The Clique, 1975 **Berlioz and the Romantic Imagination: an Exhibition** Arts Council of Great Britain, Victoria and Albert Museum, 1969 **The British Library General Catalogue of Printed Books, 1986 to 1987** British Library, 1988 *Music and Translation* Lucile Desblache, 2019-06-04 This book explores how transformations and translations shape musical meanings developments and the perception of music across cultures Starting with the concept of music as multimodal text the author understands translation as the process of transferring a text from one language verbal or not into another interlingually intralingually or intersemiotically as well as the products that are derived from this process She situates music and translation within their contemporary global context examining the tensions between local and global cosmopolitan and national and universal and specific settings to arrive at a celebration of the translational power of music and an in depth study of how musical texts are translated This book will be of interest to translation studies scholars who want to broaden their horizons as well as to musicians and music scholars seeking to understand how cultural exchange and dissemination can be driven by translation **The British National Bibliography** Arthur James Wells, 1979 **European Elites and Ideas of Empire, 1917-1957** Dina Gusejnova, 2016-06-16 Explores European civilisation as a concept of twentieth century political practice and the project of a transnational network of European elites This title is available as Open Access **Prelude to War** P.A.M. Esch, 2012-12-06 The scope of this book is confined to the international aspects of the Spanish civil war It is primarily a study in international relations at a crucial period in the inter war years The separate military campaigns of the civil war itself the political situation in Spain and the historical forces that gave rise to the conflict have only been sketched in the opening chapters as a background to the diplomatic relations which took place among the European nations as a result of the civil war The history and causes of the conflict itself are dealt with fully and authoritatively in the publications of scholars such as Gerald Brenan Salvador de Madariaga E Allison Peers and Franz Borkenau in England Alfred Mousset and Robert Brasillach in France and E J Hughes in the United States It is the most serious handicap in dealing with contemporary history that it is impossible to write a definitive work because all the necessary documentation has not appeared Nevertheless many new facts have emerged in this study on the basis of material published in the last ten years Stories that were thought to be true at the time can now be supported or refuted by documentary evidence There is proof in Serrano Suñer's memoirs for example relative to the plotting of the civil war by the Spanish generals which corroborates the account of General Mola's secretary Jose Ibarren **Britain and Italy in the Era of the Great War** Stefano Marcuzzi, 2020-12-10 This is an important reassessment of British and Italian grand strategies during the First World War Stefano Marcuzzi sheds new light on a hitherto overlooked but central aspect of Britain and Italy's war experiences the uneasy and only partial overlap between Britain's strategy for imperial defence and Italy's ambition for imperial expansion Taking Anglo Italian bilateral relations as a special lens through which to understand the workings of the

Entente in World War I he reveals how the ups and downs of that relationship influenced and shaped Allied grand strategy Marcuzzi considers three main issues war aims war strategy and peace making and examines how under the pressure of divergent interests and wartime events the Anglo Italian traditional friendship turned increasingly into competition by the end of the war casting a shadow on Anglo Italian relations both at the Peace Conference and in the interwar period

Franco and the Condor Legion Michael Alpert,2019-06-27 The Spanish Civil War was fought on land and at sea but also in an age of great interest in air warfare and the rapid development of warplanes The war in Spain came a turning point in the development of military aircraft and was the arena in which new techniques of air war were rehearsed including high speed dogfights attacks on ships bombing of civilian areas and tactical air ground cooperation At the heart of the air war were the Condor Legion a unit composed of military personnel from Hitler s Germany who fought for Franco s Nationalists in Spain In this book Michael Alpert provides the first study in English of the Spanish Civil War in the air He describes and analyses the intervention of German Italian and Soviet aircraft in the Spanish conflict as well as the supply of aircraft in general and the role of volunteer and mercenary airmen His book provides new perspectives on the air war in Spain the precedents set for World War II and the possible lessons learnt

The Urbanization of Opera Anselm Gerhard,1998-08-15 Why do so many operas end in suicide murder and death Why do many characters in large scale operas exhibit neurotic behaviors worthy of psychoanalysis Why are the legendary grands operas much celebrated in their time so seldom performed today

Catalogue Warburg Institute. Library,1967 **Zonal Marking** Michael W. Cox,2019-08-13 A mazy dribble through the recent history of European soccer showing how shifting styles and influence have shaped the game In the early 1990s the Dutch footballing philosophy was worshipped across the continent Then the baton passed to the Italians who clearly boasted Europe s strongest league But when France started winning everything at the international level its national academy became the template for others until suddenly almost out of nowhere Europe s most revered player and manager both hailed from Portugal Next Barcelona and Spain won everything during a very obvious four year period of dominance before tiki taka s decline meant Bayern and Germany took control Finally Europe s most successful coaches found themselves competing in England introducing a brilliant cacophony of styles to the Premier League Zonal Marking is a glorious

travelogue through soccer s triumphant styles and characters **Maria Meneghini Callas** Michael Scott,1992 Penetrating sometimes controversial insights into her genius commenting on her choice of repertory and speculating about the reasons behind the concert cancellations that brought her so much publicity The book also features a discography a complete list of Callas s performances and 31 photographs many previously unknown With enthusiasm and vitality Michael Scott has brilliantly captured Callas s life and artistic milieu in a fascinating exploration of one of

