Golden Deer:

The Golden Deer of Eurasia Joan Aruz, Ann Farkas, Elisabetta Valtz Fino, Metropolitan Museum of Art (New York, N.Y.), 2006 **The Golden Deer of Eurasia** Metropolitan Museum of Art (New York, N.Y.), 2000 Spectacular works of art were excavated between 1986 and 1990 from burial mounds at Filippovka in Russia on the border of Europe and Asia The objects were created from about the fifth to the fourth century B C by pastoral people who lived on the steppes near the southern Ural Mountains The large funerary deposits include wooden deerlike creatures with predatory mouths and elongated snouts and ears overlaid with sheets of gold and silver as well as gold attachments for wooden vessels and gold and silver luxury wares imported from Achaemenid Iran These treasures are now in the collection of the Archaeological Museum Ufa in the Russian republic of Bashkortostan The discoveries at Filippovka open a new chapter in the history of the material culture of the nomads who in the first millennium B C traversed the steppe corridor extending from the Black Sea region to China Yet the information provided by the Filippovka excavations is complicated and ambiguous The identity of the people represented by the finds remains uncertain but the forms and ornamentation of many works from Filippovka as well as the cemetery's location in the southern Urals argue for the cultural chronological designation of this material as Early Sarmatian Stylistic features however point also to the arts of Siberia Central Asia and China in the east and to the art of the Meotian Scythians in the west Imported Achaemenid goods raise questions about their place of production and about the circumstances that brought them to be included in tombs on the southern Ural steppes Finally robbers penetrated the burials in antiquity destroying much of the evidence necessary for understanding the Filippovka nomads religious and funerary practices These are among the issues addressed in this volume the catalogue for an exhibition at The Metropolitan Museum of Art that brings together the remarkable new material from Filippovka and from the incomparably rich collections of the State Hermitage Saint Petersburg related luxury objects found in graves of other Eurasian steppe tribes Gold and silver objects from the Scythian Black Sea tombs textiles and leather and wooden works from the Altai Mountains and gold and bronze pieces from the Caucasus Central Asia and Siberia illustrate developments in the art of the steppes in the centuries preceding the Filippovka burials in contemporary societies and in later centuries toward the turn of the first millennium B C These outstanding works not only place the Filippovka discoveries in their proper historical and cultural context but are themselves fascinating and enigmatic Herding the Wind Sindhunata, 2019-01-07 What is the meaning of a vast deep sea if love wishes to cross it and dive into it my friend sang Anila The monkeys all stopped their work to dance and answer Anila's riddle The sea will become a lake and love will become a pair of golden puppets on the water's surface The depth of the ocean will vanish the vastness of the sea will be crossed and the pair of golden puppets will bathe in the lake What is the meaning of two very distant lands if love wishes to unite them my friend asked Cucak Rawun The vast land will become but a handful of earth traversed by the wings of love Who else other than love can fly like a bolt of lightning Not just land but even

