**Theater and the Void of Conceptions** William S. Haney II, 2009-03-26 Different symbolic traditions have different ways of describing the shift of awareness toward sacred events While not conforming to familiar states of phenomenality this shift of awareness corresponds to Turner's liminal phase Artaud's metaphysical embodiment Grotowski's transillumination Brook's holy theater and Barba's transcendent theater all of which are linked to the Advaitan taste of a void of conceptions This book argues that by allowing to come what Derrida calls the unsayable the theater of Tom Stoppard David Henry Hwang Caryl Churchill Sam Shepard Derek Walcott and Girish Karnad induces characters and spectators to deconstruct habitual patterns of perception attenuate the content of consciousness and taste the void of conceptions As the nine plays discussed in this book suggest the internal observer lies behind all cultural constructs as a silent beyondness and immanently within knowledge as its generative condition of unknowingness The unsayable and the language used to convey it that Derrida finds in literature has clear affinities with the Brahman Atman of Advaita Vedanta Derridean deconstruction contains as a subtext the structure of consciousness that it both veils with the undecidable trappings of the mind and allows to come as an unsayable secret through a play of difference Although Derrida views theater and the text as mutually deconstructing and claims that presence or unity has always already begun to represent itself the six playwrights discussed here show that cultural performance indeed points through its universally ambiguous and symbolic types toward a transverbal transcultural wholeness      Small Press Record of Books in Print Len Fulton, 1994      La torre Jaime Benítez, 2001      *He Walked Among Us* Norman Spinrad, 2010-03-30

When hack agent Jimmy Tex Balaban discovers Ralf on a Borscht Belt stage his act appears to be a clever joke Ralf claims to be from the future shouting foul mouthed prophecies of where we went wrong And he delivers a harrowing message The world is in chaos Our biosphere has been devastated our air is unbreathable and the final stalwarts of mankind have taken refuge in pressurized shopping malls Humanity clings to the last mediocre vestiges of life on a dead planet that we did not know how to save But it might not be too late Has Ralf returned to the past to awaken our consciences Is he who he says he is or is he insane And if we have one last chance to save the world does any of this matter Then Dexter D Lampkin a fading science fiction writer and Amanda Robin a New Age guru wannabe magnificently transform Ralf into what the world really needs a messenger sent from the future to save us from ourselves Together with Tex they

polish Ralf's television persona to captivate America. The problem is that Ralf never goes out of character. He truly believes he is a prophet. **The Publishers Weekly**, 1989. **Act Right** Erin Gray, Mara Purl, 1998-03. Paperbound Books in Print 1995.