Life Stephen Gray,2012-10-01 Born in London in 1879 and raised in the Cape of Good Hope Beatrice Hastings was one of those talented marginal figures who are major witnesses to their times but whose testimony has been sadly neglected After an early marriage and almost immediate widowhood she had a false start as a showgirl in New York before taking London by storm as the literary editor of and leading contributor to the progressive The New Age With HG Wells Bernard Shaw GK Chesterton and Arnold Bennett she kept up well publicised differences of opinion She also launched the careers of Ezra Pound and Katherine Mansfield During the First World War she became the journal s Paris correspondent gaining acclaim for her unique weekly insider reports In her French years she lived with Amedeo Modigliani who painted several famous portraits of her setting a style in looks for the modern woman Her friends included Pablo Picasso Guillaume Apollinaire and Max Jacob and with Jean Cocteau she shared the love of Raymond Radiguet the boy genius less than half her age She claimed that by the age of forty she had had forty male lovers among them The New Age editor AR Orage and leading modernist Wyndham Lewis Forthright and controversial Hastings made many enemies but throughout her life she wrote prolifically and eloquently leaving a fascinating record of the world she lived in She died by her own hand in 1943 In this absorbing biography Stephen Gray traces her entire career separating the legend of Beatrice Hastings the notoriously free woman portrayed in several works from the bare facts **Anthropological and historical sciences. Aesthetics and the**

sciences of art Jacques Havet,2019-06-04 No detailed description available for Anthropological and historical sciences Aesthetics and the sciences of art London calling Italy Ester Lo Biundo,2022-08-02 London Calling Italy offers an expertly researched thought provoking analysis of BBC propaganda for Italy during the Second World War exploring how programmes were put together and what listeners made of them It will surely become the key work on this topic Simon Potter Professor of Modern History at the University of Bristol London calling Italy is a book about Radio Londra as the BBC Italian Service was known in Italy and the company s development as a global leader in the broadcasting industry starting from the Second World War Drawing on unexplored archive material collected in Italy and the United Kingdom it aims to understand how the

BBC programmes engaged with ordinary Italians while concurrently conducting political warfare against fascist Italy. The book also focuses on the relationship between the BBC Italian anti fascist broadcasters, the British Foreign Office and Labour Party. Key sources analysed in the book are among others the Foreign Office's records, the programmes broadcast by the BBC Italian Service during the Allied campaign, the memoirs of Italian anti fascist broadcasters, the BBC surveys on the audience and the letters sent by listeners of the Italian Service. Village Politics and the Mafia in Sicily Filippo Sabetti, 2002-11-14. He suggests that the mafia emerged only in some parts of Sicily and was never a single overarching criminal organization. It arose in fact from a self help tradition that eventually became corrupted and ultimately a burden on most villagers, land workers and proprietors alike. The local antimafia forces also became a drain on village life and by the middle of the 1950s both the mafia and the antimafia far from destroying one another had vanquished themselves. The first study to extend rational choice institutionalism to Italian history and politics. Village Politics and the Mafia in Sicily offers an in depth analysis of the impact of the abolition of feudalism in 1812, the unification of Italy in 1860 and subsequent regime changes on village politics in Sicily. Sabetti details the emergence, evolution and collapse of a local mafia and antimafia in a historical before after perspective. Refocusing the study of village politics and the mafia, he also suggests what can happen when those acting for the state regard ordinary people as passive voices in the game of life. **Transformative Change in Western Thought** Ingo Gildenhard, 2017-07-05. This groundbreaking volume maps the shifting place and function of marvelous transformations from antiquity to the present day. Shape shifting, taking animal bodies, miracles, transubstantiation, alchemy and mutation recur and echo throughout ancient and modern writing and thinking and continue in science fiction today as tales of gene splicing and hybridisation. The idea of metamorphosis lies in uneasy coexistence with orderly world views and it is often cast out or attributed to enemies. Augustine and the church fathers consider shape shifting ungodly. Enlightenment thinkers suppress alchemy as unscientific. Genetically modified wheat and stem cell research are stigmatised as unnatural. Yet the very possibility of radical transformation inspires hope just as it frightens. A provocative theorising trans historical history, this book ranges across classics, literature, history, philosophy, theology and anthropology. From Homer and Ovid to Proust and H P Lovecraft and through figures from Proteus to Kafka's Fly and to Spiderman, four historical surveys are combined with nine case studies to show the malleable yet persistent presence of transformation throughout Western cultural history.
