Gold Spices The Rise Of Commerce In The Middle Ages:

Gold & Spices Jean Favier,1998 Eminent medievalist Jean Favier introduces and analyzes the political social moral and economic milieu of the late Middle Ages that engendered Europe's transformation from feudalism to capitalism Favier reveals that the ultimate consequence of this risk taking was not merely the accumulation of wealth by such families as the Medici and the Fuggers but the transposition of social and aesthetic values upon the populace leading to the rise of the middle class Jacket Commerce Before Capitalism in Europe, 1300-1600 Martha C. Howell,2010-04-12 Later generations have sometimes found such actions perplexing often dismissing them as evidence that business people of the late medieval and early modern worlds did not fully understand market rules Business and Buddhism Joan Marques,2015-03-12 Business and Buddhism explores alternative ways of leading in the aftermath of the Great Recession and the many stories of fraud and greed that emerged The book explores shifts in business perspectives as more value is placed on soft skills like emotional intelligence and listening and introduces the reader to the principles in Buddhist philosophy that can be applied in the workplace Buddhist practices are increasingly understood as spiritual rather than religious per se In fact Buddhism is alternately referred to as a philosophy or psychology In this book Marques explores the value of applying the positive psychology of Buddhism to work settings She outlines the ways in which it offers highly effective solutions to addressing important management and organizational behavior related issues but also flags up critical areas for caution For example Buddhism is non confrontational and promotes detachment How can business leaders negotiate these principles in light of the demands of modern day pressures The book includes end of chapter questions to promote reflection and critical thinking and examples of Buddhist leaders in action It will prove a captivating read for students of organizational behavior management leadership diversity and ethics as well as business consultants Spice and Wolf, Vol. 16 (light novel) Isuna Hasekura,2017-05-23 The introduction of a new currency in the town of Lesko has filled Lawrence with boundless optimism but his dreams come to a sudden and harsh end when two men from the Debau Company present him with a grim token Col's traveling bag With his young friend's safety threatened and the stability of the town suddenly in doubt Lawrence's plans to open a shop are dashed Separated from Holo yet again he finds himself a forced participant in a desperate scheme to reclaim the Debau Company from the nobility who now control it But when mercenary armies clash in the mountains what will become of Lawrence and Holo For good or ill the finale of their tale is at hand **Medieval Trade in the Mediterranean World** ,2001-09-18 This collection of merchant documents is essential reading for any student of economic developments in the Middle Ages who wishes to go beyond the level of textbook summaries Different aspects of economic life in the Mediterranean world are delineated in the light of a rich variety of articles and other contemporary writings drawn from Muslim and Christian sources From commercial contracts promissory notes and judicial acts to working manuals of practical geography and philology this volume of documents provides an unparalleled portrait of the world of medieval commerce
