Golden Age Of Louis Ferdinand Celine:

The Golden Age of Louis-Ferdinand Céline Nicholas Hewitt, 1987-06-26 Ch 5 pp 148 201 Antisemitism and the Ghost of Drumont deals with Celine's three antisemitic pamphlets *Bagatelles pour un massacre* 1937 *Le cycle des cadavres* 1938 *Les beaux draps* 1940 Celine claimed that the Jews controlled France through international finance and would eventually dominate the world He quoted liberally from the Protocols of the Elders of Zion supported the racial theories of Hitler and encouraged violence against Jews

Understanding Céline Philip H. Solomon, 1992 Solomon examines the principal themes and structures of the novels of French writer Louis Ferdinand Celine taking into account his theatre anti-Semitic pamphlets and critical works A biographical introduction and a chronology note the historical and private events that shaped the author's life and influenced his development as a writer An overview of Celine's writings explores the author's vision of the human condition and his perception of the redemptive value of the work of art by which the disorder of life is resolved by the order of writing Emphasis is placed on the self-reflective nature of Celine's fiction particularly on the function of the mythologized head wound to express the transition between autobiography and fiction Each of the volume's principal chapters is devoted to an individual novel or closely related group of novels considered in chronological order A brief plot summary and indication of the work's particular relevance for the reader precedes the analysis of the text Each work from *Journey to the End of the Night* to *Rigadoon* is considered not only with respect to its intrinsic interest but also in terms of its describing a phase in the apprenticeship of life that Celine's picaresque protagonist undergoes as he is progressively stripped of his illusions and comes to resemble the narrator more closely

Louis-Ferdinand Céline Damian Catani, 2021-10-13 The first English language biography in more than two decades of the French writer one of the great novelists of the twentieth century Louis Ferdinand Celine was one of the most innovative novelists of the twentieth century and his influence both in his native France and beyond remains huge This book sheds light on Celine's groundbreaking novels which drew extensively on his complex life he rose from humble beginnings to worldwide literary fame then dramatically fell from grace only to return belatedly to the limelight Celine's subversive writing remains fresh and urgent today despite his controversial political views and inflammatory pamphlets that threatened to ruin his reputation The first English language biography of Celine in more than two decades this book explores new material and reminds us why the author belongs in the pantheon of modern greats

The Cambridge Introduction to French Literature Brian Nelson, 2015-06-05 In this highly accessible introduction Brian Nelson provides an overview of French literature its themes and forms traditions and transformations from the Middle Ages to the present Major writers including Francophone authors writing from areas other than France are discussed chronologically in the context of their times to provide a sense of the development of the French literary tradition and the strengths of some of the most influential writers within it Nelson offers close readings of exemplary passages from key works presented in English translation and with the original French The exploration of the work of

