*Early Childhood Care and Education in Canada* Larry Prochner, 2011-11-01 Formal programs for the care and education of young children in Canada have a history that goes back almost 200 years yet issues surrounding services for our youngest Canadians continue to be hotly contested as we begin a new century In Canada early childhood care and education are striking for their tremendous diversity on such key issues as curriculum financing and teacher education The range of programs and philosophies can be overwhelming for parents practitioners academics researchers and policy makers alike Larry Prochner and Nina Howe reflect the variation within the field by bringing together a multidisciplinary group of experts to address key issues in the field What programs are currently available and what are their origins How are adults prepared for work in these programs How do children within the programs spend their day What policies guide the programs How has the field reflected on itself through research There are no simple answers but the essays in this collection contribute to a creative reframing of the questions The authors include psychologists sociologists historians teacher educators and social policy analysts *Early Childhood Care and Education in Canada* will be of interest to students teachers and researchers in child study early education policy studies and history With cutbacks to early education programs a shortage of daycare spaces and uncertainty about future levels of support the time is ripe for a close examination of the services we provide for our youngest citizens

**Working Mothers and the Child Care Dilemma** Lisa Pasolli, 2015-05-15 During the twentieth century child care policy in British Columbia matured in the shadow of a political uneasiness with working motherhood *Working Mothers and the Child Care Dilemma* examines how ideas about motherhood paid work and social welfare influenced universal child care discussions and consistently pushed access to child care to the margins of BC's social policy agenda Charting the growth of the child care movement in this province Lisa Pasolli examines the arrival of Vancouver's first cr che in 1912 the teetering steps forward during the debates of the interwar years the development of provincial child care policy the rebellious advancements of second wave feminists in the 1960s and 1970s and the maturation of provincial and national child care politics since the mid 70s In addition to revealing much about historical attitudes toward women's roles *Working Mothers and the Child Care Dilemma* celebrates the efforts of mothers and advocates who for decades have lobbied for child care as a central part of women's rights as workers parents and citizens

*Driven Apart* Annis May Timpson, 2001 From the outset of second wave feminism in Canada women have advanced analyses of employment inequality that embrace their labour in both the public and domestic spheres Through campaigns task forces and direct engagement with government departments activists have argued that only when the Canadian state takes account of their roles as care providers can women's full potential as worker citizens be realized

**Child Care in Context** Michael E. Lamb, Kathleen J. Sternberg, Carl-Philip Hwang, Anders G. About Canada: Childcare Martha Friendly, Susan Prentice, 2016-07-01T00:00:00Z In Canada early childhood education and care includes childcare programs kindergartens and nursery schools When these programs are well designed they support children s development and accommodate parents who work or study About Canada Childcare answers questions about early childhood education and childcare ECEC in Canada Why doesn t Canada have an ECEC system even though other countries do Why is ECEC so important What is missing in Canada s ECEC landscape and why Can ECEC programs be designed as wonderful environments for young children or are they merely necessary but not particularly desirable places to keep children safe while mothers are at work Is ECEC primarily a public good a private family responsibility or an opportunity for profit making Early childhood education and childcare is a political issue the authors argue and Canada needs an integrated system of services The absence of a universal publicly funded ECEC system is detrimental to families women and children and Canada s future This accessible and engaging book should be required reading for all early childhood education students Students will get the big picture of ECEC issues politics and policy in Canada and learn what should be done to build a well designed publicly funded universal system there isn t another book that does this Dr Rachel Langford Director of the School of Early Childhood Education Ryerson University

**Social Policy and Practice in Canada** Alvin Finkel, 2012-05-09 Social Policy and Practice in Canada A History traces the history of social policy in Canada from the period of First Nations control to the present day exploring the various ways in which residents of the area known today as Canada have organized themselves to deal with or to ignore the needs of the ill the poor the elderly and the young This book is the first synthesis on social policy in Canada to provide a critical perspective on the evolution of social policy in the country While earlier work has treated each new social program as a major advance and reacted with shock to neoliberalism s attack on social programs Alvin Finkel demonstrates that right wing and left wing forces have always battled to shape social policy in Canada He argues that the notion of a welfare state consensus in the period after 1945 is misleading and that the social programs developed before the neoliberal counteroffensive were far less radical than they are sometimes depicted Social Policy and Practice in Canada A History begins by exploring the non state mechanisms employed by First Nations to insure the well being of their members It then deals with the role of the Church in New France and of voluntary organizations in British North America in helping the unfortunate After examining why voluntary organizations gradually gave way to state controlled programs the book assesses the evolution of social policy in Canada in a variety of areas including health care treatment of the elderly child care housing and poverty
