Superstition Robert L. Park, 2008-09-22 Why the battle between superstition and science is far from over From uttering a prayer before boarding a plane to exploring past lives through hypnosis has superstition become pervasive in contemporary culture Robert Park the best selling author of Voodoo Science argues that it has In Superstition Park asks why people persist in superstitious convictions long after science has shown them to be ill founded He takes on supernatural beliefs from religion and the afterlife to New Age spiritualism and faith based medical claims He examines recent controversies and concludes that science is the only way we have of understanding the world Park sides with the forces of reason in a world of continuing and he fears increasing superstition Chapter by chapter he explains how people too easily mistake pseudoscience for science He discusses parapsychology homeopathy and acupuncture he questions the existence of souls the foundations of intelligent design and the power of prayer he asks for evidence of reincarnation and astral projections and he challenges the idea of heaven Throughout he demonstrates how people s blind faith and their confidence in suspect phenomena and remedies are manipulated for political ends Park shows that science prevails when people stop fooling themselves Compelling and precise Superstition takes no hostages in its quest to provoke In shedding light on some very sensitive and Park would say scientifically dubious issues the book is sure to spark discussion and controversy

Feng Shui Mommy Bailey Gaddis, 2017-03-14 Impending motherhood serves up a confusing cocktail of heroic strength and terrifying vulnerability Our culture has seized on the vulnerability part of this experience and tends to reinforce a pregnant woman s insecurities instead of encouraging her to embrace this most natural time and trust her body her intuition and her own mind Feng Shui Mommy takes a different approach helping the expecting mother build her own unique epic journey to motherhood It s about supporting her while she shores up her mind body spirit alignment so she can best handle the cosmic kick in the uterus and juicy kiss on the soul that pregnancy is Bailey Gaddis guides women through the experience providing specific suggestions for mind body and spirit for each trimester including the fourth after birth leading to birth preparation designed for each mother and baby and culminating in strong mother child bonding She includes detailed and practical information about prenatal exercise and nutrition birth preferences and birthing positions breath work breastfeeding and much more Her advice allows mothers to welcome delight and curiosity into the journey while taking each phase with purpose and calm and even a sense of fun This comprehensive guide makes challenge and change joyful allowing new life to be as incomparably wonder filled as it is meant to be

Zorba the Buddha Hugh B. Urban, 2016-01-12 Zorba the Buddha is the first comprehensive study of the life teachings and following of the controversial Indian guru known in his youth as

Bhagwan Shree Rajneesh and in his later years as Osho 1931 1990 Most Americans today remember him only as the sex guru and the Rolls Royce guru who built a hugely successful but scandal ridden utopian community in central Oregon during the 1980s Yet Osho was arguably the first truly global guru of the twentieth century creating a large transnational movement that traced a complex global circuit from post Independence India of the 1960s to Reagan s America of the 1980s and back to a developing new India in the 1990s The Osho movement embodies some of the most important economic and spiritual currents of the past forty years emerging and adapting within an increasingly interconnected and conflicted late capitalist world order Based on extensive ethnographic and archival research Hugh Urban has created a rich and powerful narrative that is a must read for anyone interested in religion and globalization *It's Here Now (Are You?)* Bhagavan Das,1998-09-15

In his classic book *Be Here Now* Ram Dass introduced the world to a young guru named Bhagavan Das Continuing his own story in *It s Here Now Are You* Bhagavan Das shares the profound and surreal moments of his spiritual awakening in the East his fall from grace in the West and his peaceful reconciliation with the sacred center For many years in the early 70s Bhagavan Das moved through India and Nepal embracing the austere life of a holy man exploring Hinduism Buddhism transcendental meditation tantra worshipping the divine mother and living under the loving blanket of his guru Neem Karoli Baba Only twenty five years old when he returned home to the States as a celebrity he found himself traveling on the guru circuit with Ram Dass Allen Ginsberg Jerry Garcia and Timothy Leary living more like a rock star than the saint he was proclaimed to be In compelling detail Bhagavan Das explores the tortuous journey that led him from his quest for the sacred to his spiritual death and eventual rebirth A vivid memoir like no other *It s Here Now Are You* is an odyssey that will inspire seekers of any age on their own road to fulfillment **The Three Dangerous Magi** P. T. Mistlberger,2010-12-10 The Most Dangerous man since Jesus Christ the Sex Guru the Ambassador from Hell the Black Devil of Ashkhabad The King of Depravity and the Wickedest Man in the World These were some of the labels given to three of the most notorious figures of 20th century spirituality Osho formerly known as Bhagwan Shree Rajneesh G I Gurdjieff and Aleister Crowley Beneath the controversies and scandals that swirled around all three the author argues that these men egocentric tendencies notwithstanding were brilliant thinkers and extraordinary masters of their craft that of the science of inner transformation and in particular the art of balancing the so called Left and Right Hand spiritual paths These men were not humble sages They were bona fide crazy wisdom masters and consistently went where angels fear to tread They did not teach with the faint praise of new age fluff or the stuffy platitudes of religious sermons but rather with a flaming sword and were a genuine menace to all seekers who fear to face the abyss of their own egos **Gurus in America** Thomas A. Forsthoefel,Cynthia Ann Humes,2012-02-01 *Gurus in America* provides an excellent introduction to the guru phenomenon in the United States with in depth analyses of nine important Hindu gurus Adi Da Ammachi Mayi Chidvilasananda Gurani Anjali Maharishi Mahesh Yogi Osho Ramana Maharshi Sai Baba and Swami Bhaktivedanta All of these gurus have attracted significant

followings in the U S and nearly all have lived here for considerable periods of time The book s contributors discuss the characteristics of each guru s teachings the history of each movement and the particular construction of Hinduism each guru offers Contributors also address the religious and cultural interaction translation and transplantation that occurs when gurus offer their teachings in America This is a fascinating guide that will elucidate an important element in America s diverse and ever changing spiritual landscape **Scraping by in the Big Eighties** Natalia Rachel Singer,2004-01-01 The author describes how her rejection of the materialism of her generation and her low budget search for creative fulfillment led her to a duplex in Seattle a beach hut in Mexico and a Left Bank convent but never freed her from her obligations as an American

The Weaponizing of Biology Marc E.
