**A Golden Basin Full of Scorpions** Con Coughlin,1998-02      [A Golden Basin Full of Scorpions](#) Con Coughlin,1998  
According to the 10th century Arab chronicler Mukadissi Jerusalem is a golden basin full of scorpions and this account of the city attests to that view In the 2000 years since Jerusalem was founded Christians Persians and Turks have raised their standard above its walls but it was only in 1994 after the peace accord between the PLO and the Israeli government that the Palestinian flag was seen there It was greeted with horror by Israelis who after suffering nearly 2000 years in exile regard the city as the eternal and indivisible capital of the Jewish people      [The Destruction of Memory](#) Robert Bevan,2007-04-20  
Crumbled shells of mosques in Iraq the bombing of British cathedrals in World War II the fall of the World Trade Center towers on September 11 when architectural totems such as these are destroyed by conflicts and the ravages of war more than mere buildings are at stake The Destruction of Memory reveals the extent to which a nation weds itself to its landscape Robert Bevan argues that such destruction not only shatters a nation s culture and morale but is also a deliberate act of eradicating a culture s memory and ultimately its existence Bevan combs through world history to highlight a range of wars and conflicts in which the destruction of architecture was pivotal From Cortez s razing of Aztec cities to the carpet bombings of Dresden and Tokyo in World War II to the war in the former Yugoslavia The Destruction of Memory exposes the cultural war that rages behind architectural annihilation revealing that in this subliminal assault lies the complex aim of exterminating a people He provocatively argues for the fatally intertwined experience of genocide and cultural genocide ultimately proposing the elevation of cultural genocide to a crime punishable by international law In an age in which Frank Gehry I M Pei and Frank Lloyd Wright are revered and yet museums and temples of priceless value are destroyed in wars around the world Bevan challenges the notion of collateral damage arguing that it is in fact a deliberate act of war      [The Byzantine-Islamic Transition in Palestine](#) Gideon Avni,2014 Using recent archaeological findings Avni addresses the transformation of local societies in Palestine and Jordan between the sixth and eleventh centuries AD arguing that the Byzantine Islamic transition was a much slower and gradual process than previously thought      **The ^ASolace of Fierce Landscapes** Belden C. Lane,2007-02-26 In the tradition of Kathleen Norris Terry Tempest Williams and Thomas Merton The Solace of Fierce Landscapes explores the impulse that has drawn seekers into the wilderness for centuries and offers eloquent testimony to the healing power of mountain silence and desert indifference      **War on Terror** Grant R. their best to keep their country at peace So much so that a profile of Mrs Assad in American Vogue was headlined The Rose in the Desert Shortly after it appeared Syria descended into the horrific civil war that has seen its cities reduced to rubble and thousands murdered and displaced a civil war that is still raging over a decade later In this vivid and authoritative account Con Coughlin draws together all the strands of Assad s remarkable story revealing precisely how a young doctor ensured not only that he inherited the presidency from his father but held on to power to preside over one of the most brutal regimes of modern times □□ □□ □□ □□ □□,2016-11-08 **Through Middle Eastern Eyes** Michael Parker,2024-02-26 Kenneth E Bailey was both a missionary and a New Testament scholar As a missionary first in Egypt and later in Lebanon Israel Palestine and Cyprus he experienced firsthand the life of traditional Middle Eastern villagers which led him to the conclusion that the village culture he witnessed in the twentieth century had hardly changed since the first century Consequently he was able to reinterpret Jesus s parables and life experiences through this traditional culture In a remarkable series of acclaimed books which include The Cross and the Prodigal Jacob and the Prodigal and Jesus through Middle Eastern Eyes Bailey showed that Jesus was the first mind of the New Testament who used story and metaphor to challenge the leaders of his day in ways often unappreciated by contemporary readers This biography explains the origins of Bailey s key ideas and recounts his often fraught missionary career one that included the austere and the sometimes harsh life in the simple villages of Upper Egypt the perils of life in Beirut during the Lebanese Civil War 1975 1990 and being evacuated four times during the military conflicts in the region that made possible his groundbreaking insights into the New Testament
