enough. Adventurous young men who desired to do a braver thing than any of their fellows set out in quest of this fruit. Many of them returned, no more. None of them brought back the apples. No wonder that they found it impossible to gather them. It is said that there was a dragon beneath the tree with a hundred terrible heads, fifty of which were always on the watch while the other fifty slept. But then the adventure was undertaken by a hero who had enjoyed very little peace or rest since he came into the world. At the time he was wandering through the land with a mighty club in his hand and a bow and quiver slung across his shoulders. He was dressed in the skin of the biggest and fiercest lion that had ever been seen, and which he himself had killed. Although on the whole he was kind, generous, and noble, even so there was a good deal of the lion's fierceness in his heart for his name was Hercules, also known as Heracles. Everywhere he went he asked if anyone had news of the garden or if they could give directions to it. Did Hercules ever get directions to the garden of the Hesperides? Did he ever find his way there when so many before him had failed? If he did get to the garden, was he able to gain entry, and did he get to pick a golden apple? So many questions. To find the answers to these questions, and others you may have, you will have to download and read this story to find out. damsel painted with the colours of the rainbow with a royal crown on her head in each window a different one in a different dress each handsomer than the other and it was a wonder that the prince did not let his eyes dwell upon them When he had gazed at them with astonishment the damsels began to move as if they were alive looked down upon him smiled and did everything but speak Now the prince observed that one of the twelve windows was covered with a white curtain he drew the curtain to see what was behind it There there was a damsel in a white dress girt with a silver girdle with a crown of pearls on her head she was the most beautiful of all but was sad and pale as if she had risen from the grave The prince stood long before the picture as if he had made a discovery and as he thus gazed his heart pained him and he cried This one will I have and no other As he said the words the damsel bowed her head blushed like a rose and that instant all the pictures disappeared When he went down and related to his father what he had seen and which damsel he had selected the old king became sad bethought himself and said You have done ill my son in uncovering what was curtained over and have placed yourself in great danger on account of those words That damsel is in the power of a wicked wizard and kept captive in an iron castle of all who have attempted to set her free not one has hitherto returned But what s done cannot be undone the plighted word is a law Go try your luck and return home safe and sound The prince took leave of his father mounted his horse and rode away in search of his bride It came to pass that he rode through a vast forest and through the forest he rode on and on till he lost the road And as he was wandering with his horse in thickets and amongst rocks and morasses not knowing which way to turn he heard somebody shout behind him Hi stop The prince looked round and saw a tall man hastening after him Stop and take me with you and take me into your service and you won t regret it Who are you said the prince and what can you do My name is Long and I can extend myself Do you see a bird s nest in that pine yonder I will bring you the nest down without having to climb up Long then began to extend himself his body grew rapidly till it was as tall as the pine he then reached the nest and in a moment contracted himself again and gave it to the prince You know your business well but what s the use of birds nests to me if you can t conduct me out of this forest Ahem that s an easy matter said Long and began to extend himself till he was thrice as high as the highest fir in the forest looked round and said Here on this side we have the nearest way out of the forest He then contracted himself took the horse by the bridle and before the prince had any idea of it they were beyond the forest Before them was a long and wide plain and beyond the plain tall gray rocks like the walls of a large town and mountains overgrown with forest trees