important writers including Villon Racine Moli re Voltaire Balzac Flaubert Zola Proust Sartre and Beckett highlights the richness and diversity of French literature Céline and the Politics of Difference Rosemarie Scullion, Philip H. Solomon, Thomas C. Spear, 1994-12-31 Eleven scholars provide a new interpretation of Celine s work and its underlying historical cultural and political matrix *Sociological Amnesia* Alex Law, Eric Royal Lybeck, 2016-03-03 The history of sociology overwhelmingly focuses on the winners from the classical canon Marx Durkheim and Weber to today s most celebrated sociologists This book strikingly demonstrates that restricting sociology in this way impoverishes it as a form of historically reflexive knowledge and obscures the processes and struggles of sociology s own making as a form of disciplinary knowledge Sociological Amnesia focuses on singular contributions to sociology that were once considered central to the discipline but are today largely neglected Chapters explore the work of illustrious predecessors such as Raymond Aron Erich Fromm and G D H Cole as well as examining exceptional cases of reputational revival as in the case of Norbert Elias or Gabriel Tarde Through understanding the obstacles of recognition faced by female sociologists like Viola Klein and Olive Schreiner and public intellectuals like Cornelius Castoriadis the volume considers the reasons why certain kinds of sociology are hailed as central to the discipline whilst others are forgotten In so doing the collection offers fresh insights into not only the work of individual sociologists but also into the discipline of sociology itself its trajectories forgotten promises and dead ends Passage through Hell David L. Pike, 2018-09-05 Taking the culturally resonant motif of the descent to the underworld as his guiding thread David L Pike traces the interplay between myth and history in medieval and modernist literature Passage through Hell suggests new approaches to the practice of comparative literature and a possible escape from the current morass of competing critical schools and ideologies Pike s readings of Louis Ferdinand Celine and Walter Benjamin reveal the tensions at work in the modern appropriation of structures derived from ancient and medieval descents His book shows how these structures were redefined in modernism and persist in contemporary critical practice In order to recover the historical corpus of modernism he asserts it is necessary to acknowledge the attraction that medieval forms and motifs held for modernist literature and theory By pairing the writings of the postwar German dramatist and novelist Peter Weiss with Dante s Commedia and Christine de Pizan with Virginia Woolf Pike argues for a new level of complexity in the relation between medieval and modern poetics Pike s supple and persuasive reading of the Commedia resituates that text within the contradictions of medieval tradition He contends that the Dantean allegory of conversion altered to suit the exigencies of modernism maintains its hold over current literature and theory The postwar writers Pike treats Weiss Seamus Heaney and Derek Walcott exemplify alternate strategies for negotiating the legacy of modernism The passage through hell emerges as a way of disentangling images of the past from their interpretation in the present *France: The Dark Years, 1940-1944* Julian Jackson, 2003-03-05 The French call them the Dark Years This definitive new history of Occupied France explores the myths and realities of four of the most divisive years in French history Taking in ordinary people s experiences

of defeat collaboration resistance and liberation it uncovers the conflicting memories of occupation which ensure that even today France continues to debate the legacy of the Vichy years

The Medieval Presence in Modernist Literature

Jonathan Ulliot, 2016 This book rethinks the influence that early medieval studies and Grail narratives had on modernist literature Through examining several canonical works from Henry James *The Golden Bowl* to Samuel Beckett's *Molloy* Ulliot argues that these texts serve as a continuation of the Grail legend inspired by medieval scholarship

Bitter Carnival

Michael André Bernstein, 1992-03-17 You people put importance on your lives Well my life has never been important to anyone I haven't got any guilt about anything bragged the mass murderer Charles Manson These children that come at you with knives they are your children You taught them I didn't teach them They are running in the streets and they are coming right at you When a real murderer accuses the society he has brutalized we are shocked but we are thrilled by the same accusations when they are mouthed by a fictional rebel outlaw or monster In *Bitter Carnival* Michael Andr Bernstein explores this contradiction and defines a new figure the Abject Hero Standing at the junction of contestation and conformity the Abject Hero occupies the logically impossible space created by the intersection of the satanic and the servile Bernstein shows that we heroicize the Abject Hero because he represents a convention that has become a staple of our common mythology as seductive in mass culture as it is in high art Moving from an examination of classical Latin satire through radically new analyses of Diderot Dostoevsky and Cline and culminating in the courtroom testimony of Charles Manson *Bitter Carnival* offers a revisionist rereading of the entire tradition of the Saturnalian dialogue between masters and slaves monarchs and fools philosophers and madmen citizens and malcontents It contests the supposedly regenerative power of the carnivalesque and challenges the pieties of utopian radicalism fashionable in contemporary academic thinking The clarity of its argument and literary style compel us to confront a powerful dilemma that engages some of the most central issues in literary studies ethics cultural history and critical theory today

Capitalism and Schizophrenia in the Later Novels of

Louis-Ferdinand Céline Greg Hainge, 2001 Re-examining the works of France's most controversial of literary figures this book contends that Louis Ferdinand Céline's pronouncements on the importance of style must be taken seriously if an understanding of those works is to be reached *Capitalism and Schizophrenia in the Later Novels of Louis Ferdinand Céline* provides a major reconsideration of the greater part of the oeuvre of this too often neglected author Leaving behind the symbolic capital that the name Céline accrued during the Second World War this study looks at the works written around and after this period in order to understand the importance of their revolutionary aesthetic not only for their genesis but also for their very content The approach taken is unashamedly theoretical which allows this study to provide insights not only into the works of Céline but also into those of the French thinkers Deleuze and Guattari whose thought it is argued here can only be apprehended through application

