Golf Beats Us All So We Love It:

Golf Beats Us All (and So We Love It) Joseph A. Amato, 1997 An extended reflection on the pleasures and wisdom of golf Golf Beats Us All will satisfy the philosopher lurking in every avid golfer and make the golfer smarter and wiser about himself and his game Author Joe Amato has long been fascinated by the myriad of pleasures offered by golf And like any player he remains intrigued by the fact that golfers find such pleasure in a game that causes so much pain wastes so much time and whose outcome is of utter insignificance He offers an intelligent and searching conversation that invites readers to think about their relation to a game that makes them angels and fools *Rethinking Home* Joseph A. Amato, 2002-04-01 Joseph A Amato proposes a bold and innovative approach to writing local history in this imaginative wide ranging and deeply engaging exploration of the meaning of place and home Arguing that people of every place and time deserve a history Amato draws on his background as a European cultural historian and a prolific writer of local history to explore such topics as the history of cleanliness sound anger madness the clandestine and the environment in southwestern Minnesota While dedicated to the unique experiences of a place his lively work demonstrates that contemporary local history provides a vital link for understanding the relation between immediate experience and the metamorphosis of the world at large In an era of encompassing forces and global sensibilities *Rethinking Home* advocates the power of local history to revivify the individual the concrete and the particular This singular book offers fresh perspectives themes and approaches for energizing local history at a time when the very notion of place is in jeopardy Amato explains how local historians shape their work around objects we can touch and institutions we have directly experienced For them theory always gives way to facts His vivid portraits of individual people places situations and cases which include murders crop scams and taking custody of the law are joined to local illustrations of the use of environmental and ecological history This book also puts local history in the service of contemporary history with the examination of recent demographic social and cultural transformations Critical concluding chapters on politics and literature especially Sinclair Lewis s *Main Street* and Longfellow s *Hiawatha* show how metaphor and myth invent distort and hold captive local towns peoples and places **Dust** Joseph A. American Artisan ,1929 **The Links** Robert Hunter,2018-10-12 A masterpiece of architectural literature The Links is the first book that fully addresses the complexities of the golf course in terms of design construction and definition of the game Written in 1926 Robert Hunter conceptualized The Links as a complete study a manual for golf course architects and design enthusiasts specifically written to advance the field of study in a way that had never been tried before Although Hunter was not a golf course architect by trade or even a golfing professional his background as a dedicated socialist reformer led to his unique understanding of the relationship between golf and its greater contribution to society The challenges posed by golf as well as the beauty produced by the singular nature of the world s most famous links led Hunter to conclude that diversity is what makes golf the cherished game that it is In The Links he postulates It is not the love of something easy which has drawn men like a magnet for hundreds of years to this royal and ancient pastime on the contrary it is the maddening difficulty of it Supported by over fifty photographs and original drawings The Links details the essential features of an ideal golf course and provides insight into the strategies and methods used to design the world s most renowned courses As acclaimed architect Dr Alister MacKenzie wrote I have read The Links with the greatest interest Mr Hunter is familiar with all the great courses in the world and he has written a most entertaining book which I am sure every golfer will read with profit I do not hesitate to say that it is the classic of the subject *Independent Publisher* ,1998
