## Golden On Cracow:

**Dust Off the Gold Medal** Sara L. Schwebel, Jocelyn Van Tuyl, 2021-08-23 The oldest and most prestigious children's literature award the Newbery Medal has since 1922 been granted annually by the American Library Association to the children's book it deems most distinguished Medal books enjoy an outsized influence on American children's literature figuring perennially on publishers lists on library and bookstore shelves and in school curricula As such they offer a compelling window into the history of US children's literature and publishing as well as into changing societal attitudes about which books are best for America's schoolchildren Yet literary scholars have disproportionately ignored the Medal winners in their research This volume provides a critically and historically grounded scholarly analysis of representative but understudied Newbery Medal books from the 1920s through the 2010s interrogating the disjunction between the books omnipresence and influence on the one hand and the critical silence surrounding them on the other Dust Off the Gold Medal makes a case for closing these scholarly gaps by revealing neglected texts insights into the politics of children's literature prize and by demonstrating how neglected titles illuminate critical debates currently central to the field of children's literature In particular the essays shed light on the hidden elements of diversity apparent in the neglected Newbery canon while illustrating how the books respond sometimes in quite subtle ways to contemporaneous concerns around race class gender disability nationalism and globalism

*The Europa Year-book* Michael S. Farbman, Ramsay Muir, Hugh F. Spender, 1926     *The Artists Year Book*, 1905     **Parliamentary Papers** Queensland. Parliament. Legislative Assembly, 1972     *The Oxford History of Poland-Lithuania* Robert I. Frost, 2018-07-16 The history of eastern Europe is dominated by the story of the rise of the Russian empire yet Russia only emerged as a major power after 1700 For 300 years the greatest power in Eastern Europe was the union between the kingdom of Poland and the grand duchy of Lithuania one of the longest lasting political unions in European history Yet because it ended in the late eighteenth century in what are misleadingly termed the Partitions of Poland it barely features in standard accounts of European history The Making of the Polish Lithuanian Union 1385-1569 tells the story of the formation of a consensual decentralised multinational and religiously plural state built from below as much as above that was founded by peaceful negotiation not war and conquest From its inception in 1385 a vision of political union was developed that proved attractive to Poles Lithuanians Ruthenians and Germans a union which was extended to include Prussia in the 1450s and Livonia in the 1560s Despite the often bitter disagreements over the nature of the union these were nevertheless overcome by a republican vision of a union of peoples in one political community of citizens under an elected monarch Robert Frost challenges interpretations of the union informed by the idea that the emergence of the sovereign nation state represents the essence of political modernity and presents the Polish Lithuanian union as a case study of a composite state The modern history of Poland Lithuania Ukraine and Belarus cannot be understood without an understanding of the legacy of the Polish Lithuanian union This volume is the first detailed

study of the making of that union ever published in English     Golden Fleece Robert C. Williams, 2024-08-20 The Voynich Manuscript resides in a library at Yale University in New Haven Connecticut No one can read the manuscript break its cipher or identify its provenance Nothing like it exists No one mentions it until 1912 Why Golden Fleece tells the story of London antiques dealer Wilfred Voynich his relations with British intelligence and the provenance of his 1912 cipher In this book author Robert C Williams posits that Voynich s manuscript was not an early modern find but a modern creation by Voynich himself and others using materials acquired from an antiques warehouse in Florence Italy The tale of Voynich and his manuscript suggests a modern hoax comparable to Piltdown Man that combines history espionage revolution and cryptography About the Author Robert C Williams is a retired Russian historian who has taught history at Williams and Davidson College and Washington University in St Louis He has also served on the boards of Agnes Scott College and Wesleyan University and is a co founder of History Associates Incorporated He has a special interest in choral and barbershop singing and his family camp on Kezar Lake in Maine He and his wife Ann married in 1960 and have three children and four grandchildren He is the author or co author of eighteen books one of which Russian Art and American Money 1900 1940 was nominated by Harvard University Press for the Pulitzer Prize     **The Artists Year Book** Arthur Nicholas Hosking, 1905     **Travel Magazine** , 1914     Art in Poland, 1572-1764 Jan K.