The Cambridge Companion to Modern French Culture

Nicholas Hewitt, 2003-09-11 France entered the twentieth century as a powerful European and colonial nation In the course of the

century her role changed dramatically in the first fifty years two World Wars and economic decline removed its status as a world power whilst the immediate post war era was marked by wars of independence in its colonies Yet at the same time in the second half of the century France entered a period of unprecedented growth and social transformation Throughout the century and into the new millennium France retained its former international reputation as a centre for cultural excellence and innovation and its culture together with that of the Francophone world reflected the increased richness and diversity of the period This 2003 Companion explores this vibrant culture and includes chapters on history language literature thought theatre architecture visual culture film and music and discuss the contributions of popular culture Francophone culture minorities and women *The Landscapes of Alienation* Jack Murray,1991-06-01 **European Gothic** Avril

Horner,2017-06-01 The only collection to concentrate on the European Gothic writing in English French German Russian and Spanish Charts the rich process of cross fertilisation especially regarding Anglo French exchanges in the development of the Gothic novel Emphasises the importance of the impact of translation on the development of the Gothic novel Uses a variety of critical perspectives to reassess the work of authors such as Clara Reeve Sophia Lee Charlotte Smith Ann Radcliffe Matthew Lewis Charles Maturin Coleridge Mary Shelley Jan Potocki Balzac Dostoevsky Gaston Leroux and Djuna Barnes Offers a fresh way of thinking about Gothic lineages and histories *Facing Armageddon* Hugh Cecil,Peter Liddle,2003-04-01 Facing

Armageddon is the first scholarly work on the 1914 18 War to explore on a world wide basis the real nature of the participants experience Sixty four scholars from all over the globe deliver the fruits of recent research in what civilians and servicemen passed through in the air on the sea and on land **Historical Dictionary of French Literature** John Flower,2013-01-17 Almost all of us know French literature even if we don t know French because it is probably the second largest and certainly the most translated into English And even if we don t read we would have seen film and television versions think Count of Monte Cristo and even a musical rendition Les Mis So this is a particularly interesting volume in the literature series since it covers French literature from the earliest times to the present It is also a particularly rich literature espousing ever genre from poetry to novel to biography to drama and adopting every style including realism and surrealism and expressing the views of all classes and political stands with recently strong feminist and gay strains Obviously the core dictionary section includes among its panoply of often substantial and detailed entries hundreds of authors dozens of significant works the various styles mentioned above and many others events that have impacted literature such as the Dreyfus Affair and the Algerian War and literary prizes The chronology manages to cover about 1 200 years of literary output And the introduction sets it all out neatly from one historical and literary period to the next The bibliography broken down by period and author directs us to further reading in both French and English **The Culture of Reconstruction** Nicholas

Hewitt,1989-01-31 *France and the Mass Media* Nicholas Hewitt,Brian Rigby,1991-09-12 In this volume specialists from Britain and France adopt a fresh approach to the study of French culture since 1945 by focusing on the mass media and on a

whole range of popular cultural forms As well as introducing English speaking readers to such new fields as French radio television science fiction and popular song this volume also highlights how the French themselves responded to the growing importance of the mass media in postwar France

Discursive Geographies / Géographies discursives ,2005-01-01 The present collection of essays follows in the wake of recent work in cultural geography challenging the idea that maps are scientifically neutral entities or that space unlike time is immobile In defining space place and geography as forms of textuality the essays collected in this volume examine the ways in which postcolonial and metropolitan literary and filmic texts in French can at once inscribe and produce place and space and thereby participate in forms of discursive geographies Contributors Fran ois Bon Alexandre Dauge Roth Habiba Deming Zakaria Fatih Jeanne Garane Patricia Geesey Greg Hainge Sir ne Harb Jean Luc Joly Chantal Kalisa Michel Laronde Val rie Loichot Mary McCullough Michael O Riley Pascale Perraudin Walter Putnam Antoine St phani Abdourahman A Waberi