heaven can be crossed in just an instant if love flies with its wings answered the monkeys in response to Cucak Rawun s song What is the meaning of a high and mighty mountain if love wishes to destroy it my friend Kapi Menda sang loudly and melodiously The mountain will be razed to the ground and the lovers who were hiding on opposite sides of it will face each other Even though they had been yearning for each other when they were apart they will be shy when the mountain that had kept them apart collapses But as the power of the mountain crumbles their shyness will also crumble and they will embrace each other on the remains of the mountain that once separated them answered the monkeys Herding the Wind is a beautiful retelling from the great epic Ramayana This book tells the story about the journey of Rama and Sita their exile and pursuit of love Not only recites divine characters this book also tells about unique characters like Anoman and bajang child who bring hope and joy Since it was first published this book gained widely acceptance among readers *The Rāmāyaṇa of Vālmiki: An Epic of Ancient India, Volume III*, 2016-12-13 This is the third volume of a planned seven volume translation of India s most beloved and influential epic tale the Ramayana of Valmiki This third volume carries forward the narrative by following the exiled hero Rama his wife and his brother on their wanderings The book contains the narrative center of the epic the abduction of Sita by the demon king Ravana It provides a profound meditation on the paradox of the hero as both human and divine The present translation seeks to provide a readable and trustworthy English version of the poem It is accompanied by a full commentary elucidating the philological aesthetic and cultural problems of the text Extensive use is made in the annotations of the numerous commentaries on the Ramayana The substantial introduction to this volume aims to supply a historical context for an appreciation of the poem and a critical reading exploring the ideological components of the work The volumes of this work will present the entire Ramayana translated for the first time on the basis of the critical edition Oriental Institute Baroda *Teachings from the Ramayana on Family & Life* Shantanu Gupta, 2023-12-11 Every Indian is familiar with the Ramayana Shantanu Gupta s book will make every reader relate to it Bibek Debroy With the help of twenty five stories from the Ramayana this book offers essential life lessons for a happy family life Throwing light on challenging real life scenarios that often perplex us Teachings from the Ramayana offers simple ways to negotiate those challenges From how to effectively deal with negative company to the value of meaningful friendship and the importance of a good guide this book is packed with ideas drawn from the great epic that you can put to use in your day to day life Through this personal engagement with the Ramayana you can find solutions to life s many problems This interactive edition which includes sections for readers to take notes in and reflect on their reading experience offers a set of thought provoking questions after each life lesson for the whole family to ponder on as well as reflection exercises to revise and rehearse the lessons Delightful interactive and practical this is a must read **Critical Perspectives on Literature and Culture in the New World Order** Washima Che Dan, Jason Sanjeev Ganesan, Noritah Omar, 2012-11-15 The fifteen chapters in this volume explore both new and tested theoretical perspectives on literature and culture at large this multiplicity of discourses is a reflection of the

implicit discontent in conforming to the New World Order and a contestation against hierarchical relationships between countries which inform the social cultural and political climates of weaker nations With the political and economic hegemony of stronger nations weaker nations run the risk of being dominated or at the very least having their own national identity and sovereignty steeped in ambivalence in the face of a globalised culture This volume hopes to bring together critical views in relation to the construction of cultural studies in the Western framework the application of literary theory in the readings of vernacular literature contestation of the mainstream scientific methodology of cultural evaluation the role of English literature in Asian cultures the application of postcolonial theory in literature literary ethics in relation to Islamic literature as well as the Islamic and Western conceptions of democracy More than half of the articles in this collection centre on Islam as a guiding principle or as a context through which critical perspectives are made on literature and culture in today's globalised world order This inadvertent foregrounding of Islam reflects a continuing dialogue on and with Islam and its significant impact on existing academic discourses founded upon Western style scholarship

Colonial Visions, Postcolonial Revisions Shanthini Pillai, 2008-12-18 This book offers reflections of the representations of the Indian diaspora of Malaysia according to two spectrums colonial and postcolonial It takes seed from the belief that any engagement with the Indian diasporic experience in Malaysia must take into account the role of the pioneer Indian immigrants who carved the niche of existence for the overseas Indian on Malayan soil It begins by tracing their presence within the terrain of colonial narratives to uncover not only the ways in which they were subordinated to colonial ideological discourses but also and more significantly the suppressed story of coolie resistance that lies under the weight of such masks of conquest It then moves on to show how postcolonial revisioning is able to reconstruct the Indian

immigrants of Malaya as choreographers of the diasporic identity that they have left as the most significant legacy for contemporary Malaysian Indians This book ultimately reveals the politics of Malaysian Indian identity from colonised to globalised grounds and the ways in which the subaltern spaces of the former can be reclaimed and reterritorialised in the latter

When the Buddha Was an Elephant Mark W. McGinnis, 2015-12-01
The Buddhist Jataka tales are simple lessons in living with honesty, wisdom, and compassion that contain the power to transform the hearts and minds of those who hear them. They are stories of the Buddha's past lives in such forms as a boar, a parrot, a monkey, or a peacock that have enchanted children and adults for millennia. Their animal characters powerfully and sometimes humorously demonstrate the virtues and foibles to which we humans are prone, and they point the way to more enlightened ways of living. Mark McGinnis retells the Jatakas in poetic and accessible language, rendering the Buddhist teachings they contain abundantly clear. Each tale is brought to life by Mark's full-color illustration, making the book a visually stunning entrance to this edifying and highly entertaining literary tradition.
